

REGIONAL FLOOD CONTROL DISTRICT

NOTICE OF PUBLIC MEETING

CLARK COUNTY REGIONAL FLOOD CONTROL DISTRICT
CITIZENS ADVISORY COMMITTEE

MAY 28, 2020
(REPLACES THE JUNE 1, 2020 MEETING)

3:00 P.M.

This is a period devoted to comments by the general public about items on this agenda. On March 22, 2020, the State of Nevada Executive Department issued Declaration of Emergency Directive 006, which suspends the requirement contained in Nevada Revised Statute (NRS) 241.023(1)(b) that there be a physical location designated for meetings of public bodies where the public can attend and participate. Subsequent Emergency Directives 010, 016 and 018 have extended Emergency Directive 006 to May 30, 2020. Pursuant to Directive 006 and subsequent directives, the Clark County Regional Flood Control District will not provide a physical location for the public to attend the meeting of the Clark County Regional Flood Control District Citizens Advisory Committee on May 28, 2020.

The meeting of the Clark County Regional Flood Control District Citizens Advisory Committee will be available to livestream at the following link <https://www.ccrfcd.org/stream.htm>.

Additionally, the Regional Flood Control District encourages citizen participation at its public meetings and will be accepting public comment via email. **Public comments relating to the Regional Flood Control District's Citizens Advisory Committee may be submitted via email to publiccomment@regionalflood.org.** Please make sure to include your name and the agenda item number you wish to comment on. Also, please indicate if you would like your comment read on the record as part of the record or just added to the backup for the record. Only the first 500 words of comments submitted to be read into the record will be read aloud. The remaining words will be included in the written record.

This agenda, including the supporting materials, is available at the Regional Flood Control District's website, <http://www.ccrfcd.org>; or by contacting Deanna Hughes through mail at 600 South Grand Central Parkway, Suite 300 Las Vegas, Nevada 89106, by calling (702) 685-0041, or by email at DHughes@regionalflood.org.

In accordance with the State of Nevada Executive Department's Declaration of Emergency, Directive 006, and subsequent Directives, which includes exceptions to Open Meeting Law, it is hereby noted that this meeting agenda has been properly noticed and posted at the following locations:

I. Call to Order

Mr. Ronald Newell, Chair, Clark County, called the meeting to order at 3:00 p.m., through the virtual hosted meeting on <https://www.ccrfcd.org/stream.htm>.

1. Comments By the General Public

Mr. Parrish read into the record there was no response to the call for Comments by the General Public submitted via email to publiccomment@regionalflood.org.

2. Action to approve the agenda with deletion of any items (*For possible action*)

Staff recommends approval of the agenda.

Mr. Schultz moved to follow staff recommendation.

**9 AYES – 0 NAYS – 1 Abstention (Houts)
Motion Carried**

3. Action to approve the minutes of the March 2, 2020 meeting (*For possible action*)

Staff recommends approval of the March 2, 2020 meeting minutes.

Mr. Newell moved to follow staff recommendation.

**9 AYES – 0 NAYS – 1 Abstention (Houts)
Motion Carried**

II. Administration

4. Action to accept the financial reports (*For possible action*)

Mr. Parrish stated the reports are in the backup but the District received updated sales tax information. The Districts February Sales Tax receipts were \$8.4 million or 1.7% over the estimate.

Mr. Schultz mentioned he noticed there was a downward projection for the upcoming budget year. Mr. Parrish replied this was more relevant to agenda item #6 and should be discussed with that item.

Staff recommends approval.

Mr. Newell moved to follow staff recommendation.

**9 AYES – 0 NAYS – 1 Abstention (Houts)
Motion Carried**

5. Action to adopt amendments to the Ten-Year Construction Program (*For possible action*)

Mr. Parrish stated these are amendments to the Ten-Year Construction Program with fiscal impacts that will occur later in the agenda.

Staff recommends approval.

Mr. Starmer moved to follow staff recommendation.

**9 AYES – 0 NAYS – 1 Abstention (Houts)
Motion Carried**

6. Discussion and possible action to approve the Prioritization of Projects, Ten-Year Construction Program and Fiscal Year 2020-2021 Project List

Mr. Parrish stated this was a reminder for all the entities to submit drafts for the development of the project prioritization of the Ten-Year Construction Program. These drafts will be compiled into one document and the finalized program will be

presented at the next Citizens Advisory Committee Meeting and at the June Board Meeting.

Mr. Schultz asked if the downward projection for sales tax revenue is adequate given the current economic situation in the state and are there offsetting measures to counteract the deflation. Mr. Parrish replied the District will continue to monitor sales tax revenue and adjust monthly. Mr. Schultz asked if the assumptions take into consideration the pandemic. Mr. Parrish said the District evaluates the current economic position and how things are trending. The revised downward inflation reflects the anticipated drop in construction costs, similar to the environment in 2008.

Mr. Uehling mentioned he did not think the 9.5% decrease was reasonable in which Mr. Parrish replied it was a timing issue. He said we are unsure what March collections would be, but if we took into consideration the increase we have already realized this year of 4.5%, coupled with the additional decrease of 9.5% in sales tax revenue, we should be good. Mr. Parrish mentioned this is a projection based on information provided by our financial advisors.

Mr. Jordano asked if funding can be adjusted based on actual revenues received. Mr. Parrish replied we are not sure what the impact will be at this time but do have the ability to adjust. Additionally, he mentioned the District has \$85 million in bond authority that could be issued for a backlog of projects.

No Action Required.

7. Action to accept a presentation and approve and authorize the General Manager to sign an interlocal agreement between the Southern Nevada Water Authority and the District to fund the development of a Site-Specific Criteria for Selenium in the Las Vegas Wash (*For possible action*):

Mr. Parrish stated the District will receive \$100,000 from the Southern Nevada Water Authority.

Mr. Tennert, Environmental Mitigation Manager gave a presentation.

Mr. Uehling asked if there was any danger to the quality of the water we are drinking. Mr. Tennert replied no, there is no danger. Mr. Houts mentioned his past career was in selenium removal and offered his assistance if it is needed for the project.

Staff recommends approval.

Mr. Schultz moved to follow staff recommendation to accept the presentation and approve and authorize the General Manager to sign an interlocal agreement between the Southern Nevada Water Authority and the District.

**9 AYES – 0 NAYS – 1 Abstention (Houts)
Motion Carried**

8. Action to approve and authorize the Chair to sign a Memorandum of Agreement between the National Weather Service (NWS) and the Regional Flood Control District for retrieval of data necessary and essential for the accurate and timely issuances of flash flood and severe thunderstorm warnings for the citizens of Clark County (*For possible action*):

Mr. Parrish stated years ago the District entered into an Agreement with the National Weather Service to allow us to install a base station at their office. This base station is a backup to our system in our building should a catastrophic event take place. This backup can be immediately accessed by the NWS and is available to the District. The previous agreement to provide Equipment Software Support and access to the system expired. This agreement extends the previous agreement.

Staff recommends approval.

Mr. Uehling moved to follow staff recommendation.

**9 AYES – 0 NAYS – 1 Abstention (Houts)
Motion Carried**

III. Design and Construction

9. Duck Creek – Jones Boulevard Storm Drain – Clark County (*For possible action*):
 - a. Action to accept the project presentation

Mr. Ryan Belsick, P.E., Clark County Public Works gave a presentation.

Mr. Schultz asked if there were any foreseeable design risks. Mr. Belsick replied there are several utilities in this area, but they coordinate with other entities and adjacent developers.

Mr. Uehling asked if there was any consideration to charge developers rather than putting the cost burden on taxpayers. Mr. Parrish replied this project is being developed to accommodate existing flows and depending on the impact of each development, sometimes it is the responsibility of the

developers to pay for the projects. In this case it is protecting existing developments downstream.

Staff recommends acceptance of the project presentation.

Mr. Lastofka moved to follow staff recommendation.

**8 AYES – 0 NAYS – 2 Abstention (Houts, Jordano)
Motion Carried**

- b. Action to approve the interlocal contract for construction

Mr. Parrish stated this is an interlocal contract in the amount of \$3,650,769 for the construction, construction management and entity construction labor costs for this project. There are sufficient funds to support this request.

Mr. Schultz asked if the District has the ability to slow or remove approved funding from a project. Mr. Parrish replied historically when projects are approved, funding is available and not contingent on future funding. Mr. Figgins noted we do not generally include clauses in our contracts to slow down funding if adequate funds are available.

Staff recommends approval of item 9b.

Mr. Newell moved to follow staff recommendation.

**8 AYES – 0 NAYS – 2 Abstention (Houts, Jordano)
Motion Carried**

10. Flamingo – Boulder Highway North, Charleston – Boulder Hwy to Maryland Pkwy and Maryland Pkwy System – City of Las Vegas (*For possible action*):

Mr. Parrish noted there is an ID Mile missing from the contract FLBN0280. This ID Mile will be added to the final contract being presented to Board in May for approval.

- a. Action to accept the project presentation

Mr. Matt Baird, P.E., Atkins North America, Inc., gave a presentation.

Mr. Lastofka asked if the congestion in this area to build the project was typical. Mr. Baird replied this project was about twice as congested as usual.

Mr. Schultz asked if there were any foreseeable concerns with the design of this project. Mr. Baird said we are trying to avoid existing utilities and considered this in design. To mitigate potential problems over 300 test holes were done to determine how to best avoid these as well as field surveyor testing completed. Mr. Schultz inquired if all of this data was documented, in which Mr. Baird replied yes.

Mr. Uehling stated this is a well-developed area and asked why there were no storm drains in this area. Mr. Baird responded there are several existing storm drains through the project limits but are not large enough for a 100-year storm event. He mentioned this is a problem area for flooding for significant rain events.

Staff recommends acceptance of the project presentation.

Mr. Starmer moved to follow staff recommendation.

**8 AYES – 0 NAYS – 2 Abstention (Desai, Houts)
Motion Carried**

- b. Action to approve the interlocal contract for construction

Mr. Parrish stated this is an interlocal contract in the amount of \$41,028,829 for the construction, construction management and entity construction labor costs for this project. There are sufficient funds to support this request.

Staff recommends approval of item 10b.

Mr. Newell moved to follow staff recommendation.

**8 AYES – 0 NAYS – 2 Abstention (Desai, Houts)
Motion Carried**

IV. Other Items – For Information Only

- 11. Receive a report on previous items submitted that were heard and approved by the Board of Directors on April 9, 2020:
 - a. Receive the Quarterly Project Status Reports: reporting period November 2019 through January 2020
 - b. FY 2019-2020 – First Supplemental Interlocal Contract for maintenance to increase funding – City of Henderson

- c. Second Supplemental Interlocal Contract: Flamingo – Boulder Highway North, Charleston – Main Street to Maryland Parkway – extend the project completion date and add a line item for entity design labor costs – City of Las Vegas
- d. Third Supplemental Interlocal Contract: Centennial Parkway Channel West – US95, CC215 to Grand Teton and US95 Crossing at Kyle Canyon Road – extend the project completion date and add a line item for entity construction labor costs – City of Las Vegas
- e. Second Supplemental Interlocal Contract: Gowan North – El Capitan Branch, Ann Road to Centennial Parkway – extend the project completion date and add a line item for entity design labor costs – City of Las Vegas
- f. Third Supplemental Interlocal Contract: Flamingo – Boulder Highway North, Charleston – Boulder Hwy to Maryland Parkway and Maryland Parkway System – increase funding and add a line item for entity design labor costs – City of Las Vegas
- g. Project Presentation: Duck Creek Haven Street Storm Drain – Clark County
- h. Original Interlocal Contract: Duck Creek Haven Street Storm Drain – Clark County

Mr. Parrish stated because the District cancelled the March Technical Advisory Meeting because of the pandemic these items did move forward to the April Board of Directors meeting and were approved. Most of the items were routine, with the exception of Item 11b, 11g and 11h. Item 11b was a Supplemental Interlocal Contract for the City of Henderson for the Annual Maintenance Program providing an increase in funding of \$1.6 million to repair facilities. Item 11g and 11h were the contracts for Duck Creek Haven Street Storm Drain in Clark County.

Mr. Lastofka asked why two of the Boulder City Hemenway System projects show 99% complete and one shows 0% completed on the CAC Project Status Report handout. Mr. Parrish mentioned the first two projects are essentially complete and the Hemenway System, Phase IIB project has not started construction.

Mr. Lastofka asked if there was already money in the bank for the projects in which Mr. Parrish replied yes.

No Action Required.

12. **Comments By the General Public**

Mr. Parrish read into the record there was no response to the call for Comments by the General Public submitted via email to publiccomment@regionalflood.org.

ADJOURNMENT

The meeting adjourned at 4:17 p.m.

**NOTE: The next scheduled Citizens Advisory Committee meeting is on Monday, June 1, 2020

AGENDA ITEM

SUBJECT:

INTERLOCAL AGREEMENT WITH THE CITY OF LAS VEGAS, KCLV-CHANNEL 2

PETITIONER:

STEVEN C. PARRISH, P.E., GENERAL MANAGER/CHIEF ENGINEER

RECOMMENDATION OF PETITIONER:

APPROVE A NEW INTERLOCAL AGREEMENT WITH KCLV-CHANNEL 2 FOR THE TERM OF JULY 1, 2020 THROUGH JUNE 30, 2021 AND AUTHORIZE FUNDING IN THE AMOUNT OF \$89,900 FOR VIDEO TAPING NINE FEATURES AND EDITING THREE FLOOD CHANNEL TELEVISION SHOWS (FOR POSSIBLE ACTION)

FISCAL IMPACT: \$89,900 – Fiscal Year 2020-21

BACKGROUND:

The District has had a longstanding working relationship the City of Las Vegas, KCLV-Channel 2, to provide videotaping and editing of The Flood Channel television program that airs on government access cable stations. This is a new Interlocal Agreement reflecting the District's needs for more frequent use of video in shorter formats. This new Agreement allows the District to produce 10 minutes of video content for internal uses nine times a year and produce a full 30-minute show for broadcast three times a year.

KCLV-TV2 will perform the following services for the District:

- video tape and edit nine (9) months of content and produce three (3) television shows;
- store the District's video tape library;
- coordinate with the District for show production and direction, scheduling videographer and editing equipment; and
- provide supplemental services which may include videotaping of storm and/or special events.

Recommendation:

INTERLOCAL AGREEMENT FOR VIDEO PRODUCTION SERVICES

THIS INTERLOCAL AGREEMENT FOR VIDEO PRODUCTION SERVICES (“Agreement”) is entered into this 1st day of July, 2020, by and between the CLARK COUNTY REGIONAL FLOOD CONTROL DISTRICT (the “District”) and CITY OF LAS VEGAS (“KCLV” referring to KCLV- Channel 2).

RECITALS

WHEREAS, the District desires to obtain the services of KCLV to provide required television production services, all as more specifically described below;

WHEREAS, the District’s Board of Directors’ (“the Board”), intent is to annually produce three (3) new television programs plus nine (9) episodes, 10 minutes each per month;

WHEREAS, said programs are designed to educate and inform the public of District programs that support the mission statement of the District;

WHEREAS, the District, as producer, will produce, write and direct, the District’s information television news show;

WHEREAS, the services provided under this Interlocal Agreement serve as an effective, complimentary campaign to the District’s on-going flood safety efforts;

WHEREAS, KCLV has the necessary experience and qualifications to perform the required television production services; and

WHEREAS, the District and KCLV desire to provide a full statement of their respective rights, obligations, and duties in connection with the performance of KCLV’s duties hereunder.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained in this Agreement, the parties do mutually agree as follows:

SECTION I: BASIC SERVICES

- A. The District in its sole discretion shall determine the number of shows KCLV will produce during the term of the contract. For each show the District desires, it will give a separate written notice to proceed for the show to KCLV. KCLV agrees to provide videographer, editor, and/or associated video production services to provide up to 3 (three) half-hour information television news shows and nine (9) 10 minute episodes described as follows for the District:
1. Three (3) of the shows will contain materials and elements from three (3) ten (10) minute segments, which is combined from three (3) months of the ten (10) minute individual segments; plus, anchor standups.
 - a. KCLV will coordinate with the District producer a minimum of 30 (thirty) days in advance regarding dates and times when the videographer will be available.

- b. The District will schedule video time fifteen (15) days in advance.
2. Production of each half hour show of three (3) ten (10) minute monthly segments will occur over a four (4) week period and use up to 40 (forty) hours of videographer and editor time.
3. Each full half hour show will air approximately eight and one half (8½) weeks, airing a minimum of twenty (20) times a month. The schedules will be determined by the District with the mutual agreement with KCLV.
4. KCLV will provide a vehicle to transport videographer and equipment to locations in the field throughout Clark County. This may include the District's Producer as a passenger in a KCLV vehicle.
5. KCLV agrees to produce a final product of twenty-eight minutes and thirty seconds (28:30) using the most current industry standards per show in a form and content acceptable to the District.
6. KCLV will keep a current catalogue of the B-roll videotaped for each show on the District owned computer server (Serial Number QP717014Y0T) located at KCLV.
7. KCLV agrees to provide the District six (6) DVD's of each completed show for local broadcast media outlets including, but not limited to CCTV-Channel 4, Boulder City, Laughlin, Mesquite, and Cox Cable.
8. KCLV agrees to provide all materials and supplies necessary to perform the services outlined in this Agreement.

SECTION II: SUPPLEMENTAL SERVICES

- A. The District may, at its sole discretion, desire the services of KCLV to provide additional video production services during the term of the Agreement. Additional services provided by KCLV will be performed upon request from the District in writing and KCLV will not perform such services until written approval by the District's General Manager is received. Any request for additional services above and beyond the agreed upon hours listed in Section I, BASIC SERVICES, will incur additional costs at the agreed upon hourly rate as stated in Section III, COMPENSATION AND TERMS OF PAYMENT. Those supplemental services may include, but are not limited to the following:
 1. Additional hour(s) of videographer time;
 2. Additional hour(s) of video equipment (EFP, Tri-Pod, Light Kit, and Microphone) time;
 3. Additional hour(s) of editor time;
 4. Additional hour(s) of editing equipment (Final Cut Pro);
 5. Additional hours(s) of graphics and/or miscellaneous time;
 6. Additional DVD or thumb drive copies of finalized District shows; and/or

7. Use of equipment to view and catalogue the District's video library.

SECTION III: COMPENSATION AND TERMS OF PAYMENT

- A. The maximum cost to the District for Basic and Supplemental Services shall not exceed Eighty-Nine Thousand Nine Hundred Dollars and No Cents (\$89,900.00) unless the District receives a written request, with justification, and the District approves a change in SECTION I, BASIC SERVICES and SECTION II, SUPPLEMENTAL SERVICES and an increase in compensation. If approved, a supplement to this AGREEMENT must be executed.
 1. For Basic Services, the District agrees to pay KCLV on a per monthly basis, for three (3) full half hour shows and nine (9) ten 10 minute segments as follows:

Sixteen Thousand One Hundred and Fifty Dollars and No Cents (\$16,150.00) per half hour show for shows produced in October, February, and June and Four Thousand Fifty Dollars and No Cents (\$4,050.00) per 10 minute segments for the remaining months of July, August, September, November, December, January, March, April and May defined in Section I: Basic Services, A.1 for a total amount not to exceed Eighty-Four Thousand Nine Hundred Dollars and No Cents (\$84,900.00).
 2. Supplemental Services in the amount not to exceed Five Thousand Dollars and No Cents (\$5,000.00), the District agrees to pay as follows:
 - a. Videographer time at a rate of Seventy Five Dollars and No Cents (\$75.00 per hour);
 - b. Video equipment time which includes as a minimum a Video Camera, Tripod, Light Kit, and Microphone (EFP) at a rate of Five Hundred Dollars and No Cents (\$500.00) per day;
 - c. Editor time at a rate of Seventy Five Dollars and No Cents (\$75.00) per hour;
 - d. Editing equipment (Final Cut Pro) time at a rate of Two Hundred Dollars and No Cents (\$200.00) per hour;
 - e. Graphic work and/or miscellaneous equipment time at a rate of Seventy Five Dollars and No Cents (\$75.00) per hour;
 - f. Additional DVD copies of finalized District shows as follows:
 - DVD disc at One Dollar and No Cents (\$1.00) each; USB drive at Ten Dollars (\$10.00);
 - Dubbing costs at a rate of Twenty Five Dollars and No Cents (\$25.00) per hour; and/or
 - Equipment to view and catalogue the District's video library at a rate of Twenty Dollars and No Cents (\$20.00) per hour.
- B. Compensation for work on Basic and/or Supplemental Services will be paid upon successful completion of the work as solely determined by the District. Payment will be made within fifteen (15) days upon receipt of invoice from KCLV.

SECTION IV: TERMS AND TERMINATION

- A. The term of this Agreement is for television production services effective July 1, 2020 through June 30, 2021 (the "Term"). The District shall have the right and option to extend this Agreement one (1) additional time for the term of July 1, 2021 through June 30, 2022, if the option is exercised at any time prior to the expiration of this Agreement, the District Board of Directors approves sufficient funds in its Annual Budget and the District's General Manager provides written notification to KCLV to extend the Agreement for one (1) additional year.
- B. The District or KCLV may, with or without cause, terminate this Agreement at any time prior to completion by KCLV of the services required herein upon thirty (30) days written notice in advance.
- C. In the event this Agreement is terminated, KCLV will be compensated for all work satisfactorily performed and completed to the effective date of termination.

SECTION V: MISCELLANEOUS PROVISIONS

- A. KCLV agrees to secure any and all necessary approvals and permissions for any copyrighted material secured by KCLV to be used in The Flood Channel shows.
- B. The District agrees to secure any and all necessary approvals and permissions for the use of any copyrighted materials supplied by the District to KCLV specifically but not limited to flood footage obtained from local broadcast network affiliates to be used for the services provided herein.
- C. KCLV will provide the station's hours of operation and agree to allow the District staff and Producer to be on KCLV's property only when other KCLV staff members are present. This may include weekends or after normal business hours.
- D. KCLV will allow the District staff and Producer to park in the City of Las Vegas' employee parking lot.
- E. KCLV agrees to store new B-roll footage shot as part of this Interlocal Agreement for future use for The Flood Channel in digital and Beta tape format. KCLV also agrees to store the District's library of approximately three hundred (300) B-roll Beta tapes. Storage of new and old tapes will be for the term of this Agreement.
- F. KCLV agrees that it shall not enter collateral, artwork, or other products developed under this Interlocal Agreement in any contest, award program, or the like without the written authorization of the District.
- G. KCLV agrees to obtain District approval on all material prior to release. All materials are to be carefully inspected by KCLV for the highest level of technical expertise in television production. KCLV agrees to abide by the determination of the District to remove or revise

any objectionable portions of the recording in accordance with the District's direction and approval. KCLV agrees that any broadcast of the recording will only be in the context and form it was presented to the District.

- H. The District currently has a logo, which needs to be utilized for the performance of this Interlocal Agreement. No modifications to the logo will be allowed unless approved in writing by the District.
- I. KCLV is at all times operating as an independent contractor and at no time is operating as an employee or agent of the District.
- J. KCLV agrees that the District's official name may not be used as an endorsement of any product or service. KCLV may not use or refer to the District by any fictitious name or attribute fictitious events to the District.
- K. KCLV agrees to comply with all local, state and federal laws, including but not limited to regulations, standards, rules, codes, ethics and regulations regarding and related to industry standards, including but not limited to recording, copying, editing, translating, communication, broadcasting, reporting, production and reproduction.
- L. KCLV may retain employees or other professional service providers to perform the services required by this Agreement. Such employees or other professional service providers will be the obligation of KCLV. The District will not be a party to any Interlocal Agreement with outside agent and the total cost of this Interlocal Agreement shall not be increased due to the utilization of an outside agent.
- M. Any and all program rights, videotape shot by KCLV, documents, art work, rights to art work and other products prepared and/or submitted by KCLV to the District, and all information acquired by KCLV per the Interlocal Agreement, become property of the District. KCLV may retain copies and reproducible copies of all work products produced as a result of the work. In the event of the completion and/or termination of the Interlocal Agreement, all documents produced shall become the property of the District. KCLV agrees to surrender all such documents to the District in a timely manner, and at no charge, at the request of the District. Videotape provided to KCLV by other broadcast outlets are copyrighted materials owned by those outlets and remain with the District for its sole use.
- N. In accordance with the Federal Communications Commission equal time doctrine, and Nevada Revised Statutes ("NRS") the Board reaffirms that once District Board members or anyone files for an elected office, he/she will not appear on any subsequent District television program until after the results of that election are final.

SECTION VI: ASSIGNMENT

This Agreement may not be assigned by either party without the express written consent of the other party.

SECTION VII: NOTICE

Any notice required or permitted by this Agreement shall be in writing and shall be deemed given at the time it is deposited in the United States Mail, postage prepaid, certified or registered mail, return receipt requested, addressed to the party to whom it is to be given as follows:

495 S. Main Street
Las Vegas, NV 89101

SECTION VIII: NON-EXCLUSIVE AGREEMENT

KCLV agrees that its employees shall devote such time to the performance of its duties under this Agreement as is reasonably necessary. Nothing herein shall be construed as a limitation upon the right of KCLV to engage in any other consulting agreement, service agreement, business venture or other activity.

SECTION IX: APPLICABLE LAW

This Agreement will be interpreted and enforced under Nevada Law. Jurisdiction for judicial review under this Agreement shall rest exclusively with the Eighth Judicial District Court, County of Clark, State of Nevada.

SECTION X: MODIFICATION OF INTERLOCAL AGREEMENT

This Interlocal Agreement may not be changed or modified except by written instrument executed by both parties.

SECTION XI: NO THIRD PARTY RIGHTS

This document shall not create any right in or benefit to parties other than the District and KCLV.

SECTION XII: COMPLETE AGREEMENT

A. This Agreement embodies the whole agreement between the parties.

- B. There are no inducements, promises, terms, conditions or obligations made or entered into by the District or KCLV other than those contained in the Agreement.
- C. The failure of either party to enforce, at any time or for any period of time, the provisions hereof shall not be construed as a waiver of such provisions or of the rights of such party to enforce each and every provision.

SECTION XIII: EXISTING AGREEMENT

This Agreement supersedes any prior agreement and terminates any and all existing Interlocal Agreements between KCLV and the District.

19. **Comments By the General Public**

This is a period devoted to comments by the general public about matters relevant to the Regional Flood Control District Citizens Advisory Committee jurisdiction. On March 22, 2020, the State of Nevada Executive Department issued Declaration of Emergency Directive 006, which suspends the requirement contained in Nevada Revised Statute (NRS) 241.023(1)(b) that there be a physical location designated for meetings of public bodies where the public can attend and participate. Subsequent Emergency Directives 010, 016 and 018 have extended Emergency Directive 006 to May 30, 2020.

In accordance with the Notice of Public Meeting, public comments may be submitted via email at the following address: publiccomment@regionalflood.org. Comments will be read into the record and will become part of the written record. No vote may be taken on a matter not listed on the posted agenda.

MINUTES
CLARK COUNTY REGIONAL FLOOD CONTROL DISTRICT
CITIZENS ADVISORY COMMITTEE
APRIL 30, 2020
3:00 P.M.

These minutes are prepared in compliance with NRS 241.035. Text is in summarized rather than verbatim format. For complete contents, please refer to meeting tapes on file at the Regional Flood Control District (RFCD) offices.

MEETING NOTICES: On March 22, 2020, the State of Nevada Executive Department issued Declaration of Emergency Directive 006, which suspends the requirement contained in Nevada Revised Statute 241.023(1)(b) that there be a physical location designated for meetings of public bodies where the public can attend and participate. Emergency Directive 010 extends the requirements of Emergency Directive 006 until April 30, 2020. Pursuant to Directives 006 and 010, the Clark County Regional Flood Control District will not provide a physical location for the public to attend the meeting of the Clark County Regional Flood Control District Citizens Advisory Committee on April 30, 2020.

In accordance with the Notice of Public Meeting, public comments may be submitted via email at the following address: publiccomment@regionalflood.org. Those comments will be read into the record and will become part of the written record.

The meeting of the Citizens Advisory Committee was available to livestream at the following link <https://www.ccrfcd.org/stream.htm>.

Public Notices of this meeting were properly posted by Deanna Hughes of the Regional Flood Control District in the following locations: Clark County Regional Flood Control District Website (www.regionalflood.org) and the State of Nevada Public Notice Website (<https://notice.nv.gov/>).

INTERESTED PARTIES: Mr. Ryan Belsick, P.E., Clark County Public Works
Mr. Matt Baird, P.E., Atkins North America, Inc.

I. Call to Order

Mr. Ronald Newell, Chair, Clark County, called the meeting to order at 3:00 p.m., through the virtual hosted meeting on <https://www.ccrfcd.org/stream.htm>.

1. Comments By the General Public

Mr. Parrish read into the record there was no response to the call for Comments by the General Public submitted via email to publiccomment@regionalflood.org.

2. Action to approve the agenda with deletion of any items (*For possible action*)

Staff recommends approval of the agenda.

Mr. Schultz moved to follow staff recommendation.

**9 AYES – 0 NAYS – 1 Abstention (Houts)
Motion Carried**

3. Action to approve the minutes of the March 2, 2020 meeting (*For possible action*)

Staff recommends approval of the March 2, 2020 meeting minutes.

Mr. Newell moved to follow staff recommendation.

**9 AYES – 0 NAYS – 1 Abstention (Houts)
Motion Carried**

II. Administration

4. Action to accept the financial reports (*For possible action*)

Mr. Parrish stated the reports are in the backup but the District received updated sales tax information. The Districts February Sales Tax receipts were \$8.4 million or 1.7% over the estimate.

Mr. Schultz mentioned he noticed there was a downward projection for the upcoming budget year. Mr. Parrish replied this was more relevant to agenda item #6 and should be discussed with that item.

Staff recommends approval.

Mr. Newell moved to follow staff recommendation.

**9 AYES – 0 NAYS – 1 Abstention (Houts)
Motion Carried**

5. Action to adopt amendments to the Ten-Year Construction Program (*For possible action*)

Mr. Parrish stated these are amendments to the Ten-Year Construction Program with fiscal impacts that will occur later in the agenda.

Staff recommends approval.

Mr. Starmer moved to follow staff recommendation.

**9 AYES – 0 NAYS – 1 Abstention (Houts)
Motion Carried**

6. Discussion and possible action to approve the Prioritization of Projects, Ten-Year Construction Program and Fiscal Year 2020-2021 Project List

Mr. Parrish stated this was a reminder for all the entities to submit drafts for the development of the project prioritization of the Ten-Year Construction Program. These drafts will be compiled into one document and the finalized program will be

presented at the next Citizens Advisory Committee Meeting and at the June Board Meeting.

Mr. Schultz asked if the downward projection for sales tax revenue is adequate given the current economic situation in the state and are there offsetting measures to counteract the deflation. Mr. Parrish replied the District will continue to monitor sales tax revenue and adjust monthly. Mr. Schultz asked if the assumptions take into consideration the pandemic. Mr. Parrish said the District evaluates the current economic position and how things are trending. The revised downward inflation reflects the anticipated drop in construction costs, similar to the environment in 2008.

Mr. Uehling mentioned he did not think the 9.5% decrease was reasonable in which Mr. Parrish replied it was a timing issue. He said we are unsure what March collections would be, but if we took into consideration the increase we have already realized this year of 4.5%, coupled with the additional decrease of 9.5% in sales tax revenue, we should be good. Mr. Parrish mentioned this is a projection based on information provided by our financial advisors.

Mr. Jordano asked if funding can be adjusted based on actual revenues received. Mr. Parrish replied we are not sure what the impact will be at this time but do have the ability to adjust. Additionally, he mentioned the District has \$85 million in bond authority that could be issued for a backlog of projects.

No Action Required.

7. Action to accept a presentation and approve and authorize the General Manager to sign an interlocal agreement between the Southern Nevada Water Authority and the District to fund the development of a Site-Specific Criteria for Selenium in the Las Vegas Wash (*For possible action*):

Mr. Parrish stated the District will receive \$100,000 from the Southern Nevada Water Authority.

Mr. Tennert, Environmental Mitigation Manager gave a presentation.

Mr. Uehling asked if there was any danger to the quality of the water we are drinking. Mr. Tennert replied no, there is no danger. Mr. Houts mentioned his past career was in selenium removal and offered his assistance if it is needed for the project.

Staff recommends approval.

Mr. Schultz moved to follow staff recommendation to accept the presentation and approve and authorize the General Manager to sign an interlocal agreement between the Southern Nevada Water Authority and the District.

**9 AYES – 0 NAYS – 1 Abstention (Houts)
Motion Carried**

8. Action to approve and authorize the Chair to sign a Memorandum of Agreement between the National Weather Service (NWS) and the Regional Flood Control District for retrieval of data necessary and essential for the accurate and timely issuances of flash flood and severe thunderstorm warnings for the citizens of Clark County (*For possible action*):

Mr. Parrish stated years ago the District entered into an Agreement with the National Weather Service to allow us to install a base station at their office. This base station is a backup to our system in our building should a catastrophic event take place. This backup can be immediately accessed by the NWS and is available to the District. The previous agreement to provide Equipment Software Support and access to the system expired. This agreement extends the previous agreement.

Staff recommends approval.

Mr. Uehling moved to follow staff recommendation.

**9 AYES – 0 NAYS – 1 Abstention (Houts)
Motion Carried**

III. Design and Construction

9. Duck Creek – Jones Boulevard Storm Drain – Clark County (*For possible action*):
 - a. Action to accept the project presentation

Mr. Ryan Belsick, P.E., Clark County Public Works gave a presentation.

Mr. Schultz asked if there were any foreseeable design risks. Mr. Belsick replied there are several utilities in this area, but they coordinate with other entities and adjacent developers.

Mr. Uehling asked if there was any consideration to charge developers rather than putting the cost burden on taxpayers. Mr. Parrish replied this project is being developed to accommodate existing flows and depending on the impact of each development, sometimes it is the responsibility of the

developers to pay for the projects. In this case it is protecting existing developments downstream.

Staff recommends acceptance of the project presentation.

Mr. Lastofka moved to follow staff recommendation.

**8 AYES – 0 NAYS – 2 Abstention (Houts, Jordano)
Motion Carried**

- b. Action to approve the interlocal contract for construction

Mr. Parrish stated this is an interlocal contract in the amount of \$3,650,769 for the construction, construction management and entity construction labor costs for this project. There are sufficient funds to support this request.

Mr. Schultz asked if the District has the ability to slow or remove approved funding from a project. Mr. Parrish replied historically when projects are approved, funding is available and not contingent on future funding. Mr. Figgins noted we do not generally include clauses in our contracts to slow down funding if adequate funds are available.

Staff recommends approval of item 9b.

Mr. Newell moved to follow staff recommendation.

**8 AYES – 0 NAYS – 2 Abstention (Houts, Jordano)
Motion Carried**

10. Flamingo – Boulder Highway North, Charleston – Boulder Hwy to Maryland Pkwy and Maryland Pkwy System – City of Las Vegas (*For possible action*):

Mr. Parrish noted there is an ID Mile missing from the contract FLBN0280. This ID Mile will be added to the final contract being presented to Board in May for approval.

- a. Action to accept the project presentation

Mr. Matt Baird, P.E., Atkins North America, Inc., gave a presentation.

Mr. Lastofka asked if the congestion in this area to build the project was typical. Mr. Baird replied this project was about twice as congested as usual.

Mr. Schultz asked if there were any foreseeable concerns with the design of this project. Mr. Baird said we are trying to avoid existing utilities and considered this in design. To mitigate potential problems over 300 test holes were done to determine how to best avoid these as well as field surveyor testing completed. Mr. Schultz inquired if all of this data was documented, in which Mr. Baird replied yes.

Mr. Uehling stated this is a well-developed area and asked why there were no storm drains in this area. Mr. Baird responded there are several existing storm drains through the project limits but are not large enough for a 100-year storm event. He mentioned this is a problem area for flooding for significant rain events.

Staff recommends acceptance of the project presentation.

Mr. Starmer moved to follow staff recommendation.

**8 AYES – 0 NAYS – 2 Abstention (Desai, Houts)
Motion Carried**

- b. Action to approve the interlocal contract for construction

Mr. Parrish stated this is an interlocal contract in the amount of \$41,028,829 for the construction, construction management and entity construction labor costs for this project. There are sufficient funds to support this request.

Staff recommends approval of item 10b.

Mr. Newell moved to follow staff recommendation.

**8 AYES – 0 NAYS – 2 Abstention (Desai, Houts)
Motion Carried**

IV. Other Items – For Information Only

- 11. Receive a report on previous items submitted that were heard and approved by the Board of Directors on April 9, 2020:
 - a. Receive the Quarterly Project Status Reports: reporting period November 2019 through January 2020
 - b. FY 2019-2020 – First Supplemental Interlocal Contract for maintenance to increase funding – City of Henderson

- c. Second Supplemental Interlocal Contract: Flamingo – Boulder Highway North, Charleston – Main Street to Maryland Parkway – extend the project completion date and add a line item for entity design labor costs – City of Las Vegas
- d. Third Supplemental Interlocal Contract: Centennial Parkway Channel West – US95, CC215 to Grand Teton and US95 Crossing at Kyle Canyon Road – extend the project completion date and add a line item for entity construction labor costs – City of Las Vegas
- e. Second Supplemental Interlocal Contract: Gowan North – El Capitan Branch, Ann Road to Centennial Parkway – extend the project completion date and add a line item for entity design labor costs – City of Las Vegas
- f. Third Supplemental Interlocal Contract: Flamingo – Boulder Highway North, Charleston – Boulder Hwy to Maryland Parkway and Maryland Parkway System – increase funding and add a line item for entity design labor costs – City of Las Vegas
- g. Project Presentation: Duck Creek Haven Street Storm Drain – Clark County
- h. Original Interlocal Contract: Duck Creek Haven Street Storm Drain – Clark County

Mr. Parrish stated because the District cancelled the March Technical Advisory Meeting because of the pandemic these items did move forward to the April Board of Directors meeting and were approved. Most of the items were routine, with the exception of Item 11b, 11g and 11h. Item 11b was a Supplemental Interlocal Contract for the City of Henderson for the Annual Maintenance Program providing an increase in funding of \$1.6 million to repair facilities. Item 11g and 11h were the contracts for Duck Creek Haven Street Storm Drain in Clark County.

Mr. Lastofka asked why two of the Boulder City Hemenway System projects show 99% complete and one shows 0% completed on the CAC Project Status Report handout. Mr. Parrish mentioned the first two projects are essentially complete and the Hemenway System, Phase IIB project has not started construction.

Mr. Lastofka asked if there was already money in the bank for the projects in which Mr. Parrish replied yes.

No Action Required.

12. **Comments By the General Public**

Mr. Parrish read into the record there was no response to the call for Comments by the General Public submitted via email to publiccomment@regionalflood.org.

AGENDA ITEM

SUBJECT:
FINAL ACCOUNTING REPORT AND PROJECT CLOSEOUT
PETITIONER:
STEVEN C. PARRISH, P.E., GENERAL MANAGER/CHIEF ENGINEER
RECOMMENDATION OF PETITIONER:
THAT THE BOARD ACCEPT THE FINAL ACCOUNTING REPORT AND CLOSE OUT THE INTERLOCAL CONTRACT (FOR POSSIBLE ACTION)

FISCAL IMPACT: \$1,919,486.41 Release in Fund 4430 and/or 4440

BACKGROUND:

Final accounting reports are routinely prepared for District-funded projects that have been completed. These reports represent an accurate accounting of the charges and the remaining balance for each project. Upon approval, no additional funds can be expended for the projects.

The final accounting report has been prepared by the District and approved by the corresponding entity for the following project:

PROJECT	NUMBER	FUND	BALANCE
Hollywood System, Dunes S DB to Centennial Pkwy-Phase I (construction)	NLV03H17	4430.000	\$1,919,486.41
Total Fund 4430 and/or 4440			\$1,919,486.41

Respectfully submitted,

 Steven C. Parrish P.E.
 General Manager/Chief Engineer

CLARK COUNTY
REGIONAL FLOOD CONTROL DISTRICT
AGENDA ITEM

SUBJECT:

ESTABLISH FUNDING ALLOCATIONS FOR THE OPERATING BUDGET FOR THE LAS VEGAS WASH ACTIVITIES IN FISCAL YEAR 2020-2021

PETITIONER:

STEVEN C. PARRISH, P.E., GENERAL MANAGER/CHIEF ENGINEER

RECOMMENDATION OF PETITIONER:

THAT THE BOARD APPROVE AN INTERLOCAL AGREEMENT AMONG THE CITY OF HENDERSON, CITY OF LAS VEGAS, CITY OF NORTH LAS VEGAS, CLARK COUNTY, CLARK COUNTY REGIONAL FLOOD CONTROL DISTRICT, CLARK COUNTY WATER RECLAMATION DISTRICT AND THE SOUTHERN NEVADA WATER AUTHORITY TO ESTABLISH FUNDING ALLOCATIONS AND THE BUDGET FOR THE LAS VEGAS WASH ACTIVITIES IN FISCAL YEAR 2020-2021 (FOR POSSIBLE ACTION)

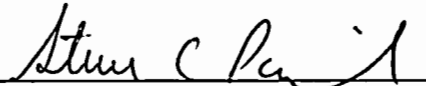

FISCAL IMPACT: \$86,120.00

BACKGROUND: On May 23, 2019, the Regional Flood Control District Board approved an interlocal agreement that established funding allocations and the budget covering fiscal year 2019-2020 for the Las Vegas Wash (Wash) activities.

To continue the stabilization and enhancement of the Wash, the Southern Nevada Water Authority has completed a budget for capital construction and operation activities for fiscal year 2020-2021. Approval of this agreement will allocate the monetary resources necessary for the Wash operating expenses among the signatories to the agreement.

The District's share of the Interlocal Agreement will be \$86,120.00. The District Attorney has reviewed the Agreement. There is sufficient funding in the Fiscal Year 2020-21 budget to support this request. Staff recommends approval of the Interlocal Agreement.

Respectfully submitted,

Steven C. Parrish, P.E.
General Manager/Chief Engineer

INTERLOCAL AGREEMENT AMONG THE CITY OF HENDERSON, CITY OF LAS VEGAS, CITY OF NORTH LAS VEGAS, CLARK COUNTY, CLARK COUNTY REGIONAL FLOOD CONTROL DISTRICT, CLARK COUNTY WATER RECLAMATION DISTRICT, AND THE SOUTHERN NEVADA WATER AUTHORITY TO ESTABLISH FUNDING ALLOCATIONS AND THE BUDGET FOR LAS VEGAS WASH ACTIVITIES IN FISCAL YEAR 2020/2021

This Interlocal Agreement is entered into by the City of Henderson; the City of Las Vegas; the City of North Las Vegas; Clark County; the Clark County Regional Flood Control District; the Clark County Water Reclamation District; and the Southern Nevada Water Authority ("Authority") comprised of Authority "Purveyor Members" (City of Henderson, City of North Las Vegas and the Las Vegas Valley Water District), and the Authority "Wastewater Discharge Members" (City of Henderson, City of Las Vegas, City of North Las Vegas and the Clark County Water Reclamation District) this _____ day of _____, 2020.

WHEREAS, Lake Mead and the Colorado River are the primary source of water for over two million residents of the metropolitan Las Vegas Valley and Laughlin, Nevada; and

WHEREAS, Lake Mead and the Colorado River are a significant source of water for millions of other residents in the Lower Colorado River Basin, including citizens of Arizona, California, and Mexico as well as members of several Native American Tribes; and

WHEREAS, the Las Vegas Wash is comprised of highly treated wastewater flows, urban runoff, shallow ground water, storm water flows, and other flows, all of which run through the single tributary from the urban Las Vegas Valley into Lake Mead; and

WHEREAS, concerns over erosion, water quality, the loss of wetlands, and other issues have made managing the Las Vegas Wash one of the highest environmental priorities for Southern Nevada; and

WHEREAS, the undersigned parties – along with other local, state, and federal entities – embarked on a water quality process in 1997 that included participation in the Lake Mead Water Quality Forum and the formation of a citizens advisory committee which studied various issues related to water quality in the Las Vegas Wash, Las Vegas Bay, and Lake Mead; and

WHEREAS, the citizens advisory committee developed a series of recommendations for protecting and improving water quality, one of which was to develop a comprehensive adaptive management plan for the Las Vegas Wash; and

WHEREAS, following the presentation of the citizen recommendations to the Lake Mead Water Quality Forum and their acceptance by the Authority Board of Directors in 1998, the undersigned parties participated in the Las Vegas Wash Coordination Committee ("LVWCC"), a committee comprised of 28 local, state, federal, environmental, and public representatives; and

WHEREAS, the LVWCC, over a 10-month period and with the support of over 100 staff from participating agencies, developed 44 recommended actions in nine study areas related to the Las Vegas Wash; and

WHEREAS, the LVWCC compiled these recommended actions into the Las Vegas Wash Comprehensive Adaptive Management Plan ("LVWCAMP"), a document that was subsequently approved by the LVWCC in December 1999 and by the Authority Board of Directors in January 2000; and

INTERLOCAL AGREEMENT AMONG THE CITY OF HENDERSON, CITY OF LAS VEGAS, CITY OF NORTH LAS VEGAS, CLARK COUNTY, CLARK COUNTY REGIONAL FLOOD CONTROL DISTRICT, CLARK COUNTY WATER RECLAMATION DISTRICT, AND THE SOUTHERN NEVADA WATER AUTHORITY TO ESTABLISH FUNDING ALLOCATIONS AND THE BUDGET FOR LAS VEGAS WASH ACTIVITIES IN FISCAL YEAR 2020/2021

WHEREAS, in July of 2000, a Sales Tax Allocation Cooperative Agreement was entered into by the Authority and the Wastewater Discharge Agencies represented by the City of Henderson, the City of Las Vegas and the Clark County Water Reclamation District; and

WHEREAS, that Sales Tax Allocation Cooperative Agreement provided that four percent (4%) of the gross revenue from the ¼ cent sales tax provided for by NRS Chapter 377B would be allocated to capital improvements and infrastructure needs in the Las Vegas Wash, and

WHEREAS, in June of 2002, the parties to this agreement entered into a Cooperative Agreement which recognized the LVWCAMP and established a basic understanding of the parties concerning implementation of the plan and their respective roles in that implementation through the Management Advisory Committee (MAC); and

WHEREAS, in November 2007, the parties to this agreement, along with the Clean Water Coalition, entered into an agreement that established the Las Vegas Valley Watershed Advisory Committee (LVVWAC). The LVVWAC assumed the responsibilities of the MAC and provided that the LVVWAC would continue implementation of the LVWCAMP, along with establishing a cohesive direction and integrated approach to addressing water quality issues in the Las Vegas Valley and Lake Mead; and

WHEREAS, the Authority has been designated as the lead agency to implement the LVWCAMP and has established a staff team to coordinate this effort; and

WHEREAS, a Workplan and estimated budget for the Las Vegas Wash construction and operation has been established by the Authority for fiscal year 2020/2021; and

WHEREAS, Authority Purveyor members will pay 40% of the total operating budget (or \$344,481) to be paid from the revenues derived from the water wholesale delivery charge; and

WHEREAS, it is the desire of all parties to this agreement to allocate the monetary responsibility for contribution to said capital and infrastructure budget as well as the parties' respective monetary contributions to the estimated Las Vegas Wash operating budget.

WHEREAS, pursuant to NRS 277.180, a political subdivision may enter into a interlocal agreement with any one or more other public agencies to perform any governmental service, activity or undertaking which any of the individual governmental entities are authorized by law to perform.

NOW, THEREFORE, in consideration of the mutual covenants contained herein, the Southern Nevada Water Authority, City of Henderson, Clark County Water Reclamation District, City of Las Vegas, City of North Las Vegas, Clark County, and the Clark County Regional Flood Control District agree as follows:

INTERLOCAL AGREEMENT AMONG THE CITY OF HENDERSON, CITY OF LAS VEGAS, CITY OF NORTH LAS VEGAS, CLARK COUNTY, CLARK COUNTY REGIONAL FLOOD CONTROL DISTRICT, CLARK COUNTY WATER RECLAMATION DISTRICT, AND THE SOUTHERN NEVADA WATER AUTHORITY TO ESTABLISH FUNDING ALLOCATIONS AND THE BUDGET FOR LAS VEGAS WASH ACTIVITIES IN FISCAL YEAR 2020/2021

Section 1: Capital Improvements Budget

It is agreed that the budget for capital improvements and associated activities for 2020/2021 are included in the Project Work Plan of the Amended Las Vegas Wash Capital Improvements Plan. The Project Work Plan includes funding for design and construction activities related to channel stabilization structures, revegetation of disturbed construction sites, flood repair, construction equipment rental, and construction materials transportation.

Funding for capital projects will come from monies generated from 4% of gross revenue from the ¼ cent sales tax, federal partners, and other available sources.

The Authority will require its contractors to indemnify, defend and hold harmless the Parties to this Agreement against any and all claims, causes of action, judgments, and/or fees arising out of the contractor's acts and/or omissions related to its performance of any contract for the Authority.

The Authority will also require its contractors to name each party to this Agreement as an additional insured on the contractor's insurance policy.

Section 2: Operating Budget

It is agreed by the parties hereto that the total operating budget for the Authority's Las Vegas Wash activities for fiscal year 2020/2021 is estimated to be \$1,172,701. It is anticipated that there will be federal funding from the Bureau of Reclamation available to augment the parties' contributions. Said federal funding is estimated to be approximately \$275,000. Additional grants from the Nevada Division of Environmental Protection are anticipated to augment the operating budget in the amount of \$36,500. This will leave \$861,201 of the total operating budget to be provided locally (referred to herein as the "local share"). Additionally, it is anticipated that the Authority's purveyor members will contribute \$344,481 or 40% of the local share; however, the purveyor members' contribution is not governed by this agreement. The parties hereto agree, therefore, that \$516,720 or 60% of the local share of the total operating budget must be paid by the parties hereto. Contained in Attachment A is the Work Plan and Operating Budget Narrative outlining the anticipated administration costs as well as programs and study costs for the 2020/2021 fiscal year.

a) Funding of Local Share:

It is hereby agreed by the parties that the following allocation ratios and funding sources are established as binding for the purpose of funding the local share or \$861,201 of the total operating budget for the Las Vegas Wash for fiscal year 2020/2021:

- i) Authority Purveyor Members acknowledge that the Authority shall pay 40% (\$344,481) of the local share using revenues derived from the water wholesale delivery charges paid to the Authority by the Authority Purveyor Members.

INTERLOCAL AGREEMENT AMONG THE CITY OF HENDERSON, CITY OF LAS VEGAS, CITY OF NORTH LAS VEGAS, CLARK COUNTY, CLARK COUNTY REGIONAL FLOOD CONTROL DISTRICT, CLARK COUNTY WATER RECLAMATION DISTRICT, AND THE SOUTHERN NEVADA WATER AUTHORITY TO ESTABLISH FUNDING ALLOCATIONS AND THE BUDGET FOR LAS VEGAS WASH ACTIVITIES IN FISCAL YEAR 2020/2021

- ii) Authority "Wastewater Discharge Members" shall pay 40% (\$344,481) of the local share as follows:

The City of Henderson, as a discharger, will be responsible for payment of 12.6% of the \$344,481 or \$43,405;

The Clark County Water Reclamation District will be responsible for 55.2% of the \$344,481, or \$190,153;

The City of Las Vegas will be responsible for 22.9% of the \$344,481, or \$78,886;

The City of North Las Vegas will be responsible for 9.3% of the \$344,481, or \$32,037.

- iii) Clark County will pay 10% of the local share (\$86,120).

- iv) Clark County Regional Flood Control District will pay 10% of the local share (\$86,120).

Section 3: Payments

Payments will be made by the respective parties hereto as specified in Section 2 into a fund established specifically for the operations of the Las Vegas Wash projects for fiscal year 2020/2021 within 30 days of approval by all governmental bodies.

Section 4: Effective Date

This agreement becomes effective when the duplicate originals are executed and dated by all parties, realizing that each entity, by necessity, must approve and execute the subject document at different places and on different dates.

Section 5: Severability

Should any part of this agreement be rendered void, invalid, or unenforceable by any court of law for any reason, such determination shall not render void, invalid or unenforceable under any other part of this agreement.

Section 6: Governing Law

The laws of the State of Nevada will govern as to the interpretation, validity and effect of this agreement.

INTERLOCAL AGREEMENT AMONG THE CITY OF HENDERSON, CITY OF LAS VEGAS, CITY OF NORTH LAS VEGAS, CLARK COUNTY, CLARK COUNTY REGIONAL FLOOD CONTROL DISTRICT, CLARK COUNTY WATER RECLAMATION DISTRICT, AND THE SOUTHERN NEVADA WATER AUTHORITY TO ESTABLISH FUNDING ALLOCATIONS AND THE BUDGET FOR LAS VEGAS WASH ACTIVITIES IN FISCAL YEAR 2020/2021

Section 7: Third Party Beneficiaries

This agreement is intended only to benefit the parties hereto and does not create any rights, benefits or causes of action for any other person, entity or member of the general public.

Section 8: One Time Agreement

It is specifically recognized and agreed by all parties hereto, that this agreement is not to be interpreted or constructed as establishing a precedent for any further agreement, covenant or commitment on the part of any party hereto and should be considered a stand-alone document without establishing any future obligations, other than as described herein, on the part of any party hereto.

SUBJECT:

NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT COMPLIANCE FOR THE LAS VEGAS VALLEY – CONSULTANT AGREEMENT

PETITIONER:

STEVEN C. PARRISH, P.E., GENERAL MANAGER/CHIEF ENGINEER

RECOMMENDATION OF PETITIONER:

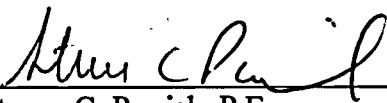

THAT THE BOARD APPROVE AND AUTHORIZE THE CHAIR TO SIGN THE CONSULTANT AGREEMENT WITH HDR ENGINEERING INC., FOR THE NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT COMPLIANCE FOR THE LAS VEGAS VALLEY (FOR POSSIBLE ACTION)

FISCAL IMPACT: \$443,657

BACKGROUND:

The Las Vegas Valley stormwater dischargers (Permittees) have operated under a state issued National Pollutant Discharge Elimination System (NPDES) Permit since December 1990. The current permit was issued on February 9, 2010. On June 8, 2017, the Board authorized the District to solicit proposals, select a consultant, and negotiate a professional services agreement for consulting services to assist the Permittees in developing and implementing the stormwater program and negotiating a new permit with the Nevada Division of Environmental Protection (NDEP). It was determined that HDR Engineering, Inc. had the minimum qualifications to perform the required services and provided the best overall approach to implementing the program and permit. HDR Engineering, Inc. has capably and effectively represented the District for completion of compliance activities since the 2017-18 permit year. The 2020-21 fiscal year budget includes sufficient appropriations for this agreement, which is included in the backup. The District Attorney has reviewed the agreement.

Respectfully submitted,

Steven C. Parrish, P.E.
General Manager/Chief Engineer

AGREEMENT FOR PROFESSIONAL SERVICES
CLARK COUNTY REGIONAL FLOOD CONTROL DISTRICT
AND,
HDR ENGINEERING, INC.
LAS VEGAS VALLEY NATIONAL POLLUTANT DISCHARGE
ELIMINATION SYSTEM PERMIT

THIS AGREEMENT is made and entered into this _____th day of _____, 2020 by and between the CLARK COUNTY REGIONAL FLOOD CONTROL DISTRICT (hereinafter referred to as "DISTRICT") and HDR ENGINEERING, INC. (hereinafter referred to as "CONSULTANT"), for the Las Vegas Valley National Pollutant Discharge Elimination System Permit (hereinafter referred to as the "PROJECT").

WITNESSETH

WHEREAS, National Pollutant Discharge Elimination System (NPDES) Permit No. NV0021911 has been issued by the State of Nevada Division of Environmental Protection (NDEP) for the discharge of stormwater to Las Vegas Wash and its tributaries, and

WHEREAS, the DISTRICT is a co-permittee for this permit with the City of Las Vegas, the City of North Las Vegas, the City of Henderson and Clark County, and

WHEREAS, the NPDES Permit requires the permittees to provide additional technical and administrative information to NDEP by October 1, 2021 and at other times during the permit year; and

WHEREAS, the CONSULTANT is experienced and is knowledgeable in the completion of such works; and

WHEREAS, the CONSULTANT represents that it is properly registered and qualified in accordance with the Nevada Revised Statutes and has the personnel and facilities necessary to accomplish the PROJECT within the required time; and

WHEREAS, the parties desire to set forth the responsibilities, terms, and conditions of completing the PROJECT.

NOW, THEREFORE, in consideration of the premises and terms contained herein, the parties agree as follows:

Section I

RESPONSIBILITY OF CONSULTANT

- A. The CONSULTANT shall be responsible for the professional quality, technical accuracy, timely completion, and coordination of all services furnished by the CONSULTANT, its subcontractors and subconsultants and their principals, officers, employees, and agents under this AGREEMENT. In performing the specified services, the CONSULTANT shall follow practices consistent with generally accepted current professional and technical engineering standards.
- B. It shall be the duty of CONSULTANT to assure that all work products are technically sound and in conformance with all pertinent and current federal, State, and local statutes, codes ordinances, resolutions, and other. If, during the term of this AGREEMENT, there are any changes or new laws, ordinances, statutes, rules or regulations not known or foreseeable at the time of signing this AGREEMENT which become effective and which affect the cost or time of performance of the AGREEMENT, the CONSULTANT shall immediately notify DISTRICT in writing and submit detailed documentation of such effect in terms of both time and cost of performing the AGREEMENT. Upon concurrence by DISTRICT as to the effect of such changes, adjustment in time of performance and/or compensation for an increase or decrease in labor, materials, and equipment directly required to be in compliance will be made in writing. Except for an extension of time, no payment or compensation of any kind shall be made to CONSULTANT for damages caused by such changes or new laws, ordinances, statutes, rules or regulations, including, but not limited to, those which may arise due to delay, disruption, acceleration, or inefficiency. If any discrepancy or inconsistency should be discovered between this AGREEMENT and any law, ordinance, regulation, order, or decree, CONSULTANT shall immediately report the same in writing to the DISTRICT,

who will issue such instruction as may be necessary. The CONSULTANT shall, without additional compensation, correct or revise any negligent acts, errors or deficiencies in its recommended plans, policies, designs, drawings, and other sections of the PROJECT. It is also understood and agreed by both parties that if any variation in measurements, calculations, or observations of a quantity due to mistakes, hereinafter referred to as "erroneous work" is found, the CONSULTANT will expeditiously perform the necessary work, at no expense to the DISTRICT, to correct the erroneous work. The reviewing process by the DISTRICT during the progress of the PROJECT will not relieve the CONSULTANT's obligation for erroneous work in the preparation of the different sections of the PROJECT. Any revisions or updates of the PROJECT after submittal would be considered outside the scope of services for this AGREEMENT.

- C. The CONSULTANT will be responsible for holding monthly progress meetings with the DISTRICT. Minutes of these meetings and a summary of the PROJECT status will be submitted by the CONSULTANT to the DISTRICT monthly.
- D. It is agreed that any and all documents prepared and submitted by the CONSULTANT to the DISTRICT, and all information required of the CONSULTANT by the AGREEMENT, become the property of the DISTRICT. The CONSULTANT may retain copies and reproducible copies of all documents produced as a result of the PROJECT. In the event of the termination of the AGREEMENT, all documents produced shall be and become the property of the DISTRICT. The CONSULTANT agrees to surrender all such documents to the DISTRICT within ten (10) business days.
- E. The CONSULTANT agrees that its officers and employees will cooperate with the DISTRICT in the performance of services under this AGREEMENT and will be available for consultation with the DISTRICT at such reasonable times and with advance notice so as to not conflict with their other responsibilities.
- F. The rights and remedies of the DISTRICT provided for under this section are in addition to any other rights and remedies provided by law or under other sections of the AGREEMENT.

Section II

DISTRICT'S RESPONSIBILITY

- A. The DISTRICT agrees that its officers and employees will cooperate with CONSULTANT in performance of services under this AGREEMENT and will be available for consultation with CONSULTANT at such reasonable times with advance notice as to not conflict with their other responsibilities.
- B. The services performed by CONSULTANT under this AGREEMENT shall be subject to review and approval by the DISTRICT's General Manager. The DISTRICT's General Manager may delegate any or all of the General Manager's responsibilities under this AGREEMENT to appropriate staff members, and shall so inform CONSULTANT by written notice before the effective date of each such delegation.
- C. The services to be performed by the CONSULTANT under this AGREEMENT shall be subject to periodic review by the DISTRICT's General Manager. The review comments of the DISTRICT's General Manager shall be reported in writing to the CONSULTANT by the DISTRICT's General Manager or his designee. To prevent an unreasonable delay in the CONSULTANT's work, the DISTRICT's General Manager will endeavor to examine all documents and will make authorizations in writing to the CONSULTANT to proceed with work within 10 working days of receipt of such documents. It is understood that the DISTRICT's representative review comments do not relieve the CONSULTANT from the responsibility for professional and technical accuracy of all work delivered under this AGREEMENT.
- D. DISTRICT shall, without charge, furnish to or make available for examination or use by the CONSULTANT as it may request, any relevant data which the DISTRICT has available, including as examples only and not as a limitation:
 - 1. Copies of reports, maps, plans, surveys, records, and other documents pertinent to flooding, flood control facilities, public properties, property developments, and other physical features related to the PROJECT.
 - 2. Copies of previously prepared reports, publications, design hydrologic and hydraulic data, flooding information, flooding data, rainfall/runoff data,

representative local drainage requirements (i.e., subdivision, planning and zoning regulations, ordinances, codes criteria, and special agreements or procedures), analyses, computation manuals, computer programs, other documents and information related to the PROJECT, and services specified by this AGREEMENT. CONSULTANT shall return original data provided by the DISTRICT at the DISTRICT's request within ten (10) calendar days.

- E. Upon written request from the CONSULTANT, the DISTRICT shall reasonably assist CONSULTANT in obtaining data and documents from public officers or agencies and from private citizens and business firms whenever the DISTRICT determines that such material is necessary for the completion of the services specified by the AGREEMENT. DISTRICT shall provide the CONSULTANT with a list of names of individuals, agencies, or any other parties that should receive written communication related to the PROJECT from the CONSULTANT.
- F. CONSULTANT will not be responsible for accuracy of information or data supplied by the DISTRICT or other sources, but will use such data to the extent such information or data would be relied upon by a reasonable prudent professional person in the engineering field.

Section III

CONSULTANT SERVICES

- A. The CONSULTANT shall perform Task 1 through Task 6 including services discussed in the "Basic Services" as specified in Exhibit A (the Scope of Services), which is attached hereto, and by this reference made a part of this AGREEMENT. Exhibit B, the Project Study Area, and Exhibit C, the Project Time Schedule, are attached hereto and by this reference are also made a part of this AGREEMENT.
- B. The DISTRICT may at any time, by written order, make changes within the general scope of this AGREEMENT and in the services or work to be performed by the CONSULTANT. If such changes cause an increase or decrease in the CONSULTANT's cost or time required for performance of any services under this AGREEMENT, an equitable adjustment shall be made and this AGREEMENT shall be

modified in writing accordingly. Any claim of the CONSULTANT for adjustment under this clause must be asserted in writing within 30 days from the date of receipt by the CONSULTANT of notification of changes unless the DISTRICT grants a further period of time before the date of final payment under this AGREEMENT.

- C. No services for which any additional compensation will be charged by the CONSULTANT shall be furnished without the written authorization of the DISTRICT.

Section IV

COMPENSATION AND TERMS OF PAYMENT

- A. Once each month, the DISTRICT shall pay the CONSULTANT for services performed under Section III – Consultant Services. Invoices are prepared and submitted on a monthly basis and are due upon receipt. Payment is past due thirty (30) days from the invoice date. In the event the DISTRICT fails to make any payments, the CONSULTANT may cease work immediately until payment for the invoice and service charge is made. An additional charge at the rate of 1 ½ percent per month will be charged against invoices that are past due.
- B. Compensation and Method of Payment for Engineering Services are:
1. The DISTRICT shall pay the CONSULTANT on a time and materials basis under the CONSULTANT'S Fee Schedule, which is attached hereto as Exhibit D and by this reference made a part of this AGREEMENT.
 2. The maximum cost to the DISTRICT for Basic Services Task 1 through Task 6 including services discussed in Project Description accomplished under this AGREEMENT shall not exceed Four Hundred Forty-Three Thousand Six Hundred Fifty-Seven Dollars and zero cents (\$443,657) unless the DISTRICT receives a written request, with justification, and the DISTRICT approves a change in the SCOPE OF SERVICES and an increase in compensation. If approved, a supplement to this AGREEMENT must be executed. The maximum cost is based on a detailed breakdown of the estimated cost by tasks, and direct costs is shown on Exhibit E – Estimated Cost By Tasks, which is attached hereto, and by this reference made a part of this AGREEMENT. The estimated cost

figures, per task, presented in Exhibit E may, with the written approval from the DISTRICT, be adjusted from task to task so long as the total amount does not exceed Four Hundred Forty-Three Thousand Six Hundred Fifty-Seven Dollars and zero cents (\$443,657). Payments will be made to the CONSULTANT on a monthly basis upon receipt of a progress report and itemized invoices for work accomplished.

3. The total amount of this AGREEMENT shall not exceed Four Hundred Forty-Three Thousand Six Hundred Fifty-Seven Dollars and zero cents (\$443,657), unless approved by the DISTRICT in writing and a supplement to this AGREEMENT is executed by the parties.

Section V

TIME AND PERFORMANCE

- A. The Project Time Schedule for work under this AGREEMENT is attached as Exhibit C and by this reference made a part of this AGREEMENT. The CONSULTANT will perform the work in accordance with said Project Time Schedule and will provide the DISTRICT's representative a progress report monthly in conjunction with the monthly invoice.

Work shall begin immediately upon receipt by the CONSULTANT of the Notice to Proceed by General Manager or his designee. All work necessary to prepare the PROJECT deliverables for submittal to the DISTRICT for review and publication shall be completed 457 calendar days from Notice to Proceed.

- B. The DISTRICT and CONSULTANT recognize the scope of work as detailed in Exhibit A – Scope of Services and as outlined in Exhibit C – Project Time Schedule can be altered by unforeseen events that may occur. Therefore, a supplement to this AGREEMENT will be prepared, negotiated, and executed when the CONSULTANT establishes, and the DISTRICT agrees, that there has been, or is to be a significant change, including but not limited to:

1. Scope, complexity, or character of the services to be performed such as additional meetings and coordination over those identified in Exhibit A, analysis of additional alternatives, or preparation of additional reports.
 2. Conditions under which the work is required to be performed, such as a change in standards or a change in available base data that would require additional work.
 3. Duration of work if the time period for completion of the work warrants such adjustment.
- C. An alteration required by the DISTRICT that results in changes in the scope of work will also be specified in a supplemental AGREEMENT that will set forth the nature and scope thereof and payment therefore.
- D. Neither party shall be considered in default in the performance of its obligations hereunder, or any of them, to the extent that performance of such obligations, or any of them is prevented or delayed by any cause, existing or future, which is beyond the reasonable control of such party. Delays arising from the actions or inactions of one or more of the CONSULTANT's principals, officers, employees, agents, subcontractors, subconsultants, vendors, or suppliers are expressly recognized to be within the CONSULTANT's control.
- E. This AGREEMENT shall begin on July 1, 2020 and terminate on October 1, 2021 unless it is extended before the termination date with the mutual written consent of both parties or earlier terminated pursuant to Section VI.

Section VI

MISCELLANEOUS PROVISIONS

- A. The CONSULTANT and its subconsultant(s) shall maintain all books, documents, papers, accounting reports, and other evidence pertaining to costs incurred and/or work performed and that such evidence shall be made available for inspection by the DISTRICT at all reasonable times during the AGREEMENT period for three (3) years from the date of final payment.

B. The DISTRICT's General Manager has the right to terminate this AGREEMENT upon seven (7) days written notice to the CONSULTANT. This AGREEMENT may also be terminated by either party upon seven (7) calendar days written notice and a reasonable opportunity to cure in the event of substantial failure to perform in accordance with the terms hereof by the one party through no fault of the other party. If said termination occurs prior to completion of the PROJECT, the CONSULTANT shall deliver to the DISTRICT all documents, calculations, and all other work performed whether complete or incomplete. Thereafter, the DISTRICT will reimburse the CONSULTANT for all services performed prior to such notice, provided the services performed are satisfactory to the DISTRICT. Termination shall be by written notice, which will be sent by certified mail or hand delivered. Such notice will be deemed effective after the third business day of the mailing post date, or hand delivered, in which case such notice will be deemed effective upon receipt of the written termination to the CONSULTANT or the DISTRICT.

C. CONSULTANT agrees to indemnify and hold harmless the DISTRICT and all the officers, employees and agents of the DISTRICT, and each of them, from and against any liabilities, damages, losses, claims, actions or proceedings, including, without limitation, reasonable attorneys' fees and costs, to the extent such liabilities, damages, losses, claims, actions or proceedings to the extent that are caused by the negligent acts, errors, omissions, recklessness or intentional misconduct of the CONSULTANT, CONSULTANT's employees and/or agents, in the performance of this AGREEMENT. If the CONSULTANT is adjudicated to be liable by a trier of fact, the trier of fact shall award reasonable attorney's fees and costs to be paid to the DISTRICT, as reimbursement for the attorney's fees and costs incurred by the DISTRICT in defending the action, by the CONSULTANT in an amount which is proportionate to the liability of the CONSULTANT.

CONSULTANT further agrees to defend the DISTRICT and all the officers, employees and agents of the DISTRICT, and each of them, from and against any and all liabilities, damages, losses, claims, actions or proceedings to the extent caused by the negligent acts, errors, omissions, recklessness or intentional misconduct of the CONSULTANT,

and CONSULTANT's employees and/or agents, in the performance of this AGREEMENT when said liabilities, negligence, errors, omissions, recklessness or intentional misconduct are not based upon or arising out of the professional services performed under this AGREEMENT.

CONSULTANT will not be required to defend, indemnify or hold harmless the public body or the employees, officers or agents of the DISTRICT from any liability, damage, loss, claim, action or proceeding caused by the negligence, errors, omissions, recklessness or intentional misconduct of the employees, officers or agents of the DISTRICT.

- D. During the life of this AGREEMENT, the CONSULTANT shall not engage the services of any person or persons who are currently employed by the DISTRICT without the DISTRICT's prior approval.
- E. The CONSULTANT shall at all times maintain control over and have complete responsibility for all work performed under the AGREEMENT. Any attempted assignment of rights or delegation of duties under this AGREEMENT, without the written consent of the DISTRICT, shall be void.
- F. The CONSULTANT shall submit for review and documentation purposes copies of all subconsultant agreements.
- G. The CONSULTANT shall place his professional engineer stamp on the final Submittal substantiating that the work has been accomplished under the direct supervision of a professional engineer and in accordance with acceptable professional standards.
- H. The CONSULTANT, at his own expense, shall obtain and maintain, for the duration of the AGREEMENT, insurance against claims for injuries to persons or damages to property or other losses which may arise from or in connection with CONSULTANT's sole negligence or fault in the performance of work hereunder of the CONSULTANT, his agents, representatives, employees, or subcontractors of any tier.

The CONSULTANT will provide the DISTRICT with certificates of insurance for coverage as listed below and endorsements, establishing coverage required by the

AGREEMENT within ten (10) calendar days after approval of this AGREEMENT by the DISTRICT's Board. The certificate of endorsements for each insurance policy are to be signed by a person authorized by the insurer and licensed by the State of Nevada.

The CONSULTANT will:

1. Maintain commercial general liability coverage at limits of no less than \$1,000,000 combined single limit per occurrence and \$1,000,000 annual aggregate for bodily injury (including death), personal injury and property damages. The coverage shall be on an "occurrence" basis only and not on a "claims made" basis; and the coverage must be provided on ISO commercial liability or on ISO broad form comprehensive general liability forms with no exceptions to the coverage for bodily injury, personal injury, broad form property damages, premises operations, severability of interest, products and completed operations, contractual and independent contractors. The DISTRICT, its officers, and employees must be expressly covered as additional insureds.
2. Maintain automobile coverage at limits of no less than \$1,000,000 combined single limit "per accident" for bodily injury and property damage for all owned automobiles, non-owned automobiles, hired automobiles, or any automobile. The DISTRICT, its officers, and employees, and volunteers must be expressly covered as additional insureds.
3. Maintain professional liability insurance at limits of no less than \$1,000,000 per claim and \$1,000,000 annual aggregate to insure against claims for losses arising out of the services rendered by the CONSULTANT, its agents, representatives, or employees pursuant to the CONSULTANT's AGREEMENT with the DISTRICT. "Claims made" insurance coverage will continue for a period of three (3) years beyond the term of the AGREEMENT. Any retroactive date must coincide with or predate the date of the AGREEMENT and may not be advanced without the DISTRICT's consent. The CONSULTANT's professional liability insurance must provide coverage for the CONSULTANT's subcontractor if the

subcontractor does not maintain professional liability insurance in the same amounts and manner as required for the CONSULTANT.

All deductibles and self-insured retention shall be fully disclosed in the certificate of insurance. No deductible of self-insured retention may exceed \$250,000 for commercial general liability, \$250 for automobile, or \$250,000 for professional liability without the written approval of the DISTRICT. If aggregate limits are imposed on bodily injury and property damage, then the amount of such limits must not be less than twice the amount of the limits required herein. All aggregate must be fully disclosed and the amount entered on the required certificate of insurance. Any notice given to the CONSULTANT with respect to exhaustion of limits of insurance shall also be sent to the DISTRICT. The adequacy of the insurance supplied by the CONSULTANT, including the rating and financial health of each insurance company providing coverage, is subject to the approval of the DISTRICT.

4. Maintain Nevada Industrial Insurance and Occupational Disease Acts; such insurance will protect it and the DISTRICT from claims made by the CONSULTANT due to work-related injuries.
5. The CONSULTANT's insurance shall be primary in respect to the DISTRICT, its officers, employees, and volunteers.

The insurance requirements specified herein do not relieve the CONSULTANT of its responsibility or limit the amount of its liability to the DISTRICT or other persons, and the CONSULTANT is encouraged to purchase such additional insurance as it deems necessary.

6. The insurance certificate supplied by the CONSULTANT must provide for a 30-day notice to the DISTRICT before the implementation of a proposal to cancel the required insurance coverage. This notice requirement does not waive the insurance requirements contained herein. In addition, CONSULTANT shall notify DISTRICT within thirty (30) days of any reduction in coverage or limits.

7. If the CONSULTANT fails to maintain any of the insurance coverage required herein, then the DISTRICT will have the option to either terminate the AGREEMENT; declare the CONSULTANT in breach; purchase replacement insurance; or pay the premiums that are due on existing policies in order that the required coverage may be maintained. The CONSULTANT is responsible for any expenses paid by the DISTRICT to maintain such insurance, and the DISTRICT may collect the same from the CONSULTANT or deduct the amount paid from any sums due the CONSULTANT under this AGREEMENT.

8. The CONSULTANT shall obtain the required insurance prior to commencement of services being performed.

I. Project Staffing

CONSULTANT shall provide the DISTRICT with a list of CONSULTANT's employees who will be performing work on the PROJECT. This list shall indicate the employee's name, classification, and hourly billing rate. This list will be used by the DISTRICT in reviewing and evaluating changes as a result of CONSULTANT's fiscal year increases (decreases).

J. Governing Law

Nevada law shall govern the interpretation of this AGREEMENT.

K. Notice

Any notice required to be given hereunder shall be deemed to have been given when received by the party to whom it is directed by personal service, hand delivery, or U.S. mail at the following addresses:

EXHIBIT A

SCOPE OF SERVICES

LAS VEGAS VALLEY NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM PERMIT

HDR ENGINEERING, INC. (CONSULTANT)

Task 1 – Dry Weather Monitoring

- a) **Dry Weather Monitoring.** Consultant will coordinate with the Southern Nevada Water Authority (SNWA) regarding dry weather monitoring. Sample collection, laboratory analysis and data interpretation will be performed by SNWA as part of the Urban Tributary Water Quality Monitoring Program. Consultant will integrate the results of the Urban Tributary Program with the requirements of the NPDES stormwater permit.
- b) **Dry Weather Monitoring Report.** Consultant will prepare a section for the Annual Report summarizing the findings of the dry weather characterization monitoring program. This report section will compare dry weather water quality data to that collected in previous years and will identify sources of dry weather flows to the extent practical. It will also document other dry weather flow monitoring activities in the Las Vegas Valley conducted by other agencies.

Task 2 – Wet Weather Monitoring

- a) **Monitoring Plan.** Consultant will prepare a wet weather monitoring plan annually, based on the latest Las Vegas Valley wet weather monitoring program and the results of the analyses from previous years. It is assumed that automated samplers at or near the existing sites will be used. The final plan will be submitted to the Nevada Division of Environmental Protection (NDEP) for approval.
- b) **Stormwater Monitoring Equipment.** Consultant, with cooperation from District staff, will inspect the District-owned automated sampling equipment on a routine basis and replace minor equipment elements (e.g., batteries, hoses, bottles) as necessary due to damage or vandalism. Monitoring stations will be relocated if necessary to accommodate construction in the channels.
- c) **Sample Collection.** Wet weather characterization monitoring activities will consist of collecting samples from various storms at 2 sites on the Las Vegas Wash. Additional samples may be collected at these two sites or at new sites if directed by the District and if budget is available. Activities in this task may include collecting and preparing composite samples from the automated samplers, as well as collecting manual grab samples for certain constituents (e.g., bacteria). Samples will be prepared properly and shipped to the laboratory(s) in accordance with the adopted Quality Assurance Program. Coordination with other agencies performing similar collection activities will be encouraged to minimize duplication of efforts and consistency among sampling results.

- d) **Wet Weather Monitoring Report.** Consultant will prepare a task report summarizing the results of the wet weather monitoring program. This will include an evaluation of the sampling results, and recommendations for modifications to the program in subsequent years. Results will be compared to those of previous years and those from other parts of the country and will be reported as a section of the Annual Report.

Task 3 – Annual and Quarterly Reporting

- a) **Quarterly Reports.** Consultant will assist in the preparation of quarterly reports for submission to the Stormwater Quality Management Committee (SQMC) summarizing progress made in permit compliance during the previous quarter.
- b) **Draft Annual Report.** Consultant will prepare a draft Annual Report, incorporating the individual task reports described above. This will meet the annual reporting requirements for the stormwater discharge permit and will include any proposed changes to the current stormwater management or monitoring plans.
- c) **Final Annual Report.** Consultant will incorporate comments on the Draft Annual Report from the Permittees and other reviewers and prepare a Final Annual Report ready for submittal to NDEP.

Task 4 – Stormwater Quality Management Committee and Related Activities

- a) **Meeting Organization.** Consultant will assist in organizing SQMC meetings and other meetings as directed by the District. This may include preparation and distribution of agendas and meeting minutes.
- b) **Permittee Assistance.** Consultant will provide general assistance and consultation to the Permittees in meeting their obligations under the NPDES stormwater discharge permit and in dealing with general stormwater quality issues in the Las Vegas Valley.

Task 5 – Negotiation of New Permit and Update of the Stormwater Management Plan (SWMP)

- a) Consultant will assist the District and the Permittees in negotiating the new NPDES permit for the Las Vegas Valley with NDEP. Assistance may consist of supporting SQMC and other meetings and technical studies to support decisions related to potential permit provisions.
- b) Consultant will prepare any necessary updates to the SWMP as required by the negotiated permit. The SWMP provides a framework for overall compliance with the municipal stormwater permit and NPDES permit. Draft SWMP revisions will be developed in close coordination with the Permittees and other outside stakeholders.

Consultant will prepare the following SWMP report deliverables:

- i) Working Draft for use by the Permittees
 - ii) Review Draft for submission to NDEP and local agencies
 - iii) Draft for review by stakeholders and elected officials
 - iv) Final Draft for submission to NDEP and the Permittees
- c) Consultant will update ongoing technical studies required to support preparation of the SWMP, and conduct new studies and prepare technical reports if required. Results of technical studies will be summarized in technical memoranda.
- d) Consultant will assist the Permittees in obtaining input on draft versions of the SWMP from other local agencies, the general public, and other interested stakeholders. Local agencies may include the SNWA, Southern Nevada Health District, Southern Nevada Homebuilders Association, and others.

Task 6 – Implementation of Effective Stormwater Management Plan

Consultant will conduct specific activities required by the August 2011 Storm Water Management Plan and addenda and updates, and permit as described below:

- a) Legal authority. Assist the Permittees in addressing deficiencies in legal authority to implement aspects of applicable stormwater ordinances and regulations. Research ordinances adopted by other municipalities to address applicable stormwater issues. Consultant will assist with information exchange though will not be providing legal advice.
- b) Stormwater System Maps. Update stormwater system map based on construction of new facilities and new development.
- c) Monitoring Program. Review and analyze new data collected under Tasks 1 and 2. Update the monitoring program (sampling locations, frequency, methods, constituents) for wet and dry weather water quality characterization and other monitoring activities to support BMP evaluations or target problem issues as necessary and funded.
- d) Public outreach and education. Provide general support to public outreach and education activities conducted by the District and the Permittees and provide input to and review of public outreach and education materials such as videos, brochures, flyer, and website material.
- e) Structural and source control measures. Work with the Permittees to implement standardized tracking/reporting procedures for street sweeping and maintenance of catch basins, inlets, storm drains and channels, participate in workgroup meetings as necessary and perform studies and designs as directed and budgeted.
- f) Illicit discharge detection and elimination program. Consultant will assist Permittees as requested to train municipal maintenance staffs to identify and report potential stormwater quality problems in the field during their normal work activities as needed. As requested, Consultant may also assist Permittees in conducting semi-annual inspections of channels

and detention basins and assemble and summarize semi-annual inspections reports prepared by the Permittees.

- g) Industrial facility monitoring and control program. Consultant will provide an updated map and database of industrial facilities covered by the NPDES permit, including municipal landfills; hazardous waste treatment, disposal and recovery facilities; SARA Section 313, Title III facilities; and industrial facilities that the Permittees have determined could contribute substantial pollutant loads to the MS4 system as identified by the Permittees. Consultant will also assist the Permittees in developing materials for training programs, developing criteria used to identify industrial sites that could contribute a substantial pollutant load to the MS4, summarize potential industrial site problem areas and report on industrial site inspection activities conducted by the Permittees.**
- h) Construction site BMP program. Consultant will report on construction site inspection activities (reports, database) conducted by the Permittees, assist with the preparation of contractor education and training materials and assist the Permittees in implementing an ongoing contractor training program.**
- i) New Development and Significant Redevelopment Analysis and Pollutant Tracking. Consultant will prepare a GIS analysis depicting areas of new development and significant redevelopment for inclusion in the Annual Report. Consultant will also track new development compared to the water quality capture volume (WQCV) obtained from the water quality features in new and modified detention basins in the Las Vegas Valley pursuant to Technical Memorandum IV.16 Strategic Plan for the Use of Regional Detention Basins for Water Quality Management.**
- j) General services. Consultant will perform any other research or studies as directed and funded by the District to support implementation of the SWMP activities.**

CLARK COUNTY
REGIONAL FLOOD CONTROL DISTRICT

AGENDA ITEM

SUBJECT: RATIFY GRANT AGREEMENT
PETITIONER: STEVEN C. PARRISH, P.E., GENERAL MANAGER/CHIEF ENGINEER
RECOMMENDATION OF PETITIONER: RATIFY AN AGREEMENT BETWEEN THE NEVADA DIVISION OF ENVIRONMENTAL PROTECTION AND THE REGIONAL FLOOD CONTROL DISTRICT TO FUND THE DEVELOPMENT OF SITE-SPECIFIC CRITERIA FOR SELENIUM IN THE LAS VEGAS WASH (FOR POSSIBLE ACTION)

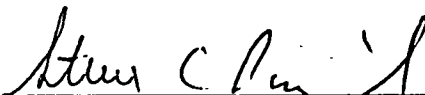

FISCAL IMPACT: The District will receive \$50,000 pursuant to the Grant Agreement.

BACKGROUND:

In May of 2019, the Nevada Division of Environmental Protection (NDEP) published a notice of intent to revise various water quality standards for the Las Vegas Wash. The proposed standards included establishing statewide criteria for selenium based on guidance from the U.S Environmental Protection Agency. Under current conditions, portions of the Las Vegas Wash would be in non-compliance with the new statewide selenium criteria. After discussion with various stakeholders in Southern Nevada, NDEP agreed to delay the establishment of a new selenium standard for the Las Vegas Wash until December 31, 2023 or until site-specific criteria for the Las Vegas Wash can be developed. On May 21, 2020 the Board approved a funding agreement with the Southern Nevada Water Authority that allows for reimbursement of costs associated with the development of the site-specific standards.

The NDEP has awarded a sub-grant in the amount of \$50,000 of federal financial assistance to the District to help off-set the costs associated with developing site-specific criteria for the Las Vegas Wash and tributaries. The agreement is attached. The District Attorney has reviewed the agreement.

Respectfully Submitted,

Steven C. Parrish, P.E.
General Manager/Chief Engineer

**SUBGRANT AGREEMENT
CONTROL #DEPS 20-072**

A Subgrant awarded by:

**Department of Conservation and Natural Resources, Division of Environmental Protection
901 S. Stewart Street, Carson City, NV 89701-5249
Phone: (775) 687-4670 Fax: (775) 687-5856**

and awarded to Subgrantee:

**Clark County Regional Flood Control District
600 S. Grand Central Pkwy, Suite 300
Las Vegas, NV 89106**

hereinafter the "Subgrantee"

WHEREAS, 40 CFR Part 31.37, NRS 445A.265 and NRS 445A.450 authorize the Division of Environmental Protection to award subgrants of federal financial assistance to local governments for the purposes set forth in authorizing statutes; and

WHEREAS, it is deemed that the project purposes hereinafter set forth are consistent with the federal grant agreement that provides support of the subgrant;

NOW, THEREFORE, in consideration of the aforesaid premises, the parties mutually agree as follows:

1. **REQUIRED APPROVAL.** This Subgrant shall not become effective until and unless approved by appropriate official action of the governing body of each party.

2. **DEFINITIONS.** "State" means the State of Nevada and any state agency identified herein, its officers, employees and immune contractors as defined in NRS 41.0307.

3. **SUBGRANT TERM.** This Subgrant shall be effective from Nevada Division of Environmental Protection Administrator's Approval to September 30, 2020, unless sooner terminated by either party as set forth in this Subgrant.

4. **TERMINATION.** This Subgrant may be terminated by either party prior to the date set forth in paragraph (3), provided that a termination shall not be effective until 30 days after a party has served written notice upon the other party. This Subgrant may be terminated by mutual consent of both parties or unilaterally by either party without cause. The parties expressly agree that this Subgrant shall be terminated immediately if for any reason federal and/or State Legislature funding ability to satisfy this Subgrant is withdrawn, limited, or impaired.

5. **NOTICE.** All notices or other communications required or permitted to be given under this Subgrant shall be in writing and shall be deemed to have been duly given if delivered personally in hand, by telephonic facsimile with simultaneous regular mail, or mailed certified mail, return receipt requested, postage prepaid on the date posted, and addressed to the other party at the address set forth above.

6. **INCORPORATED DOCUMENTS.** The parties agree that the services to be performed shall be specifically described; this Subgrant incorporates the following attachments in descending order of constructive precedence:

ATTACHMENT A: SCOPE OF WORK (consisting of 5 pages)

ATTACHMENT B: NDEP ADDITIONAL TERMS & CONDITIONS (consisting of 4 pages)

7. **CONSIDERATION.** Public Agency agrees to provide the services set forth in paragraph (6) at a cost of \$N/A per N/A with the total Subgrant or installments payable: quarterly, not exceeding **\$50,000.00**. Any intervening end to a biennial appropriation period shall be deemed an automatic renewal (not changing the overall Subgrant term) or a termination as the results of legislative appropriation may require.

8. **ASSENT.** The parties agree that the terms and conditions listed on incorporated attachments of this Subgrant are also specifically a part of this Subgrant and are limited only by their respective order of precedence and any limitations expressly provided.

9. **INSPECTION & AUDIT.**

a. **Books and Records.** Each party agrees to keep and maintain under general accepted accounting principles full, true and complete records, agreements, books, and documents as are necessary to fully disclose to the State or United States Government, or their authorized representatives, upon audits or reviews, sufficient information to determine compliance with all state and federal regulations and statutes.

b. **Inspection & Audit.** Each party agrees that the relevant books, records (written, electronic, computer related or otherwise), including but not limited to relevant accounting procedures and practices of the party, financial statements and supporting documentation, and documentation related to the work product shall be subject, at any reasonable time, to inspection, examination, review, audit, and copying at any office or location where such records may be found, with or without notice by the State Auditor, Employment Security, the Department of Administration, Budget Division, the Nevada State Attorney General's Office or its Fraud Control Units, the State Legislative Auditor, and with regard to any federal funding, the relevant federal agency, the Comptroller General, the General Accounting Office, the Office of the Inspector General, or any of their authorized representatives.

c. **Period of Retention.** All books, records, reports, and statements relevant to this Subgrant must be retained a minimum three years from the date of final payment by the State to the Public Agency, and all other pending matters are closed. Retention time shall be extended when an audit is scheduled or in progress for a period reasonably necessary to complete an audit and/or to complete any administrative and judicial litigation which may ensue.

10. **BREACH; REMEDIES.** Failure of either party to perform any obligation of this Subgrant shall be deemed a breach. Except as otherwise provided for by law or this Subgrant, the rights and remedies of the parties shall not be exclusive and are in addition to any other rights and remedies provided by law or equity, including but not limited to actual damages. If the court awards reasonable attorney's fees to the prevailing party, reasonable shall be deemed \$125 per hour.

11. **LIMITED LIABILITY.** The parties will not waive and intend to assert available NRS chapter 41 liability limitations in all cases. Subgrant liability of both parties shall not be subject to punitive damages. Actual damages for any State breach shall never exceed the amount of funds which have been appropriated for payment under this Subgrant, but not yet paid, for the fiscal year budget in existence at the time of the breach.

12. **FORCE MAJEURE.** Neither party shall be deemed to be in violation of this Subgrant if it is prevented from performing any of its obligations hereunder due to strikes, failure of public transportation, civil or military authority, act of public enemy, accidents, fires, explosions, or acts of God, including, without limitation, earthquakes, floods, winds, or storms. In such an event the intervening cause must not be through the fault of the party asserting such an excuse, and the excused party is obligated to promptly perform in accordance with the terms of the Subgrant after the intervening cause ceases.

13. **INDEMNIFICATION.**

- a. To the fullest extent of limited liability as set forth in paragraph (11) of this Subgrant, each party shall indemnify, hold harmless and defend, not excluding the other's right to participate, the other from and against all liability, claims, actions, damages, losses, and expenses, including but not limited to reasonable attorneys' fees and costs, arising out of any alleged negligent or willful acts or omissions of the party, its officers, employees and agents. Such obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist as to any party or person described in this paragraph.
- b. The indemnification obligation under this paragraph is conditioned upon receipt of written notice by the indemnifying party within 30 days of the indemnified party's actual notice of any actual or pending claim or cause of action. The indemnifying party shall not be liable to hold harmless any attorneys' fees and costs for the indemnified party's chosen right to participate with legal counsel.

14. INDEPENDENT PUBLIC AGENCIES. The parties are associated with each other only for the purposes and to the extent set forth in this Subgrant, and in respect to performance of services pursuant to this Subgrant, each party is and shall be a public agency separate and distinct from the other party and, subject only to the terms of this Subgrant, shall have the sole right to supervise, manage, operate, control, and direct performance of the details incident to its duties under this Subgrant. Nothing contained in this Subgrant shall be deemed or construed to create a partnership or joint venture, to create relationships of an employer-employee or principal-agent, or to otherwise create any liability for one agency whatsoever with respect to the indebtedness, liabilities, and obligations of the other agency or any other party.

15. WAIVER OF BREACH. Failure to declare a breach or the actual waiver of any particular breach of the Subgrant or its material or nonmaterial terms by either party shall not operate as a waiver by such party of any of its rights or remedies as to any other breach.

16. SEVERABILITY. If any provision contained in this Subgrant is held to be unenforceable by a court of law or equity, this Subgrant shall be construed as if such provision did not exist and the nonenforceability of such provision shall not be held to render any other provision or provisions of this Subgrant unenforceable.

17. ASSIGNMENT. Neither party shall assign, transfer or delegate any rights, obligations or duties under this Subgrant without the prior written consent of the other party.

18. OWNERSHIP OF PROPRIETARY INFORMATION. Unless otherwise provided by law any reports, histories, studies, tests, manuals, instructions, photographs, negatives, blue prints, plans, maps, data, system designs, computer code (which is intended to be consideration under this Subgrant), or any other documents or drawings, prepared or in the course of preparation by either party in performance of its obligations under this Subgrant shall be the joint property of both parties.

19. PUBLIC RECORDS. Pursuant to NRS 239.010, information or documents may be open to public inspection and copying. The parties will have the duty to disclose unless a particular record is made confidential by law or a common law balancing of interests.

20. CONFIDENTIALITY. Each party shall keep confidential all information, in whatever form, produced, prepared, observed or received by that party to the extent that such information is confidential by law or otherwise required by this Subgrant.

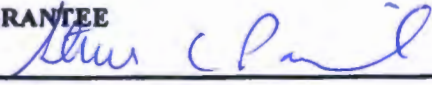

21. PROPER AUTHORITY. The parties hereto represent and warrant that the person executing this Subgrant on behalf of each party has full power and authority to enter into this Subgrant and that the parties are authorized by law to perform the services set forth in paragraph (6).

22. GOVERNING LAW; JURISDICTION. This Subgrant and the rights and obligations of the parties hereto shall be governed by, and construed according to, the laws of the State of Nevada. The parties consent to the jurisdiction of the Nevada district courts for enforcement of this Subgrant.

23. ENTIRE AGREEMENT AND MODIFICATION. This Subgrant and its integrated attachment(s) constitute the entire agreement of the parties and such are intended as a complete and exclusive statement of the promises, representations, negotiations, discussions, and other agreements that may have been made in connection with the subject matter hereof. Unless an integrated attachment to this Subgrant specifically displays a mutual intent to amend a particular part of this Subgrant, general conflicts in language between any such attachment and this Subgrant shall be construed consistent with the terms of this Subgrant. Unless otherwise expressly authorized by the terms of this Subgrant, no modification or amendment to this Subgrant shall be binding upon the parties unless the same is in writing and signed by the respective parties hereto.

IN WITNESS WHEREOF, the parties hereto have caused this Subgrant to be signed and intend to be legally bound thereby.

SCOPE OF SERVICES

Task 1. Project Management

This task will cover project management activities associated with the development of the SSC for the Las Vegas Wash activities. These activities include general correspondence between the project team and the DISTRICT teams, financial forecasting and tracking, and general project accounting including monthly invoicing. Ben Latham will serve as the primary project manager and point of contact between the Arcadis technical team and the DISTRICT.

It is also anticipated that periodic teleconferences will be needed to support development of the SSC in order to assess project schedule, discuss technical progress, and develop action items and appropriate milestones. These meetings are assumed to be needed on a monthly basis and would be attended by Ben Latham and Barry Fulton. Other staff would be included as needed depending on topic discussed.

Task 2. Site Visits with Stakeholders and Project Kick-off

It is anticipated that there will be a 2-day meeting and field tour with project stakeholders and Nevada Department of Environmental Protection (NDEP). This meeting and field tour will be attended by two team members to gain an understanding of the drainage basin and initiate technical discussions and collaboration NDEP.

Arcadis also anticipates completing a second more involved site reconnaissance with key staff from the DISTRICT to better understand the watershed including assessment of potential influences, stream habitat and substrate, flow characteristics and hydrology, and natural and anthropogenic considerations. Although sampling data would not be collected, the intent of the site walk would be to better understand the watershed to support the development of the SSC. Stream hydrology, tributary contributions, and potential fish presence or absence will be integral in development of the SSC, and an understanding of the watershed will be necessary to support any meetings and engagements with the regulatory agencies.

This second meeting would also be an opportunity for project planning and technical discussions that would include an understanding of NDEP concerns and a greater understanding of the available data. These site visits and meetings would be attended by a combination of Ben Latham, Barry Fulton, and Kevin Brix depending on expectations for the meetings. A report of

findings would not be anticipated for this task, but a photographic logs would be developed in order to formalize findings and convey the technical aspects identified.

Task 3. Regulatory Agency Meeting Support

It is anticipated that two collaborative meetings and two teleconferences will be needed with NDEP to support the development of the SSC. The Arcadis team will develop meeting materials (e.g., presentation slides) to support these collaborative meetings with NDEP. It has been assumed that support during the Nevada Administrative Rulemaking process is not needed.

For purposes of estimating costs, the collaborative meetings with NDEP are assumed to be attended by both Ben Latham and Barry Fulton, although specific staff would be selected based on the needs and anticipated meeting topics.

Task 4. SSC Approach and Reporting

Under this task the Arcadis team will develop SSC options for Las Vegas Wash and its tributaries and an overall framework for implementing SSC to facilitate delisting of Se within the Las Vegas Wash basin from the 303(d) list, where appropriate. Based on our current understanding of the Se issues in the Las Vegas Wash basin, we anticipate the SSC approach to address the following:

- i. Derivation of Site-Specific Fish Tissue Values. EPA's (2016) 303(a) Se criteria comprises both tissue and water-column elements; tissue elements (e.g., egg/ovary, whole-body, and muscle) have primacy over the water-column elements and are used to derive site-specific water-column values. As such, the first step in deriving a site-specific water-column value for Las Vegas Wash is to conduct a recalculation of the tissue criteria to reflect a site-specific fish assemblage. Arcadis will perform this recalculation procedure after reviewing the available fisheries data for the Las Vegas Wash basin and determining fish species that can be deleted from the EPA (2016) data set. Based on a preliminary evaluation of the data, it appears that species in the *Lepomis* (bluegill/sunfish) and *Micropterus* (bass) genera inhabit Las Vegas Wash while species in the *Oncorhynchus* genus (rainbow trout) reside downstream in Lake Mead. Given this, it may be advantageous to consider a modified recalculation approach in which the tissue criterion is set to reflect the most sensitive resident species if it can be shown to also be protective of all other resident fish.

Arcadis successfully applied this approach in the development of Se SSC for multiple surface waters in Idaho (Arcadis 2017; IDAPA 2019).

- ii. Derivation of Site-Specific Water Column Values. In July 2019, NDEP proposed 3.9 µg/L as a state-wide water column value for lotic waters based on a modified bioaccumulation factor (BAF) approach. Arcadis anticipates evaluating several options for developing site-specific water column values for Las Vegas Wash in addition to Nevada's current approach. As discussed with DISTRICT, the objective will be to develop site-specific water column values by leveraging existing data so that additional field studies are avoided or minimized. A target fish species will be selected based on a review of the fisheries data as described above. Bioaccumulation modelling, required to translate the tissue criterion into a site-specific water column value, may include one or more of the following approaches: (1) mechanistic modelling using EPA-derived model inputs (e.g., Trophic Transfer Factors [TTFs] for the target species, Enrichment Factors [EFs] representative of the hydrological characteristics of Las Vegas Wash, and Conversion Factors [CFs] for the target species); (2) mechanistic modelling using model inputs from existing data (if available and sufficient); (3) BAF modelling based on existing data (if available and sufficient); and/or other scientifically-defensible options including recalculation of EPA's 303(a) water column values excluding species and/or surface waters not representative of Las Vegas Wash. Importantly, available fish tissue Se data reviewed by the Arcadis team (ACT I 2011) are generally less than EPA's 303(a) criteria and thresholds for what appears to be the most sensitive resident fish (9.9 mg/kg whole body dw for *Lepomis*). This finding suggests co-occurring surface water concentrations (2007-2008) are protective of resident fish and that any exceedance(s) of a Se water column criterion did not translate to actual impacts considering the more reliable fish-tissue criterion element.
- iii. Tributaries and Channels. Based on discussions with DISTRICT, we understand several tributaries on the 303(d) list for Se do not support fish due to dry, intermittent, or low-flow conditions. Arcadis suggest a strategy to address these fishless streams/channels be developed that addresses (1) selected tributaries and/or reaches do not support fish due to natural hydrological conditions; (2) application of a fish-based criteria to selected fishless waters is therefore inappropriate; and (3) alternative approaches such as measuring downstream fish and/or development of fishless stream translators are likely more

appropriate for fishless streams. Arcadis will also develop water column and fish tissue values for the lower reaches of tributaries where fish may be present.

- iv. Potential Background Se Issues. Based on an initial literature review, it appears that some locations within the Las Vegas Wash basin are potentially impacted by naturally occurring background concentrations of Se (Zhou et al. 2004). Any tributaries on the 303(d) list for Se that are impacted by background Se should be addressed accordingly. Revising water quality standards to account for natural background concentrations is a scientifically sound and EPA-approved method for developing SSC.
- v. SSC Implementation. An important aspect in the development of SSC for Se is implementation, particularly for implementing a multi-element criterion on a watershed basis. As part of SSC development, Arcadis will address key implementation components: (1) monitoring and analytical methods; (2) protection of downstream aquatic life; (3) averaging periods and allowable excursion frequencies; (4) fishless waters as described above; and (5) hierarchy of the multi-element SSC.
- vi. Evaluation of Current 303(d) Listings. Arcadis will also conduct an initial evaluation of the current 303(d) listings following the development of SSC for Se. The purpose of this evaluation will be to provide DISTRICT with an understanding of the impact of the SSC on current listings and provide a technical basis from which to re-assess the listings against the best available scientific information.

NDEP ADDITIONAL AGENCY TERMS & CONDITIONS
SUBGRANT CONTROL #DEPS 20-072**

1. The Nevada Division of Environmental Protection (NDEP) shall pay no more compensation than the federal Executive Schedule Level 4 daily rate (exclusive of overhead) for individual consultants retained by the Subgrantee or by the Subgrantee's contractors or subcontractors. This limitation as defined in 2 CFR § 1500.9 applies to consultation services of designated individuals with specialized skills who are paid at a daily or hourly rate. The current Level 4 rate is \$78.94 per hour.

2. *NDEP shall only reimburse the Subgrantee for actual cash disbursed.* Invoices may be provided via email or facsimile and must be received by NDEP no later than forty (40) calendar days after the end of a month or quarter except:

- at the end of the fiscal year of the State of Nevada (June 30th), at which time invoices must be received by the first Friday in August of the same calendar year;
- at the expiration date of the grant, or the effective date of the revocation of the Subgrant, at which times original invoices must be received by NDEP no later than thirty-five (35) calendar days after this date.

Failure of the Subgrantee to submit billings according to the prescribed timeframes authorizes NDEP, in its sole discretion, to collect or withhold a penalty of ten percent (10%) of the amount being requested for each week or portion of a week that the billing is late. The Subgrantee shall provide with each invoice a detailed fiscal summary that includes the approved Subgrant budget, expenditures for the current period, cumulative expenditures to date, and balance remaining for each budget category. If match is required pursuant to paragraph 3 below, a similar fiscal summary of match expenditures must accompany each invoice. The Subgrantee shall obtain prior approval to transfer funds between budget categories if the funds to be transferred are greater than ten percent (10%) cumulative of the total Subgrant amount.

3. The Subgrantee shall, as part of its approved scope of work and budget under this Subgrant, provide third party match funds of not less than: \$. If match funds are required, the Subgrantee shall comply with additional record-keeping requirements as specified in 40 CFR 31.24 and the Third party Match Record-Keeping Requirements attachment, which is attached hereto and by this reference is incorporated herein and made part of this Subgrant.

4. Unless otherwise provided in Scope of work attachment, the Subgrantee shall submit quarterly reports or other deliverables within ten (10) calendar days after the end of each quarter.

5. All payments under this Subgrant are contingent upon the receipt by NDEP of sufficient funds, necessary to carry out the purposes of this Subgrant, from either the Nevada Legislature or an agency of the United States. NDEP shall determine if it has received the specific funding necessary for this Subgrant. If funds are not received from either source for the specific purposes of this Subgrant, NDEP is under no obligation to supply funding for this Subgrant. The receipt of sufficient funds as determined by NDEP is a condition precedent to NDEP's obligation to make payments under this Subgrant. Nothing in this Subgrant shall be construed to provide the Subgrantee with a right of payment over any other entity. If any payments that are otherwise due to the Subgrantee under this Subgrant are deferred because of the unavailability of sufficient funds, such payments will promptly be made to the Subgrantee if sufficient funds later become available.

6. Notwithstanding the terms of paragraph 5, at the sole discretion of NDEP, payments will not be made by NDEP unless all required reports or deliverables have been submitted to and approved by NDEP within the schedule stated in Attachment A.

7. Any funds obligated by NDEP under this Subgrant that are not expended by the Subgrantee shall automatically revert back to NDEP upon the completion, termination or cancellation of this Subgrant. NDEP shall not have any obligation to re-award or to provide, in any manner, such unexpended funds to the Subgrantee. The Subgrantee shall have no claim of any sort to such unexpended funds.

8. The Subgrantee shall ensure, to the fullest extent possible, that at least the “fair share” percentages as stated below for prime contracts for construction, services, supplies or equipment are made available to organizations owned or controlled by socially and economically disadvantaged individuals (Minority Business Enterprise (MBE) or Small Business Enterprise (SBE)), women (Women Business Enterprise (WBE)) and historically black colleges and universities.

	MBE/SBE	WBE
Construction	2%	2%
Services	1%	2%
Supplies	1%	1%
Equipment	1%	1%

The Subgrantee agrees and is required to utilize the following seven affirmative steps:

- a. Include in its bid documents applicable “fair share” percentages as stated above and require all of its prime contractors to include in their bid documents for subcontracts the “fair share” percentages;
- b. Include qualified Small Business Enterprises (SBEs) Minority Business Enterprises (MBEs), and Women Business Enterprises (WBEs) on solicitation lists;
- c. Assure that SBEs, MBEs, and WBEs are solicited whenever they are potential sources;
- d. Divide total requirements, when economically feasible, into small tasks or quantities to e. permit maximum participation of SBEs, MBEs, and WBEs;
- e. Establish delivery schedules, where the requirements of the work permit, which will encourage participation by SBEs, MBEs, and WBEs;
- f. Use the services and assistance of the Small Business Administration and the Minority Business Development Agency, U.S. Department of commerce as appropriate; and
- g. If a subcontractor awards contracts/procurements, require the subcontractor to take the affirmative steps in subparagraphs a. through e. of this condition.

9. The Subgrantee shall complete and submit to NDEP a Minority Business Enterprise/Woman Business Enterprise (MBE/WBE) Utilization Report (Standard Form 334) within fifteen (15) calendar days after the end of each federal fiscal year (September 30th) for each year this Subgrant is in effect and within fifteen (15) calendar days after the termination date of this Subgrant.

10. The books, records, documents and accounting procedures and practices of the Subgrantee or any subcontractor relevant to this Subgrant shall be subject to inspection, examination and audit by the State of Nevada, the Division of Environmental Protection, the Attorney General of Nevada, the Nevada State Legislative Auditor, the federal or other funding agency, the Comptroller General of the United States or any authorized representative of those entities.

11. All books, reports, studies, photographs, negatives, annual reports or other documents, data, materials or drawings prepared by or supplied to the Subgrantee in the performance of its obligations under this Subgrant shall be the joint property of both parties. Such items must be retained by the Subgrantee for a minimum of three years from the date of final payment by NDEP to the Subgrantee, and all other pending matters are closed. If requested by NDEP at any time within the retention period, any such materials shall be remitted and delivered by the Subgrantee, at the Subgrantee’s expense, to NDEP. NDEP does not warrant or assume any legal liability or responsibility for the accuracy, completeness, or usefulness of any information, report or product of any kind that the Subgrantee may disclose or use for purposes other than the performance of the Subgrantee’s obligations under this Subgrant. For any work outside the obligations of this Subgrant, the Subgrantee must include a disclaimer that the information, report or products are the views and opinions of the Subgrantee and do not necessarily state or reflect those of NDEP nor bind NDEP.

12. Unless otherwise provided in the Scope of Work or Workplan Attachment A, when issuing statements, press releases, requests for proposals, bid solicitations and other documents describing projects or programs funded in whole or in part with funds provided under this Subgrant, the Subgrantee shall clearly state that

funding for the project or program was provided by the Nevada Division of Environmental Protection and, if applicable, the U.S. Environmental Protection Agency. The Subgrantee will insure that NDEP is given credit in all official publications relative to this specific project and that the content of such publications will be coordinated with NDEP prior to being published.

13. Unless otherwise provided in the Scope of Work or Workplan Attachment A, all property purchased with funds provided pursuant to this Subgrant is the property of NDEP and shall, if NDEP elects within four (4) years after the completion, termination or cancellation of this Subgrant or after the conclusion of the use of the property for the purposes of this Subgrant during its term, be returned to NDEP at the Subgrantee's expense.

Such property includes but is not limited to vehicles, computers, software, modems, calculators, radios, and analytical and safety equipment. The Subgrantee shall use all purchased property in accordance with local, state and federal law, and shall use the property only for Subgrant purposes unless otherwise agreed to in writing by NDEP.

For any unauthorized use of such property by the Subgrantee, NDEP may elect to terminate the Sub-grant and to have the property immediately returned to NDEP by the Sub-grantee at the Sub-grantee's expense. To the extent authorized by law, the Sub-grantee shall indemnify and save and hold the State of Nevada and NDEP harmless from any and all claims, causes of action or liability arising from any use or custody of the property by the Sub-grantee or the Sub-grantee's agents or employees or any subcontractor or their agents or employees.

For any project involving new or replacement equipment acquired, in whole or in part, using federal funding sources under a subgrant, the Subgrantee is subject to the terms and conditions set forth in 41 CFR § 105-71.132, which contains provisions that govern the title, use, and disposal of the equipment. Equipment means tangible, nonexpendable, personal property having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit.

14. The Sub-grantee shall use recycled paper for all reports that are prepared as part of this Sub-grant and delivered to NDEP. This requirement does not apply to standard forms.

15. The Sub-grantee, to the extent provided by Nevada law, shall indemnify and save and hold the State of Nevada, its agents and employees harmless from any and all claims, causes of action or liability arising from the performance of this Sub-grant by the Sub-grantee or the Sub-grantee's agents or employees or any subcontractor or their agents or employees. NDEP, to the extent provided by Nevada law, shall indemnify and save and hold the Sub-grantee, its agents and employees harmless from any and all claims, causes of action or liability arising from the performance of this Sub-grant by NDEP or NDEP's agents or employees.

16. The Sub-grantee and its subcontractors shall obtain any necessary permission needed, before entering private or public property, to conduct activities related to the work plan (Attachment A). The property owner will be informed of the program, the type of data to be gathered, and the reason for the requested access to the property.

17. This Sub-grant shall be construed and interpreted according to the laws of the State of Nevada and conditions established in OMB Circular A-102. Nothing in this Sub-grant shall be construed as a waiver of sovereign immunity by the State of Nevada. Any action brought to enforce this Sub-grant shall be brought in the First Judicial District Court of the State of Nevada. The Sub-grantee and any of its subcontractors shall comply with all applicable local, state and federal laws in carrying out the obligations of this Sub-grant, including all federal and state accounting procedures and requirements established in OMB Circular A-87 and A-133. The Sub-grantee and any of its subcontractors shall also comply with the following:

- a. 40 CFR Part 7 - Nondiscrimination In Programs Receiving Federal Assistance From EPA
- b. 40 CFR Part 29 - Intergovernmental Review of EPA Programs and Activities.

- c. 40 CFR Part 31 - Uniform Administrative Requirements For Grants And Cooperative Agreements To State and Local Governments;
- d. 40 CFR Part 32 – Government-wide Debarment And Suspension (Non-procurement) And Government-wide Requirements For Drug-Free Workplace (Grants);
- e. 40 CFR Part 34 - Lobbying Activities;
- f. 40 CFR Part 35, Subpart O - Cooperative Agreements And Superfund State Contracts For Superfund Response Actions (Superfund Only); and
- g. The Hotel and Motel Fire Safety Act of 1990.

18. The Sub-grantee shall neither assign, transfer nor delegate any rights, obligations or duties under this Sub-grant without the prior written consent of NDEP.

Delays or problem areas: Removed many encampments.

Work completed during prior fiscal year: Staff provided erosion control, dust control, fence repairs and vegetation removal along embankment slopes and access roads. Staff cleaned, inspected and maintained channels, inlet and outlet structures, and removed debris and graffiti as needed. Due to the high cost of replacement in NLV 4 staff will continue to repair the damaged concrete in smaller sections.

Work to be completed during current fiscal year: Staff will continue to provide erosion control, dust control, fence repairs and vegetation removal along embankment slopes and access roads. Staff will clean, inspect and maintain channels, inlet and outlet structures, and remove debris and graffiti as needed. First phase of estimated three phases to remove and replace the concrete on lined channel for Vandenberg Channel between Lone Mountain & Craig Road. Homeless encampment clean up upon occurrence.

Delays or problem areas: Continued to work with Las Vegas to remove debris being dumped. Due to Tule Springs development we have seen an increased amount of offroad vehicles in this area.

Work completed during prior fiscal year: Staff provided erosion control, dust control as needed, fence repairs, vegetation removal, cleaned inlet and outlet structures, maintained access roads and provided scheduled maintenance on the levee. Created an access road per Regional flood request. Major erosion repairs.

Work to be completed during current fiscal year: Staff will continue erosion repairs on north side of levee, bottom of DB, and along Decatur; silt build-up inside DB and grading of inside basin access road; and vandalism in outlet structure. Staff will provide erosion and dust control, remove vegetation, provide fence repairs, clean outlets and inlets, maintain access roads and inspect/monitor levee.

Delays or problem areas: Providing maintenance on the levee was encumbered due to the higher than normal level of Air Force training exercises. Due to these factors we were only able to service NLV 17 twice a week during the month of December and January, which interfered with production. In light of these challenges our projects were delayed but completed.

Work completed during prior fiscal year: Staff provided major erosion control, fencing repairs, vegetation removal and dust control. Minor homeless encampments encountered. Also encountered fencing repairs due to offroad traffic.

Work to be completed during current fiscal year: Clear access route into DB, repair erosion on embankment slopes, provide fencing repairs, remove vegetation, and provide dust control as needed. Staff will also maintain access roads, monitor and inspect levee. Remove homeless encampments upon occurrence

AGENDA ITEM

SUBJECT: MAINTENANCE WORK PROGRAM – FY 2020-21 BUDGETS, PLANS, AND INTERLOCAL CONTRACTS
PETITIONER: STEVEN C. PARRISH, P.E., GENERAL MANAGER/CHIEF ENGINEER
RECOMMENDATION OF PETITIONER: APPROVE THE BUDGETS, PLANS, AND INTERLOCAL CONTRACTS FOR THE FISCAL YEAR 2020-21 MAINTENANCE WORK PROGRAM AND AUTHORIZE THE CHAIR TO SIGN THE INTERLOCAL CONTRACTS (FOR POSSIBLE ACTION)

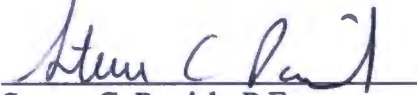

FISCAL IMPACT: \$13,073,558.00 – Funds are available in the FY 2020-21 budget.

BACKGROUND: Staff requested that each of the entities prepare their fiscal year 2020-21 Maintenance Work Program (MWP) plan and budget, and submit the interlocal contracts for approval by the Board. The interlocal contracts, along with an itemized listing of the facilities identified in each work plan, are attached for your review and approval. The following table provides a comparison of fiscal year 2020-21 budget requests with fiscal year 2019-20 approved budget amounts:

Entity	FY 2019-20 Budget Request	FY 2020-21 Budget Request	Percent Change
Boulder City	\$ 400,000.00	\$ 451,000.00	12.8%
Clark County	\$ 4,274,700.00	\$ 3,126,500.00	-26.9%
Henderson	\$ 3,850,700.00	\$ 3,651,831.00	-5.2%
Las Vegas	\$ 2,825,000.00	\$ 3,200,000.00	13.3%
Mesquite	\$ 769,800.00	\$ 489,800.00	-36.4%
North Las Vegas	\$ 1,834,500.00	\$ 2,154,427.00	17.4%
Totals	\$13,954,700.00	\$13,073,558.00	-6.3%

Upon approval, the interlocal contracts will become effective July 1, 2020 and expire June 30, 2021. Requested funding amounts will be available July 1, 2020. At the end of fiscal year 2020-21, the remaining unencumbered balances for each entity may be reprogrammed for the MWP in subsequent fiscal years.

Respectfully submitted,

 Steven C. Parrish, P.E.
 General Manager/Chief Engineer

**INTERLOCAL CONTRACT
ANNUAL MAINTENANCE WORK PROGRAM**

THIS CONTRACT, made and entered into this __ day of ___ 2020, by and between the CITY OF BOULDER CITY, a political subdivision of the State of Nevada, hereinafter referred to as "CITY", and the CLARK COUNTY REGIONAL FLOOD CONTROL DISTRICT, hereinafter referred to as "DISTRICT".

WITNESSETH:

WHEREAS, pursuant to Chapter 543 of the Nevada Revised Statutes, the DISTRICT may approve and fund projects to maintain flood control improvements; and

WHEREAS, pursuant to NRS 277.180 any one or more public agencies may contract with one or more other public agencies to perform any governmental service, activity or undertaking which any of the public agencies is authorized by law to perform; and

WHEREAS, the CITY desires to maintain flood control improvements within the CITY in accordance with the maintenance program set forth herein, and hereinafter referred to as "Project"; and

WHEREAS, the facilities upon which maintenance will be performed are facilities described in the DISTRICT'S Master Plan.

NOW, THEREFORE, in consideration of the covenants, conditions, agreements, and promises of the parties hereto, the DISTRICT authorizes the Project as it is mutually understood and agreed as follows:

SECTION I - SCOPE OF PROJECT

This Interlocal Contract applies to the maintenance of flood control facilities, which are identified in the DISTRICT'S Master Plan facilities including updates and amendments subsequently approved. The basic maintenance of the facilities will be in accordance with performance standards set forth in the current DISTRICT *Operations and Maintenance Manual*.

The Project is more specifically described in Exhibit "A" which is attached hereto and by this reference incorporated herein.

SECTION II - PROJECT COSTS

The DISTRICT agrees to make payment for Project costs within the limits specified below:

1. The Project costs shall not exceed \$451,000.00.

The amounts allocated to each individual facility within the Project must be specified in Exhibit "A". Any changes to said allocated amounts must be approved by the DISTRICT'S Chief Engineer in accordance with Section 4.24 of the DISTRICT *Operations and Maintenance Manual*.

A written request must be made to the DISTRICT and a Supplemental Interlocal Contract approved to increase the amount noted above prior to payment of any additional funds.

2. The CITY and DISTRICT will comply with Section 4.12 of the *Operations and Maintenance Manual*. In accordance with said manual the CITY shall submit invoices together with a detailed summary report of the maintenance service performed. The CITY shall submit an invoice voucher in the manner prescribed by the DISTRICT. The vouchers shall include such information as is necessary for the DISTRICT to determine the nature of all expenditures. Each voucher will clearly indicate that it is for services rendered in performance under this contract. Each voucher will also be accompanied by a written certification from the CITY stating that it is for performance of maintenance activities under this contract and is composed of completed elements set forth in the annual work program.

All invoices must be submitted for payment to:

Clark County Regional Flood Control District
Accounts Payable
600 S. Grand Central Parkway, Suite 300
Las Vegas, Nevada 89106-4511

Payment shall be considered timely if made by the DISTRICT within 30 days of receipt of the invoice. Pursuant to Section IV, Paragraph 8, the DISTRICT may, in its sole discretion, withhold payments to the CITY for services rendered if the CITY fails to satisfactorily comply with any term or condition of this contract and/or the DISTRICT *Operations and Maintenance Manual*.

SECTION III - PROJECT TIME

The CITY agrees to perform the Project to the satisfaction of the DISTRICT between July 1, 2020 and June 30, 2021. The DISTRICT may grant extensions or terminate this contract and require all sums advanced to the CITY to be repaid if the CITY fails to perform by said date.

SECTION IV - GENERAL

1. The CITY will complete the Project as set forth in Exhibit "A". The CITY staff personnel responsible for coordination of work under this contract are as listed below:

Keegan Littrell, P.E.

Director of Public Works

It is understood that staff named above will be responsible for work coordination throughout the period of this contract unless the DISTRICT is informed in writing of changes in these personnel assignments.

2. The CITY will comply with the applicable provisions of the Local Government Purchasing Act, Chapter 332 and Public Works, Chapter 338, of the Nevada Revised Statutes.

3. Applicable portions of the current editions of the *Operations and Maintenance Manual, Policies and Procedures Manual, Hydrologic Criteria and Drainage Design Manual, and Uniform Regulations for the Control of Drainage* adopted by the DISTRICT will apply unless specifically superseded by this CONTRACT.

4. It is the intent of the DISTRICT that scheduling of maintenance and repair of drainage and flood control facilities in general and Master Plan Facilities specifically be coordinated among member entities. Therefore, in those cases where Master Plan approved, and DISTRICT-funded projects have regional flood control significance impacting more than one member entity, the CITY will allow all impacted member entities an opportunity to review the maintenance schedule in order to coordinate maintenance efforts.

5. The Chief Engineer or designee of the DISTRICT shall be responsible for monitoring the performance of the CITY, approval for payment of billings and expenses submitted by the CITY and the acceptance of any report provided by the CITY. The CITY shall be responsible for monitoring performance of CITY staff or private contractors.

6. Accurate documentation of all work performed and payments made shall be maintained by the CITY for a period of three (3) years in hard copy form after final project approval and payments. Following the three year period, the CITY shall keep records for permanent storage in original form, in microfilm/fiche media, or an electronic format in accordance with the CITY Record Retention Schedule.

7. The CITY shall provide right of access to its facilities to the DISTRICT or Chief Engineer at all reasonable times, in order to monitor and evaluate performance, compliance, and/or quality assurance under this contract.

8. In the event the CITY fails to perform the maintenance according to the standards specified in this contract and the DISTRICT *Operations and Maintenance Manual*, the DISTRICT may perform or cause to be performed the maintenance necessary to assure proper operation of the facility. Costs incurred by the DISTRICT shall be reimbursed by the CITY or be deducted from the amount authorized by this contract. The DISTRICT may not exercise this right without giving the CITY specific written notice of the maintenance required and allowing the CITY 60 days within which to perform said maintenance. The notice required by this provision must be sent to:

Keegan Littrell, P.E.

Director of Public Works

9. The records of the CITY and/or private contractors pertaining to the subject matter of this contract shall at all reasonable times be subject to inspection and audit by the DISTRICT or an Agent of the DISTRICT.

10. If any provision of this contract shall be deemed in conflict with any statute or rule of law, such provision shall be deemed modified to be in conformance with said statute or rule of law.

11. The CITY, its employees, and representative shall at all times comply with all applicable laws, ordinances, statutes, rules, and regulations in effect at the time work is performed.

12. The CITY hereby agrees to reimburse the DISTRICT if funds are received from other sources for maintenance and repair of drainage and flood control facilities paid for by the DISTRICT.

13. The DISTRICT will not be responsible for any fines and/or penalties caused by the actions or inactions of CITY employees, consultants, contractors, or agents.

14. Any costs found to be improperly allocated to the Project will be refunded by the CITY to the DISTRICT.

15. It is specifically understood and agreed to by and between the parties hereto that it is not intended by any of the provisions of any part of this contract to create in the public or any member thereof a third party beneficiary hereunder, or to authorize anyone not a party to this

contract to maintain a suit for personal injuries or property damage pursuant to the terms or provisions of this contract.

16. Up to the limits set forth in NRS Chapter 41, the CITY will indemnify and defend the DISTRICT against and from any and all claims and demands of whatsoever nature which arises out of allegations of negligence or misconduct of CITY officers, employees or agents, related to or under this Contract which results from injury to or death of any persons whomsoever, or against and from damage to or loss or destruction of property.

17. This agreement shall be construed and interpreted in accordance with the laws of the State of Nevada.

Delays or problem areas: There is a water line conflict with the HMTH0034 berm that needs to be addressed. The water line needs to be lowered in order to complete the rest of the berm.

Work completed during prior fiscal year: Inspection, erosion repair and reshaping of unlined channels, vegetation control, cleaning of concrete channels and outlet structures. Pacifica energy dissipator cleaning. Hemenway channel concrete panel replacement. Paid State Dam Safety Storage fees. Inspected basins with State Dam Safety. Worked on maintenance items identified by State Dam Safety, in particular spillway cracks at detention basins.

Work to be completed during current fiscal year: Perform bridge inspections and address any items identified. Clean and repair fences and signs, erosion control, reshaping of unlined channels, replace broken concrete sections in channels. Weed control and removal. Cleaning of channels and outlet structures. Pay State Dam Safety Storage fees. Complete Hemenway Watershed Phase IIB Improvements and complete Hemenway Watershed Phase IIA berm work.

AGENDA ITEM**

SUBJECT:

Flood Control Facility Maintenance

PETITIONER:

DENIS CEDERBURG, DIRECTOR OF PUBLIC WORKS

RECOMMENDATION OF PETITIONER:

That the Regional Flood Control District Board approve and authorize the Chairman to sign the Interlocal Contract for the maintenance of Flood Control Facilities in the unincorporated areas of Clark County for the 2020-2021 Annual Maintenance Program.

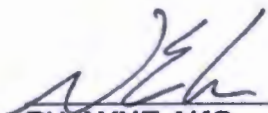

FISCAL IMPACT:

\$ 3,126,500.00 Funded by the Regional Flood Control District

BACKGROUND:

The Clark County Regional Flood Control District has programmed funds for the maintenance of flood control facilities which are shown on the Master Plan. Clark County Public Works is proposing this Interlocal Contract to provide funds to maintain those facilities shown on the Master Plan and located in the unincorporated areas of Clark County. The maintenance program is identified in Exhibit "A" of the Interlocal Contract.

Respectfully submitted,

DWAYNE AKO
Road Division Manager on behalf of
DENIS CEDERBURG

**INTERLOCAL CONTRACT
ANNUAL MAINTENANCE WORK PROGRAM**

THIS CONTRACT, made and entered into this ___ day of _____, 20____, by and between the CLARK COUNTY, a political subdivision of the State of Nevada, hereinafter referred to as COUNTY, and the CLARK COUNTY REGIONAL FLOOD CONTROL DISTRICT, hereinafter referred to as "DISTRICT".

WITNESSETH:

WHEREAS, pursuant to Chapter 543 of the Nevada Revised Statutes, the DISTRICT may approve and fund projects to maintain flood control improvements; and

WHEREAS, pursuant to NRS 277.180 any one or more public agencies may contract with one or more other public agencies to perform any governmental service, activity or undertaking which any of the public agencies is authorized by law to perform; and

WHEREAS, the COUNTY desires to maintain flood control improvements within the COUNTY in accordance with the maintenance program set forth herein, and hereinafter referred to as "Project"; and

WHEREAS, the facilities upon which maintenance will be performed are facilities described in the DISTRICT'S Master Plan.

NOW, THEREFORE, in consideration of the covenants, conditions, agreements, and promises of the parties hereto, the DISTRICT authorizes the Project as it is mutually understood and agreed as follows:

SECTION I - SCOPE OF PROJECT

This Interlocal Contract applies to the maintenance of flood control facilities, which are identified in the DISTRICT'S Master Plan facilities including updates and amendments subsequently approved. The basic maintenance of the facilities will be in accordance with performance standards set forth in the current DISTRICT *Operations and Maintenance Manual*.

The Project is more specifically described in Exhibit "A" which is attached hereto and by this reference incorporated herein.

SECTION II - PROJECT COSTS

The DISTRICT agrees to make payment for Project costs within the limits specified below:

1. The Project costs shall not exceed \$3,126,500.00.

The amounts allocated to each individual facility within the Project must be specified in Exhibit "A". Any changes to said allocated amounts must be approved by the DISTRICT'S Chief Engineer in accordance with Section 4.24 of the DISTRICT *Operations and Maintenance Manual*.

A written request must be made to the DISTRICT and a Supplemental Interlocal Contract approved to increase the amount noted above prior to payment of any additional funds.

2. The COUNTY and DISTRICT will comply with Section 4.12 of the *Operations and Maintenance Manual*. In accordance with said manual the COUNTY shall submit invoices together with a detailed summary report of the maintenance service performed. The COUNTY shall submit an invoice voucher in the manner prescribed by the DISTRICT. The vouchers shall include such information as is necessary for the DISTRICT to determine the nature of all expenditures. Each voucher will clearly indicate that it is for services rendered in performance under this contract. Each voucher will also be accompanied by a written certification from the COUNTY stating that it is for performance of maintenance activities under this contract and is composed of completed elements set forth in the annual work program.

All invoices must be submitted for payment to:

Clark County Regional Flood Control District
Accounts Payable
600 S. Grand Central Parkway, Suite 300
Las Vegas, Nevada 89106-4511

Payment shall be considered timely if made by the DISTRICT within 30 days of receipt of the invoice. Pursuant to Section IV, Paragraph 8, the DISTRICT may, in its sole discretion, withhold payments to the COUNTY for services rendered if the COUNTY fails to satisfactorily comply with any term or condition of this contract and/or the DISTRICT *Operations and Maintenance Manual*.

SECTION III - PROJECT TIME

The COUNTY agrees to perform the Project to the satisfaction of the DISTRICT between July 1, 2020 and June 30, 2021. The DISTRICT may grant extensions or terminate this

contract and require all sums advanced to the COUNTY to be repaid if the COUNTY fails to perform by said date.

SECTION IV - GENERAL

1. The COUNTY will complete the Project as set forth in Exhibit "A". The COUNTY staff personnel responsible for coordination of work under this contract are as listed below:

Denis Cederburg, Director of Public Works, or his designee

It is understood that staff named above will be responsible for work coordination throughout the period of this contract unless the DISTRICT is informed in writing of changes in these personnel assignments.

2. The COUNTY will comply with the applicable provisions of the Local Government Purchasing Act, Chapter 332 and Public Works, Chapter 338, of the Nevada Revised Statutes.

3. Applicable portions of the current editions of the *Operations and Maintenance Manual*, *Policies and Procedures Manual*, *Hydrologic Criteria and Drainage Design Manual*, and *Uniform Regulations for the Control of Drainage* adopted by the DISTRICT will apply unless specifically superseded by this CONTRACT.

4. It is the intent of the DISTRICT that scheduling of maintenance and repair of drainage and flood control facilities in general and Master Plan Facilities specifically be coordinated among member entities. Therefore, in those cases where Master Plan approved, and DISTRICT-funded projects have regional flood control significance impacting more than one member entity, the COUNTY will allow all impacted member entities an opportunity to review the maintenance schedule in order to coordinate maintenance efforts.

5. The Chief Engineer or designee of the DISTRICT shall be responsible for monitoring the performance of the COUNTY, approval for payment of billings and expenses submitted by the COUNTY and the acceptance of any report provided by the COUNTY. The COUNTY shall be responsible for monitoring performance of COUNTY staff or private contractors.

6. Accurate documentation of all work performed and payments made shall be maintained by the COUNTY for a period of three (3) years in hard copy form after final project

approval and payments. Following the three year period, the COUNTY shall keep records for permanent storage in original form, in microfilm/fiche media, or an electronic format in accordance with the COUNTY Record Retention Schedule.

7. The COUNTY shall provide right of access to its facilities to the DISTRICT or Chief Engineer at all reasonable times, in order to monitor and evaluate performance, compliance, and/or quality assurance under this contract.

8. In the event the COUNTY fails to perform the maintenance according to the standards specified in this contract and the DISTRICT *Operations and Maintenance Manual*, the DISTRICT may perform or cause to be performed the maintenance necessary to assure proper operation of the facility. Costs incurred by the DISTRICT shall be reimbursed by the COUNTY or be deducted from the amount authorized by this contract. The DISTRICT may not exercise this right without giving the COUNTY specific written notice of the maintenance required and allowing the COUNTY 60 days within which to perform said maintenance. The notice required by this provision must be sent to:

Denis Cederburg
Director, Department of Public Works
500 South Grand Central Parkway, 2nd Floor
Las Vegas, NV 89155-4000

9. The records of the COUNTY and/or private contractors pertaining to the subject matter of this contract shall at all reasonable times be subject to inspection and audit by the DISTRICT or an Agent of the DISTRICT.

10. If any provision of this contract shall be deemed in conflict with any statute or rule of law, such provision shall be deemed modified to be in conformance with said statute or rule of law.

11. The COUNTY, its employees, and representative shall at all times comply with all applicable laws, ordinances, statutes, rules, and regulations in effect at the time work is performed.

12. The COUNTY hereby agrees to reimburse the DISTRICT if funds are received from other sources for maintenance and repair of drainage and flood control facilities paid for by the DISTRICT.

IN WITNESS WHEREOF, the parties have caused this contract to be executed the day and year first above written.

**INTERLOCAL CONTRACT
ANNUAL MAINTENANCE WORK PROGRAM**

This CONTRACT, made and entered into this ____ day of _____, 2020, by and between the CITY OF HENDERSON, a political subdivision of the State of Nevada, hereinafter referred to as "CITY", and the CLARK COUNTY REGIONAL FLOOD CONTROL DISTRICT, hereinafter referred to as "DISTRICT".

W I T N E S S E T H:

WHEREAS, pursuant to Chapter 543 of the Nevada Revised Statutes, the DISTRICT may approve and fund projects to maintain flood control improvements; and

WHEREAS, pursuant to NRS 277.180 any one or more public agencies may contract with one or more other public agencies to perform any governmental service, activity or undertaking which any of the public agencies is authorized by law to perform; and

WHEREAS, the CITY desires to maintain flood control improvements within the CITY in accordance with the maintenance program set forth herein, and hereinafter referred to as "Project"; and

WHEREAS, the facilities upon which maintenance will be performed are facilities described in the DISTRICT'S Master Plan.

NOW, THEREFORE, in consideration of the covenants, conditions, agreements, and promises of the parties hereto, the DISTRICT authorizes the Project as it is mutually understood and agreed as follows:

SECTION I - SCOPE OF PROJECT

This Interlocal Contract applies to the maintenance of flood control facilities, which are identified in the DISTRICT'S Master Plan facilities including updates and amendments subsequently approved. The basic maintenance of the facilities will be in accordance with performance standards set forth in the current DISTRICT *Operations and Maintenance Manual*.

The Project is more specifically described in Exhibit "A" which is attached hereto and by this reference incorporated herein.

SECTION II - PROJECT COSTS

The DISTRICT agrees to make payment for Project costs within the limits specified below:

1. The Project costs shall not exceed \$3,651,831.00.

The amounts allocated to each individual facility within the Project must be specified in Exhibit "A". Any changes to said allocated amounts must be approved by the DISTRICT'S Chief Engineer in accordance with Section 4.24 of the DISTRICT *Operations and Maintenance Manual*.

A written request must be made to the DISTRICT and a Supplemental Interlocal Contract approved to increase the amount noted above prior to payment of any additional funds.

2. The CITY and DISTRICT will comply with Section 4.12 of the *Operations and Maintenance Manual*. In accordance with said manual the CITY shall submit invoices together with a detailed summary report of the maintenance service performed. The CITY shall submit an invoice voucher in the manner prescribed by the DISTRICT. The vouchers shall include such information as is necessary for the DISTRICT to determine the nature of all expenditures. Each voucher will clearly indicate that it is for services rendered in performance under this contract. Each voucher will also be accompanied by a written certification from the CITY stating that it is for performance of maintenance activities under this contract and is composed of completed elements set forth in the annual work program.

All invoices must be submitted for payment to:

Clark County Regional Flood Control District
Accounts Payable
600 S. Grand Central Parkway, Suite 300
Las Vegas, Nevada 89106-4511

Payment shall be considered timely if made by the DISTRICT within 30 days of receipt of the invoice. Pursuant to Section IV, Paragraph 8, the DISTRICT may, in its sole discretion, withhold payments to the CITY for services rendered if the CITY fails to satisfactorily comply with any term or condition of this contract and/or the DISTRICT *Operations and Maintenance Manual*.

SECTION III - PROJECT TIME

The CITY agrees to perform the Project to the satisfaction of the DISTRICT between July 1, 2020 and June 30, 2021. The DISTRICT may grant extensions or terminate this contract and require all sums advanced to the CITY to be repaid if the CITY fails to perform by said date.

SECTION IV - GENERAL

1. The CITY will complete the Project as set forth in Exhibit "A". The CITY staff personnel responsible for coordination of work under this contract are as listed below:

Edward McGuire, P.E., Director - Public Works
Albert J. Jankowiak, P.E., CFM, Project Engineer III-Public Works

It is understood that staff named above will be responsible for work coordination throughout the period of this contract unless the DISTRICT is informed in writing of changes in these personnel assignments.

2. The CITY will comply with the applicable provisions of the Local Government Purchasing Act, Chapter 332 and Public Works, Chapter 338, of the Nevada Revised Statutes.

3. Applicable portions of the current editions of the *Operations and Maintenance Manual*, *Policies and Procedures Manual*, *Hydrologic Criteria and Drainage Design Manual*, and *Uniform Regulations for the Control of Drainage* adopted by the DISTRICT will apply unless specifically superseded by this CONTRACT.

4. It is the intent of the DISTRICT that scheduling of maintenance and repair of drainage and flood control facilities in general and Master Plan Facilities specifically be coordinated among member entities. Therefore, in those cases where Master Plan approved, and DISTRICT-funded projects have regional flood control significance impacting more than one member entity, the CITY will allow all impacted member entities an opportunity to review the maintenance schedule in order to coordinate maintenance efforts.

5. The Chief Engineer or designee of the DISTRICT shall be responsible for monitoring the performance of the CITY, approval for payment of billings and expenses submitted by the CITY and the

acceptance of any report provided by the CITY. The CITY shall be responsible for monitoring performance of CITY staff or private contractors.

6. Accurate documentation of all work performed and payments made shall be maintained by the CITY for a period of three (3) years in hard copy form after final project approval and payments. Following the three year period, the CITY shall keep records for permanent storage in original form, in microfilm/fiche media, or an electronic format in accordance with the CITY Record Retention Schedule.

7. The CITY shall provide right of access to its facilities to the DISTRICT or Chief Engineer at all reasonable times, in order to monitor and evaluate performance, compliance, and/or quality assurance under this contract.

8. In the event the CITY fails to perform the maintenance according to the standards specified in this contract and the DISTRICT *Operations and Maintenance Manual*, the DISTRICT may perform or cause to be performed the maintenance necessary to assure proper operation of the facility. Costs incurred by the DISTRICT shall be reimbursed by the CITY or be deducted from the amount authorized by this contract. The DISTRICT may not exercise this right without giving the CITY specific written notice of the maintenance required and allowing the CITY 60 days within which to perform said maintenance. The notice required by this provision must be sent to:

Edward McGuire, P.E., Director - Public Works
Albert J. Jankowiak, P.E., CFM, Project Engineer III-Public Works

9. The records of the CITY and/or private contractors pertaining to the subject matter of this contract shall at all reasonable times be subject to inspection and audit by the DISTRICT or an Agent of the DISTRICT.

10. If any provision of this contract shall be deemed in conflict with any statute or rule of law, such provision shall be deemed modified to be in conformance with said statute or rule of law.

11. The CITY, its employees, and representative shall at all times comply with all applicable laws, ordinances, statutes, rules, and regulations in effect at the time work is performed.

12. The CITY hereby agrees to reimburse the DISTRICT if funds are received from other sources for maintenance and repair of drainage and flood control facilities paid for by the DISTRICT.

13. The DISTRICT will not be responsible for any fines and/or penalties caused by the actions or inactions of CITY employees, consultants, contractors, or agents.

14. Any costs found to be improperly allocated to the Project will be refunded by the CITY to the DISTRICT.

15. It is specifically understood and agreed to by and between the parties hereto that it is not intended by any of the provisions of any part of this contract to create in the public or any member thereof a third party beneficiary hereunder, or to authorize anyone not a party to this contract to maintain a suit for personal injuries or property damage pursuant to the terms or provisions of this contract.

16. Up to the limits set forth in NRS Chapter 41, the CITY will indemnify and defend the DISTRICT against and from any and all claims and demands of whatsoever nature which arises out of allegations of negligence or misconduct of CITY officers, employees or agents, related to or under this Contract which results from injury to or death of any persons whomsoever, or against and from damage to or loss or destruction of property.

17. This agreement shall be construed and interpreted in accordance with the laws of the State of Nevada.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK

IN WITNESS WHEREOF, this Interlocal Contract is hereby executed as of the date first set forth above.

SUBJECT:

2020-2021 ANNUAL MAINTENANCE WORK PROGRAM BUDGET

PETITIONER: MIKE JANSSEN, DIRECTOR

CITY OF LAS VEGAS – DEPARTMENT OF PUBLIC WORKS

RECOMMENDATION OF PETITIONER:

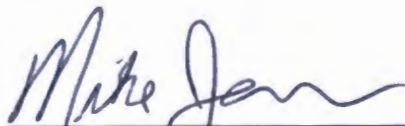

IT IS RECOMMENDED THAT THE CLARK COUNTY REGIONAL FLOOD CONTROL DISTRICT APPROVE THIS INTERLOCAL CONTRACT FOR THE MAINTENANCE OF REGIONAL FLOOD CONTROL FACILITIES FOR THE FY 2020-2021 (FOR POSSIBLE ACTION).

FISCAL IMPACT: \$3,200,000.00

BACKGROUND:

The FY 2020-2021 Maintenance Work Program has been developed to maintain Regional Flood Control Facilities within the City of Las Vegas. The locations of the facilities to be maintained are shown on Exhibit "A" of the proposed Interlocal Agreement, and the work to be performed is described in the work program which is attached.

Respectfully submitted,

Mike Janssen, Director
Department of Public Works

**INTERLOCAL CONTRACT
ANNUAL MAINTENANCE WORK PROGRAM**

THIS CONTRACT, made and entered into this ____ day of _____, 2020, by and between the CITY OF LAS VEGAS, a political subdivision of the State of Nevada, hereinafter referred to as "CITY", and the CLARK COUNTY REGIONAL FLOOD CONTROL DISTRICT, hereinafter referred to as "DISTRICT".

WITNESSETH:

WHEREAS, pursuant to Chapter 543 of the Nevada Revised Statutes, the DISTRICT may approve and fund projects to maintain flood control improvements; and

WHEREAS, pursuant to NRS 277.180 any one or more public agencies may contract with one or more other public agencies to perform any governmental service, activity or undertaking which any of the public agencies is authorized by law to perform; and

WHEREAS, the CITY desires to maintain flood control improvements within the CITY in accordance with the maintenance program set forth herein, and hereinafter referred to as "Project"; and

WHEREAS, the facilities upon which maintenance will be done are facilities described in the DISTRICT'S Master Plan.

NOW, THEREFORE, in consideration of the covenants, conditions, agreements, and promises of the parties hereto, the DISTRICT authorizes the Project as it is mutually understood and agreed as follows:

SECTION I - SCOPE OF PROJECT

This Interlocal Contract applies to the maintenance of flood control facilities, which are identified in the DISTRICT'S Master Plan facilities including updates and amendments subsequently approved. The basic maintenance to the facilities will be in accordance with performance standards set forth in the current DISTRICT *Operations and Maintenance Manual*.

The Project is more specifically described in Exhibit "A" which is attached hereto and by this reference incorporated herein.

SECTION II - PROJECT COSTS

The DISTRICT agrees to make payment for Project costs within the limits specified below:

1. The Project costs shall not exceed \$3,200,000.00.

The amounts allocated to each individual facility within the Project must be specified in Exhibit "A". Any changes to said allocated amounts must be approved by the DISTRICT'S Chief Engineer in accordance with Section 4.24 of the DISTRICT *Operations and Maintenance Manual*.

A written request must be made to the DISTRICT and a Supplemental Interlocal Contract approved to increase the amount noted above prior to payment of any additional funds.

2. The CITY and DISTRICT will comply with Section 4.12 of the *Operations and Maintenance Manual*. In accordance with said manual the CITY shall submit invoices together with a detailed summary report of the maintenance service performed. The CITY shall submit an invoice voucher in the manner prescribed by the DISTRICT. The vouchers shall include such information as is necessary for the DISTRICT to determine the nature of all expenditures. Each voucher will clearly indicate that it is for services rendered in performance under this contract. Each voucher will also be accompanied by a written certification from the CITY stating that it is for performance of maintenance activities under this contract and is composed of completed elements set forth in the annual work program.

All invoices must be submitted for payment to:

Clark County Regional Flood Control District
Accounts Payable
600 S. Grand Central Parkway, Suite 300
Las Vegas, Nevada 89106-4511

Payment shall be considered timely if made by the DISTRICT within 30 days. Pursuant to Section IV, Paragraph 8, the DISTRICT may, in its sole discretion, withhold payments to the CITY for services rendered if the CITY fails to satisfactorily comply with any term or condition of this contract and/or the DISTRICT *Operations and Maintenance Manual*.

SECTION III - PROJECT TIME

The CITY agrees to perform the Project to the satisfaction of the DISTRICT between July 1, 2020 and June 30, 2021. The DISTRICT may grant extensions or terminate this contract and require all sums advanced to the CITY to be repaid if the CITY fails to perform by said date.

SECTION IV - GENERAL

1. The CITY will complete the Project as set forth in Exhibit "A". The CITY staff personnel responsible for coordination of work under this contract are as listed below:

Mike Janssen, Director of Public Works

It is understood that staff named above will be responsible for work coordination throughout the period of this contract unless the DISTRICT is informed in writing of changes in these personnel assignments.

2. The CITY will comply with Local Purchasing Act, Chapter 332 and Public Works Projects, Chapter 338, of the Nevada Revised Statutes.

3. Applicable portions of the current editions of the *Operations and Maintenance Manual*, *Policies and Procedures Manual*, *Hydrologic Criteria and Drainage Design Manual*, and *Uniform Regulations for the Control of Drainage* adopted by the DISTRICT will apply unless specifically superseded by this CONTRACT.

4. It is the intent of the DISTRICT that scheduling of maintenance and repair of drainage and flood control facilities in general and Master Plan Facilities specifically be coordinated among member entities. Therefore, in those cases where Master Plan approved, and DISTRICT-funded projects have regional flood control significance impacting more than one member entity, the CITY will allow all impacted member entities an opportunity to review the maintenance schedule in order to coordinate maintenance efforts.

5. The Chief Engineer or designee of the DISTRICT shall be responsible for monitoring the performance of the CITY, approval for payment of billings and expenses submitted by the CITY and the acceptance of any report provided by the CITY. The CITY shall be responsible for monitoring performance of CITY staff or private contractors.

6. Accurate documentation of all work performed and payments made will be maintained by the CITY for a period of three (3) years in hard copy form after final project

approval and payments. Following the three year period, the CITY shall keep records for permanent storage in original form, in microfilm/fiche media, or an electronic format.

7. The CITY shall provide right of access to its facilities to the DISTRICT or Chief Engineer at all reasonable times, in order to monitor and evaluate performance, compliance, and/or quality assurance under this contract.

8. In the event the CITY fails to perform the maintenance according to the standards specified in this contract and in the DISTRICT *Operations and Maintenance Manual*, the DISTRICT may perform or cause to be performed the maintenance necessary to assure proper operation of the facility. Costs incurred by the DISTRICT shall be reimbursed by the CITY or be deducted from the amount authorized by this contract. The DISTRICT may not exercise this right without giving the CITY specific written notice of the maintenance required and allowing the CITY 60 days within which to perform said maintenance. The notice required by this provision must be sent to:

Mike Janssen
Director of Public Works
City of Las Vegas
333 North Rancho Drive
Las Vegas, Nevada 89106

9. The records of the CITY and/or private contractors pertaining to the subject matter of this contract shall at all reasonable times be subject to inspection and audit by the DISTRICT or an Agent of the DISTRICT.

10. If any provision of this contract shall be deemed in conflict with any statute or rule of law, such provision shall be deemed modified to be in conformance with said statute or rule of law.

11. The CITY, its employees, and representative shall at all times comply with all applicable laws, ordinances, statutes, rules, and regulations in effect at the time work is performed.

12. The CITY hereby agrees to reimburse the DISTRICT if funds are received from other sources for maintenance and repair of drainage and flood control facilities paid for by the DISTRICT.

13. The DISTRICT will not be responsible for any fines and/or penalties caused by the actions or inactions of CITY employees, consultants, contractors, or agents.

14. Any costs found to be improperly allocated to the Project will be refunded by the CITY to the DISTRICT.

15. It is specifically understood and agreed to by and between the parties hereto that it is not intended by any of the provisions of any part of this contract to create in the public or any member thereof a third party beneficiary hereunder, or to authorize anyone not a party to this contract to maintain a suit for personal injuries or property damage pursuant to the terms or provisions of this contract.

16. Up to the limits set forth in NRS Chapter 41, the CITY will indemnify and defend the DISTRICT against and from any and all claims and demands of whatsoever nature which arises out of allegations of negligence or misconduct of CITY officers, employees or agents, related to or under this Contract which results from injury to or death of any persons whomsoever, or against and from damage to or loss or destruction of property.

17. This agreement shall be construed and interpreted in accordance with the laws of the State of Nevada.

SUBJECT

Interlocal Agreement FY 2020/2021 Maintenance Work Program

PETITIONER:

Travis H. Anderson - Public Works Director for the City of Mesquite

RECOMMENDATION OF PETITIONER:

That the Clark County Regional Flood Control District Approve the FY 2020/2021 Interlocal Agreement for the Maintenance Work Program

FISCAL IMPACT: \$489,800.00

BACKGROUND:

The FY 2020/2021 Maintenance Work Program has been developed to maintain Regional Flood Control facilities within the City of Mesquite. The locations of the facilities to be maintained are shown on Exhibit "A" of the proposed Interlocal Agreement, and the work to be performed is described in the work program which is attached.

Respectfully submitted,

Travis H. Anderson
Director of Public Works

CAC AGENDA ITEM # 11 Date:	

**INTERLOCAL CONTRACT
ANNUAL MAINTENANCE WORK PROGRAM**

THIS CONTRACT made and entered into this 11th day of June, 2020, by and between the City of Mesquite, a political subdivision of the State of Nevada, hereinafter referred to as "CITY", and the CLARK COUNTY REGIONAL FLOOD CONTROL DISTRICT, hereinafter referred to as "DISTRICT".

WITNESSETH:

WHEREAS, pursuant to Chapter 543 of the Nevada Revised Statutes, the DISTRICT may approve and fund projects to maintain flood control improvements; and

WHEREAS, pursuant to NRS 277.180 any one or more public agencies may contract with one or more other public agencies to perform any governmental service, activity or undertaking which any of the public agencies is authorized by law to perform; and

WHEREAS, the CITY desires to maintain flood control improvements within the CITY in accordance with the maintenance program set forth herein, and hereinafter referred to as "Project"; and

WHEREAS, the facilities upon which maintenance will be performed are facilities described in the DISTRICT'S Master Plan.

NOW, THEREFORE, in consideration of the covenants, conditions, agreements, and promises of the parties hereto, the DISTRICT authorizes the Project as it is mutually understood and agreed as follows:

SECTION I - SCOPE OF PROJECT

This Interlocal Contract applies to the maintenance of flood control facilities, which are identified in the DISTRICT'S Master Plan facilities including updates and amendments subsequently approved. The basic maintenance of the facilities will be in accordance with performance standards set forth in the current DISTRICT *Operations and Maintenance Manual*.

The Project is more specifically described in Exhibit "A" which is attached hereto and by this reference incorporated herein.

SECTION II - PROJECT COSTS

The DISTRICT agrees to make payment for Project costs within the limits specified below:

1. The Project costs shall not exceed \$489,800.00.

The amounts allocated to each individual facility within the Project must be specified in Exhibit "A". Any changes to said allocated amounts must be approved by the DISTRICT'S Chief Engineer in accordance with Section 4.24 of the DISTRICT *Operations and Maintenance Manual*.

A written request must be made to the DISTRICT and a Supplemental Interlocal Contract approved to increase the amount noted above prior to payment of any additional funds.

2. The CITY and DISTRICT will comply with Section 4.12 of the *Operations and Maintenance Manual*. In accordance with said manual the CITY shall submit invoices together with a detailed summary report of the maintenance service performed. The CITY shall submit an invoice voucher in the manner prescribed by the DISTRICT. The vouchers shall include such information as is necessary for the DISTRICT to determine the nature of all expenditures. Each voucher will clearly indicate that it is for services rendered in performance under this contract. Each voucher will also be accompanied by a written certification from the CITY stating that it is for performance of maintenance activities under this contract and is composed of completed elements set forth in the annual work program.

All invoices must be submitted for payment to:

Clark County Regional Flood Control District
Attn: Accounts Payable
600 S. Grand Central Parkway, Suite 300
Las Vegas, Nevada 89106-4511

Payment shall be considered timely if made by the DISTRICT within 30 days of receipt of the invoice. Pursuant to Section IV, Paragraph 8, the DISTRICT may, in its sole discretion, withhold payments to the CITY for services rendered if the CITY fails to satisfactorily comply with any term or condition of this contract and/or the DISTRICT *Operations and Maintenance Manual*.

SECTION III - PROJECT TIME

The CITY agrees to perform the Project to the satisfaction of the DISTRICT between July 1, 2020 and June 30, 2021. The DISTRICT may grant extensions or terminate this contract and require all sums advanced to the CITY to be repaid if the CITY fails to perform by said date.

SECTION IV - GENERAL

1. The CITY will complete the Project as set forth in Exhibit "A". The CITY staff personnel responsible for coordination of work under this contract are as listed below:

Aaron Baker, City Manager

Travis H. Anderson, Public Works Director

It is understood that staff named above will be responsible for work coordination throughout the period of this contract unless the DISTRICT is informed in writing of changes in these personnel assignments.

2. The CITY will comply with the applicable provisions of the Local Government Purchasing Act, Chapter 332 and Public Works, Chapter 338, of the Nevada Revised Statutes.
3. Applicable portions of the current editions of the *Operations and Maintenance Manual*, *Policies and Procedures Manual*, *Hydrologic Criteria and Drainage Design Manual*, and *Uniform Regulations for the Control of Drainage* adopted by the DISTRICT will apply unless specifically superseded by this CONTRACT.
4. It is the intent of the DISTRICT that scheduling of maintenance and repair of drainage and flood control facilities in general and Master Plan Facilities specifically be coordinated among member entities. Therefore, in those cases where Master Plan approved, and DISTRICT-funded projects have regional flood control significance impacting more than one member entity, the CITY will allow all impacted member entities an opportunity to review the maintenance schedule in order to coordinate maintenance efforts.
5. The Chief Engineer or designee of the DISTRICT shall be responsible for monitoring the performance of the CITY, approval for payment of billings and expenses submitted by the CITY and the acceptance of any report provided by the CITY. The CITY shall be responsible for monitoring performance of CITY staff or private contractors.
6. Accurate documentation of all work performed and payments made shall be maintained by the CITY for a period of three (3) years in hard copy form after final project approval and payments. Following the three year period, the CITY shall keep records for permanent storage in original form, in microfilm/fiche media, or an electronic format in accordance with the CITY's Record Retention Schedule.
7. The CITY shall provide right of access to its facilities to the DISTRICT or Chief Engineer at all reasonable times, in order to monitor and evaluate performance, compliance, and/or quality assurance under this contract.

8. In the event the CITY fails to perform the maintenance according to the standards specified in this contract and the DISTRICT *Operations and Maintenance Manual*, the DISTRICT may perform or cause to be performed the maintenance necessary to assure proper operation of the facility. Costs incurred by the DISTRICT shall be reimbursed by the CITY or be deducted from the amount authorized by this contract. The DISTRICT may not exercise this right without giving the CITY specific written notice of the maintenance required and allowing the CITY 60 days within which to perform said maintenance. The notice required by this provision must be sent to:

Travis H. Anderson, Public Works Director
City of Mesquite
10 E. Mesquite Boulevard
Mesquite NV 89027

9. The records of the CITY and/or private contractors pertaining to the subject matter of this contract shall at all reasonable times be subject to inspection and audit by the DISTRICT or an Agent of the DISTRICT.
10. If any provision of this contract shall be deemed in conflict with any statute or rule of law, such provision shall be deemed modified to be in conformance with said statute or rule of law.
11. The CITY, its employees, and representative shall at all times comply with all applicable laws, ordinances, statutes, rules, and regulations in effect at the time work is performed.
12. The CITY hereby agrees to reimburse the DISTRICT if funds are received from other sources for maintenance and repair of drainage and flood control facilities paid for by the DISTRICT.
13. The DISTRICT will not be responsible for any fines and/or penalties caused by the actions or inactions of CITY employees, consultants, contractors, or agents.
14. Any costs found to be improperly allocated to the Project will be refunded by the CITY to the DISTRICT.
15. It is specifically understood and agreed to by and between the parties hereto that it is not intended by any of the provisions of any part of this contract to create in the public or any member thereof a third party beneficiary hereunder, or to authorize anyone not a party to this contract to maintain a suit for personal injuries or property damage pursuant to the terms or provisions of this contract.
16. Up to the limits set forth in NRS Chapter 41, the CITY will indemnify and defend the DISTRICT against and from any and all claims and demands of whatsoever nature which arises out of allegations of negligence or misconduct of CITY officers, employees or agents, related to or under this Contract which results from

injury to or death of any persons whomsoever, or against and from damage to or loss or destruction of property.

- 17. This agreement shall be construed and interpreted in accordance with the laws of the State of Nevada.

IN WITNESS WHEREOF, the parties have caused this contract to be executed the day and year first above written.

SUBJECT: 2020/2021 MAINTENANCE WORK PROGRAM
PETITIONER: CITY OF NORTH LAS VEGAS
RECOMMENDATIONS OF PETITIONER: THAT THE REGIONAL FLOOD CONTROL DISTRICT APPROVE THE INTERLOCAL CONTRACT FOR THE 2020/2021 MAINTENANCE WORK PROGRAM (FOR POSSIBLE ACTION)

FISCAL IMPACT: \$2,154,427.00

BACKGROUND:

The 2020/2021, Maintenance Work Program has been developed to maintain Regional Flood Control facilities within the City of North Las Vegas. The locations of the facilities to be maintained are shown on Exhibit "A" of the proposed Interlocal Agreement, and the work to be performed is described in the work program, which is attached.

Respectfully submitted,

Dale Daffern, P.E.
Director of Public Works

TAC AGENDA ITEM # 11 Date: 05/28/20	RFCD AGENDA ITEM # Date: 06/11/20
CAC AGENDA ITEM # 11 Date:	

**INTERLOCAL CONTRACT
ANNUAL MAINTENANCE WORK PROGRAM**

THIS CONTRACT, made and entered into this 11th day of June, 2020, by and between the City of North Las Vegas, a political subdivision of the State of Nevada, hereinafter referred to as City of North Las Vegas, and the CLARK COUNTY REGIONAL FLOOD CONTROL DISTRICT, hereinafter referred to as "DISTRICT".

WITNESSETH:

WHEREAS, pursuant to Chapter 543 of the Nevada Revised Statutes, the DISTRICT may approve and fund projects to maintain flood control improvements; and

WHEREAS, pursuant to NRS 277.180 any one or more public agencies may contract with one or more other public agencies to perform any governmental service, activity or undertaking which any of the public agencies is authorized by law to perform; and

WHEREAS, the City of North Las Vegas desires to maintain flood control improvements within the City of North Las Vegas in accordance with the maintenance program set forth herein, and hereinafter referred to as "Project"; and

WHEREAS, the facilities upon which maintenance will be performed are facilities described in the DISTRICT'S Master Plan.

NOW, THEREFORE, in consideration of the covenants, conditions, agreements, and promises of the parties hereto, the DISTRICT authorizes the Project as it is mutually understood and agreed as follows:

SECTION I - SCOPE OF PROJECT

This Interlocal Contract applies to the maintenance of flood control facilities, which are identified in the DISTRICT'S Master Plan facilities including updates and amendments subsequently approved. The basic maintenance of the facilities will be in accordance with performance standards set forth in the current DISTRICT *Operations and Maintenance Manual*.

The Project is more specifically described in Exhibit "A" which is attached hereto and by this reference incorporated herein.

SECTION II - PROJECT COSTS

The DISTRICT agrees to make payment for Project costs within the limits specified below:

1. The Project costs shall not exceed \$2,154,427;

The amounts allocated to each individual facility within the Project must be specified in Exhibit "A". Any changes to said allocated amounts must be approved by the DISTRICT'S Chief Engineer in accordance with Section 4.24 of the DISTRICT *Operations and Maintenance Manual*.

A written request must be made to the DISTRICT and a Supplemental Interlocal Contract approved to increase the amount noted above prior to payment of any additional funds.

2. The City of North Las Vegas and DISTRICT will comply with Section 4.12 of the *Operations and Maintenance Manual*. In accordance with said manual the City of North Las Vegas shall submit invoices together with a detailed summary report of the maintenance service performed. The City of North Las Vegas shall submit an invoice voucher in the manner prescribed by the DISTRICT. The vouchers shall include such information as is necessary for the DISTRICT to determine the nature of all expenditures. Each voucher will clearly indicate that it is for services rendered in performance under this contract. Each voucher will also be accompanied by a written certification from the City of North Las Vegas stating that it is for performance of maintenance activities under this contract and is composed of completed elements set forth in the annual work program.

All invoices must be submitted for payment to:

Clark County Regional Flood Control District
Accounts Payable
600 S. Grand Central Parkway, Suite 300
Las Vegas, Nevada 89106-4511

Payment shall be considered timely if made by the DISTRICT within 30 days of receipt of the invoice. Pursuant to Section IV, Paragraph 8, the DISTRICT may, in its sole discretion, withhold payments to the City of North Las Vegas for services rendered if the City of North Las Vegas fails to satisfactorily comply with any term or condition of this contract and/or the DISTRICT *Operations and Maintenance Manual*.

SECTION III - PROJECT TIME

The City of North Las Vegas agrees to perform the Project to the satisfaction of the DISTRICT between July 1, 2020 and June 30, 2021. The DISTRICT may grant extensions or

terminate this contract and require all sums advanced to the City of North Las Vegas to be repaid if the City of North Las Vegas fails to perform by said date.

SECTION IV - GENERAL

1. The City of North Las Vegas will complete the Project as set forth in Exhibit "A". The City of North Las Vegas staff personnel responsible for coordination of work under this contract are as listed below:

Dale Daffern, P.E., Director of Public Works

John Runiks, Manager of Infrastructure Maintenance

It is understood that staff named above will be responsible for work coordination throughout the period of this contract unless the DISTRICT is informed in writing of changes in these personnel assignments.

2. The City of North Las Vegas will comply with the applicable provisions of the Local Government Purchasing Act, Chapter 332 and Public Works, Chapter 338, of the Nevada Revised Statutes.

3. Applicable portions of the current editions of the *Operations and Maintenance Manual*, *Policies and Procedures Manual*, *Hydrologic Criteria and Drainage Design Manual*, and *Uniform Regulations for the Control of Drainage* adopted by the DISTRICT will apply unless specifically superseded by this CONTRACT.

4. It is the intent of the DISTRICT that scheduling of maintenance and repair of drainage and flood control facilities in general and Master Plan Facilities specifically be coordinated among member entities. Therefore, in those cases where Master Plan approved, and DISTRICT-funded projects have regional flood control significance impacting more than one member entity, the City of North Las Vegas will allow all impacted member entities an opportunity to review the maintenance schedule in order to coordinate maintenance efforts.

5. The Chief Engineer or designee of the DISTRICT shall be responsible for monitoring the performance of the City of North Las Vegas, approval for payment of billings and expenses submitted by the City of North Las Vegas and the acceptance of any report provided by the City of North Las Vegas. The City of North Las Vegas shall be responsible for monitoring performance of City of North Las Vegas staff or private contractors.

6. Accurate documentation of all work performed and payments made shall be maintained by the City of North Las Vegas for a period of three (3) years in hard copy form after final project approval and payments. Following the three-year period, the City of North Las Vegas shall keep records for permanent storage in original form, in microfilm/fiche media, or an electronic format in accordance with the City of North Las Vegas Record Retention Schedule.

7. The City of North Las Vegas shall provide right of access to its facilities to the DISTRICT or Chief Engineer at all reasonable times, in order to monitor and evaluate performance, compliance, and/or quality assurance under this contract.

8. In the event the City of North Las Vegas fails to perform the maintenance according to the standards specified in this contract and the DISTRICT *Operations and Maintenance Manual*, the DISTRICT may perform or cause to be performed the maintenance necessary to assure proper operation of the facility. Costs incurred by the DISTRICT shall be reimbursed by the City of North Las Vegas or be deducted from the amount authorized by this contract. The DISTRICT may not exercise this right without giving the City of North Las Vegas specific written notice of the maintenance required and allowing the City of North Las Vegas 60 days within which to perform said maintenance. The notice required by this provision must be sent to:

Dale Daffern, P.E., Director of Public Works

John Runiks, Manager of Infrastructure Maintenance

9. The records of the City of North Las Vegas and/or private contractors pertaining to the subject matter of this contract shall at all reasonable times be subject to inspection and audit by the DISTRICT or an Agent of the DISTRICT.

10. If any provision of this contract shall be deemed in conflict with any statute or rule of law, such provision shall be deemed modified to be in conformance with said statute or rule of law.

11. The City of North Las Vegas, its employees, and representative shall at all times comply with all applicable laws, ordinances, statutes, rules, and regulations in effect at the time work is performed.

12. The City of North Las Vegas hereby agrees to reimburse the DISTRICT if funds are received from other sources for maintenance and repair of drainage and flood control facilities paid for by the DISTRICT.

13. The DISTRICT will not be responsible for any fines and/or penalties caused by the actions or inactions of City of North Las Vegas employees, consultants, contractors, or agents.

14. Any costs found to be improperly allocated to the Project will be refunded by the City of North Las Vegas to the DISTRICT.

15. It is specifically understood and agreed to by and between the parties hereto that it is not intended by any of the provisions of any part of this contract to create in the public or any member thereof a third party beneficiary hereunder, or to authorize anyone not a party to this contract to maintain a suit for personal injuries or property damage pursuant to the terms or provisions of this contract.

16. Up to the limits set forth in NRS Chapter 41, the City of North Las Vegas will indemnify and defend the DISTRICT against and from any and all claims and demands of whatsoever nature which arises out of allegations of negligence or misconduct of City of North Las Vegas officers, employees or agents, related to or under this Contract which results from injury to or death of any persons whomsoever, or against and from damage to or loss or destruction of property.

17. This agreement shall be construed and interpreted in accordance with the laws of the State of Nevada.

IN WITNESS WHEREOF, the parties have caused this contract to be executed the day and year first above written.

Delays or problem areas: Removed many encampments. Staff received estimate for needed lined channel repairs. It was estimated at \$1.2 million. Staff would like to break the project into three phases completing one per year for the next three years. If approved we will keep line item 15 at \$500,000 for the next three years to complete project.

Work completed during prior fiscal year: Staff provided erosion control, dust control, fence repairs and vegetation removal along embankment slopes and access roads. Staff cleaned, inspected and maintained channels, inlet and outlet structures, and removed debris and graffiti as needed. Received estimate at \$1.2 million for channel repairs.

Work to be completed during current fiscal year: Staff will continue to provide erosion control, dust control, fence repairs and vegetation removal along embankment slopes and access roads. Staff will clean, inspect and maintain channels, inlet and outlet structures, and remove debris and graffiti as needed. First phase of estimated three phases to remove and replace the concrete on lined channel for Vandenberg Channel between Lone Mountain & Craig Road. Staff will make a three year project to break up the cost of removal and replacement of damaged lined channel. Homeless encampment clean up upon occurrence.

Delays or problem areas: Providing maintenance on the levee was hindered due to the higher than normal level of Air Force training exercises. These delays interfered with production. In light of these challenges our projects were delayed but completed.

Work completed during prior fiscal year: Staff provided major erosion control, fencing repairs, vegetation removal and dust control. Minor homeless encampments encountered. Also encountered fencing repairs due to offroad traffic.

Work to be completed during current fiscal year: Clear access route into DB, repair erosion on embankment slopes, provide fencing repairs, remove vegetation, and provide dust control as needed. Staff will also continue to maintain access roads, monitor and inspect levee. Remove homeless encampments upon occurrence

CLARK COUNTY
REGIONAL FLOOD CONTROL DISTRICT
AGENDA ITEM

SUBJECT:
ESTIMATED FUNDING SCHEDULE
PETITIONER:
STEVEN C. PARRISH, P.E., GENERAL MANAGER/CHIEF ENGINEER
RECOMMENDATION OF PETITIONER:
ACCEPT A REPORT ON THE ESTIMATED FUNDING SCHEDULE PROCESS

FISCAL IMPACT: None

BACKGROUND:

The Estimated Funding Schedule (EFS) is a tool the District uses when there are more requests for construction funding than revenues available to fund the requests. In a recent review of projects that may come forward for funding during the next quarter, it became apparent a list of projects waiting for funding will need to be used. In anticipation of an EFS waiting list, staff would like to present how the current policy will be applied.

An overview of the process to place a project on the EFS follows:

- Entity submits Agenda Items for construction funding and project presentation;
- District will date/time stamp the Agenda Items upon receipt;
- District will review the Agenda Items to determine if:
 - Project is included on the first three years of the Ten Year Construction Program;
 - Have 90% plans of design complete;
 - All right-of-entry for construction purposes must be obtained or the Lead Entity satisfactorily demonstrates to the Board that it is in the process of commencing condemnation proceedings; and identify all temporary construction easements to be secured prior to executing a funding contract;
 - Meet all environmental requirements (e.g., 404 permits, Section 8 analysis, etc.);
 - Identify all local, state and federal permits (UPRR, Dam Safety, NDOT, etc.) that need to be obtained prior to executing the funding contract; and
 - Project presentation item meets policies and procedures, along with identification of what temporary construction easements and what local, state, and federal permits (excluding environmental permits) are required.

TAC AGENDA ITEM #12 DATE: 05/28/2020	RFCD AGENDA ITEM # DATE: 06/11/2020
CAC AGENDA ITEM #12 DATE: 05/28/2020	

Once the above requirements are met, the Agenda Items will be placed on the following Technical Advisory Committee (TAC)/Citizens Advisory Committee (CAC) Agenda for consideration by the Board of Directors with a staff recommendation that the project be added to the EFS. If the above items are not met, staff will recommend the Agenda Items be resubmitted and will receive a new date/time stamp after submission.

When funds become available, the Lead Entity will be requested to bring an Agenda Item and accompanying Interlocal Contract forward for funding and will need to demonstrate in the Agenda Item(s) to the Advisory Committees and Board of Directors all prerequisites not met at the time of the project presentation have been met. If there are any changes to the scope and/or costs, the funding request must be considered by the advisory committees prior to being considered by the Board. If the Lead Entity is not ready, the District will go to the next project on the list.

Entity Advance Funding

When construction projects meet the prerequisites for funding, but sufficient funds are not available to support the funding request, an entity may elect to advance funding. To be eligible for an entity advanced funding Interlocal Contract, the project must be programmed in the first three (3) years of the Ten Year Construction Program in the amount of the request.

Projects that have been approved for advanced funding will be reimbursed by the District without interest, by a specific date determined by the District. This date will be two years after the programmed funding date as shown on the Ten Year Construction Program. The District will not enter into advanced funding Interlocal Contracts when the agreed reimbursement date exceeds five (5) calendar years from the date the Interlocal Contract is approved or exceeds \$40 million outstanding of entity advanced funding at any given time.

The District, to the extent possible, will keep the month and date set on the EFS for entity advanced funding to allow for timely reimbursements.

Resolutions to Reimburse

When construction projects meet the prerequisites for funding and the entity proposes to use District funds to implement and/or oversize master plan facilities within another public works project but sufficient funds are not available to support the funding request and the other funding source is willing and able to provide the District’s share pending availability of funds, the Board may consider a resolution of intent to reimburse the other funding source in the future.

TAC AGENDA ITEM #12 DATE: 05/28/2020	RFCD AGENDA ITEM # DATE: 06/11/2020
CAC AGENDA ITEM #12 DATE: 05/28/2020	

In this case:

- The entity may enter into an agreement to reimburse the other funding source when District funds become available, but only within the current Ten Year programming period.
- The entity will present a resolution of intent to reimburse to the Board which:
 - Describes the project and the amount of District funding relative to other funding sources if appropriate;
 - Identifies the interim funding source;
 - Establishes a date from which eligible costs are reimbursable;
 - Establishes a date the entity will request District funding; and
 - Establishes the term of the resolution.

The entity will ensure that the project is programmed on the Ten Year Construction Program in the year and amount consistent with the resolution.

The Board shall consider setting a priority for the project at the date and in an amount consistent with the resolution. The entity will request an Interlocal Contract for the funds at the appropriate time in an amount consistent with the resolution or the total of invoices for eligible costs whichever is least. The District will reimburse the other funding source once the Interlocal Contract is executed by the Board.

The District, to the extent possible, will keep the month and date set on the EFS for resolutions to reimburse to allow for timely reimbursements.

Estimated Revenues

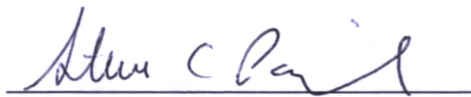

The EFS will be presented in the Financial Reports agenda item monthly to track available resources and construction projects. This amount is subject to change based on: 1) revenues the District receives from Sales Tax and other revenues; 2) the need to fund right-of-way settlements; and 3) the need to provide additional project funding.

In fiscal year 2019, the District obtained approval for up to \$200 million in bond authority of which only \$115 million was used, leaving \$85 million of remaining bond authority. The District will continue to evaluate whether to issue the debt based on the progress in project development and economic conditions.

TAC AGENDA ITEM #12 DATE: 05/28/2020	RFCD AGENDA ITEM # DATE: 06/11/2020
CAC AGENDA ITEM #12 DATE: 05/28/2020	

In summary, the District anticipates that projects will come forward for funding in the near future and resources will not be available for those projects. At that time, the District will institute an EFS priority list and the Board of Directors will approve project priorities. Since the EFS waiting list may extend to dates several months out, to be eligible to be placed on the EFS it is not reasonable to require: 1) temporary construction easements and 2) all local, state and federal permits (UPRR, Dam Safety, NDOT, etc.) need to be obtained prior to beginning construction. The Board of Directors may reassign priorities and adjust appropriations for projects in order to meet the District's objectives as deemed necessary.

FISCAL IMPACT: Approval does not commit the District to provide funding. Funding will be committed by interlocal contract in accordance with District Policies and Procedures.

BACKGROUND: The Ten-Year Construction Program (TYCP) and Fiscal Year Project List are required to be updated annually. On June 13, 2019, the Board approved the Prioritization of Projects, Ten-Year Construction Program, and Fiscal Year 2019-2020 Project List.

The District has utilized a third party financial advisor to provide growth estimates of future revenue and inflation. The TYCP incorporates these economic growth estimates. Based on actual sales tax receipts through January 2020 and anticipated economic impacts related to the COVID-19 pandemic, original projected sales tax revenues for fiscal year 2019-20 of \$111,900,000 have been revised downward by 9.5% to \$101,311,500. The TYCP also includes inflation factors developed by District staff to account for increases in construction, design and right-of-way costs over time.

TAC AGENDA ITEM #13 Date: 05/28/2020	TAC AGENDA ITEM #06 Date: 04/30/2020	RFCD AGENDA ITEM # Date: 06/11/2020

In 2018 master plan updates (MPU's) were completed for the Las Vegas Valley and Boulder City planning areas. Project and facility cost data were updated to reflect the most current construction costs available. The updated cost data was included in the 2018 MPU's and will be incorporated into the FY 2020-21 TYCP. Note below, that additional inflation is not applied to Yr-1 of the FY 2020-21 TYCP.

The following revenue growth projections and inflation factors are incorporated into the TYCP:

	FY 19/20	FY 20/21 Yr-1	FY 21/22 Yr-2	FY 22/23 3 Yr-3	FY 23/24 Yr-4	FY 24/25 Yr-5	FY 25/26 Yr-6	FY 26/27 Yr-7	FY 27/28 Yr-8	FY 28/29 Yr-9	FY 29/30 Yr-10
Revenue	Base	4.0%	3.25%	3.0%	3.0%	3.0%	3.0%	3.0%	3.0%	3.0%	3.0%
Inflation	Previous	0%	1.0%	2.0%	2.0%	2.0%	3.0%	3.0%	3.0%	3.0%	3.0%

Total estimated new resources for the FY 2020-21 TYCP are \$691,148,096, which is a 24.4% decrease from estimated resources for the FY 2019-20 TYCP of \$913,852,309. In addition to using sales tax revenues to fund projects, the District uses debt financing to expedite the construction of projects. In fiscal year 2020-21, \$85.0 million in bonds are programmed and in fiscal years 2023-24, 2026-27 and 2029-30, \$100.0 million are programmed. Total estimated resources including unencumbered resources from previous years for the FY 2020-21 TYCP are approximately \$807.6 million or 10.2% less from the total estimated resources for the FY 2019-20 TYCP of \$899.7 million. Year-1 resources for FY 2020-21 are approximately \$161.3 million.

Every five years the Las Vegas Valley Master Plan is updated in accordance with NRS 543. Estimated costs of proposed facilities on the master plan are reviewed and revised as necessary to reflect current economic conditions. The most recent update was adopted by Board of Directors on January 10, 2019. Upon adoption of the Las Vegas Valley Master Plan Update (LVVMPU), calculations are performed utilizing the estimated costs of proposed facilities from all of the master plans to determine the percentage of available revenue for each entity to program against in the TYCP.

The percentage calculations use the cost of master plan facilities remaining to be built for each entity divided by the total cost for all of the facilities remaining to be built. By doing this, the entities with the largest inventory of facilities remaining to be built will get a larger prorated share of the revenues to program against. The calculated percentages are as follows: Henderson 7.11%; Las Vegas 36.10%; North Las Vegas 24.19%; Clark County 28.20%; Boulder City 1.60% and Mesquite 2.79%.

MEMORANDUM

STEVEN C. PARRISH, P.E.
GENERAL MANAGER/CHIEF ENGINEER

TO: Steven C. Parrish, P.E., General Manager/Chief Engineer
FROM: Todd Myers, P.E., Engineering Director
SUBJECT: Project Cost Indices Fiscal Year 2019/2020
DATE: March 26, 2020

NOTE: The research and information provided in this memo were compiled prior to the progression of the COVID 19 virus outbreak. The economic impacts of COVID-19 in Southern Nevada are unknown at this time but we expect to see some volatility in the months to come. While this will likely affect the economy in the foreseeable future we will continue to monitor the dynamics and adjust accordingly.

Included in this memorandum are recommendations for project cost indices for use in forward planning for the Fiscal Year (FY) 2020/21 Ten Year Construction Program.

Project Cost Index: The following table shows recommendations for project cost indices from the previous year, along with the new recommended cost indices for next fiscal year and beyond. The proposed indices will be used for construction, design and right-of-way. Facility costs are evaluated every five years with the update to the master plan for the facilities. The indices are developed each year to adjust the costs estimated during the master plan update (MPU) process. The 2018 Las Vegas Valley Master Plan was updated and adopted by Board in January 2019. New facility costs were established with the update. The inflation factors presented in this memo will adjust the base line established in the 2018 MPU to account for anticipated adjustments needed based on forecasts of future economic conditions. Based on information provided in this memo, as of December 2019 the local economy appears to be stable. New home sales have shown a year over year increase, and the residential and commercial market is expected to continue to grow in 2020. The construction cost index for flood control facilities continues to show an upward trend in capital costs, but appears to have flattened out in the past three years. Taking the COVID 19 crisis into account, and the unknown impacts to the National and Local economies, District staff recommends revising the project cost index for FY 20/21 to 0%, FY 21/22 to 1%. FY 22/23, FY 23/24, and FY 24/25 to 2%, and 3% for the out years for the reasons noted above, and outlined in this memo.

Fiscal Year	Previous Project Indices	Proposed Project Indices
FY 19/20	0%	-
FY 20/21	3%	0%
FY 21/22	3%	1%
FY 22/23	3%	2%
FY 23/24	3%	2%
FY 24/25	3%	2%
Out Years	3%	3%

Background Information

General Information

The local economy continued to show steady growth over the 2019 calendar year. The Greater Las Vegas Association of Realtors (GLVAR) reported the 2019 housing market was stable and sustainable¹, statewide unemployment dropped to 3.7%, consistent year to year growth in taxable sales (4.8% increase as of November 2019)² and healthy tourism numbers indicate stable economic growth in southern Nevada.

Major Economic Indicators (National)

- Consumer Price Index (CPI): The all items CPI rose 2.5% over the last 12 months ending in January 2020 indicating a slightly higher cost for goods and services in 2019.
- Producer Price Index (PPI): The PPI is a group of indices that measures the average change over time in prices received by producers for domestically produced goods, services and construction. The PPI index for final demand increased 1.3% for the 12 months ending in February 2020.
- Employment Cost Index: Over the year ending in December 2019:
 - Private Industry: Wages and salaries are up 3.0%; benefits rose 1.9%.
 - State and Local: Wages and salaries are up 2.5%; benefits rose 3.3%.

Unemployment

Statewide in Nevada the seasonally adjusted unemployment rate through December 2019 was 3.7%, which is down from 4.4% from the same time last year and the lowest rate since 1976 according to the Nevada Department of Employment, Training and Rehabilitation. In Clark County, the unemployment rate was 3.5%, down from 4.5% reported last year. Construction jobs in the Las Vegas area increased by 14.2% in 2019. Nationally, the seasonally adjusted unemployment rate was 3.5% through December 2019.³

Local Economy

Year to date visitor volume for Las Vegas increased by 1% from the previous year through December 2019. Las Vegas hosted approximately 42.5 million visitors in 2019, which was up from 42.1 million in 2018. Las Vegas experienced record annual convention attendance of approximately 6.6 million attendees, an increase of 2.3% over 2018. Passenger traffic at the airport rose 3.8% and vehicular traffic on all major highways was up 1% over the same time last year. Gaming revenues for Clark County increased 1% in 2019. Year to date, the occupancy rate citywide was 88.9% through

December 2019, which is a slight increase from 88.2% a year ago. Additionally, the average daily room rates rose 2.9% through December 2019 compared to the same period in 2018⁴. These results indicate continued steady growth of tourism in Southern Nevada.

Residential Construction

SalesTraq reported that as of January 2020, a 12-month total of 9,920 new home sales were closed in the Las Vegas Valley, up 0.6% from the same time last year. The median price of \$366,046 represents a 4.2% decrease from January 2019. The decrease likely resulting from additional new home inventory hitting the market. Through the 12-month period 10,656 new home permits were issued, which is year-over-year decrease of 2.2%. Figure 1 shows data obtained from the Southern Nevada Home Builders and the Salestraq websites that presents the number of new homes sold through 2019 versus the median new home price.

Figure 1 - Data obtained from www.snhba.com (1990-2011) and www.salestraq.com (2012-2019)⁵

GLVAR President Tom Blanchard describes the local housing market as “stable and sustainable” in the December 2019 housing statistics report. GLVAR reported that 41,269 existing local properties sold during the 2019 calendar year. This is down from 42,876 sales in 2018 and from 45,388 in 2017. Local home prices ended 2019 with a \$312,990 median price for existing single-family homes, up 6.0% from a year ago.

⁴LVCVA Year End Summary for 2019 and Las Vegas Tourism Construction Bulletin

⁵www.salestraq.com and www.snhba.com

GLVAR reported that the number of distressed sales are near historically low levels. Short sales and foreclosures combined to account for just 1.8% of all existing local home sales in December 2019. This is down from 2.9% a year ago, 3.6% two years ago, and 11% three years ago.

The local housing inventory ended the year with a supply of a little over two months; a 6-month supply is considered a balanced market.

Freddie Mac reported that the average 30-year fixed-rate mortgage hit a record low of 3.29% the week of March 5, 2020, the lowest level in its nearly 50-year history. Meanwhile, mortgage applications increased 10 percent the same week from one year ago.

Commercial Construction

Southern Nevada's office market had 441,637 square feet of net absorption in 2019, a significant decrease from approximately 1.2 million square feet of absorption in 2018⁵. Office space vacancy rate through the fourth quarter of 2019 dropped to 12.4%, the lowest since 2007. However, office space available for sublease in Southern Nevada increased from 420,198 square feet in the 4th quarter of 2018 to 758,636 square feet in the 4th quarter of 2019. Increases in available sublease space can be a precursor to bigger problems in the office market. Nearly doubling the available sublease space over the past year is a concern. As of January 2020, there are 16 office developments under construction, ranging from 4,200 to 300,000 square feet, with over 700,000 square feet of office space scheduled for completion in 2020⁶. Although net absorption was weaker in 2019 than 2018, and there is concern over the sublease vacancy, 2019 performed well overall. Vacancy continued to decrease, and asking rates are on the rise.

Arguably the biggest story impacting the industrial market in 2019 was the third-quarter purchase of the 913-acre former Faraday Future site by Canadian-based firm H&R REIT. Located in the Apex Industrial Park, H&R REIT plans to begin construction on the site "immediately". Combined with the North Las Vegas Planning Commission approval of plans of industrial gas supplier Air Liquide for a \$150 million liquid nitrogen production plant, and an ongoing 12-mile waterline project scheduled to be completed in 2020, the North Las Vegas submarket inventory has potential to explode with new projects.⁷ There are currently more than 5.5 million square feet of industrial space under construction, and close to the same amount scheduled to be constructed in the Las Vegas Valley in 2020 and 2021. The majority of development is in the North Las Vegas submarket, though inventory is rapidly increasing in the Southwest submarket, west of I-15 and south of the 215 Beltway, as well. It is expected the friendly Nevada tax climate, notable tenants, and the ample space available for new tenants will continue to pull investors into Southern Nevada.

Architectural Billing Index (ABI)

Nationally, a good indicator of upcoming (nonresidential) construction is the architectural billing index. This index increases as the total dollar amount of billings from architectural firms increase. Generally, if the index is on the rise, construction starts will follow with a lag of about nine to twelve months. An index over 50 indicates an increase in billings.

The American Institute of Architects (AIA), reported that 2019 ended with architecture firms continuing to report strong billings. The December 2019 ABI score was 52.5, up slightly from 51.9 in November 2019. Looking regionally, the billing index in the West is at 54.0, the Midwest is at 51.9, the Northeast is at 44.0, and the South is at 52.2, which is generally encouraging with the exception of the Northeast which is reporting a decrease in design services⁸.

Construction Cost Indices

Rider Levett Bucknall (RLB). RLB reports for 4th quarter 2019 that the national construction cost index is 205.62, an increase of 5.2% over the 2018 index value of 195.48. This index is relative to a base of 100 set in April 2001. The 2019 Q4 report notes several warning signs contributing to economic uncertainty in the US and global markets. As reported, the 2019 federal budget deficit totaled \$984 billion, and the Treasury Department estimates it will surpass \$1 trillion in 2020; international developments, such as Brexit and volatility in the Middle East, will impact international markets as well as the domestic economy.⁹

RLB also tracks costs locally for 12 different major metropolitan areas including Las Vegas. The index tracks the true bid cost of construction, including labor, material, overhead costs and profit. The index for Las Vegas in October 2019 is 15,209, which is up (4.87%) from the October 2018 value of 14,503. The index has shown a steady upward climb from early 2012 to date⁹.

Engineering News Record (ENR). ENR provides a weighted aggregate index of the prices of constant quantities of structural steel, Portland cement, lumber and common labor. The base of the index is 100 set in 1913. They use data from 20 major metropolitan areas to compile their index. The index at the end of December 2019 is 11,381, which is 1.8% higher than the index value of 11,180 for December 2018. Richard Branch, chief economist at Dodge Data & Analytics, reports that "Through 11 months of 2019, construction starts continue to show signs of pulling back following nine years of growth".¹⁰

Regional Flood Control District (RFCD). The RFCD Construction Cost Index (CCI) tracks winning bids for three major types of flood control structures: concrete box culvert, concrete pipe and concrete channels. These facilities were chosen since they are the prevalent types of structures constructed with District funds. The base of the index is 100 set in FY 04/05. The index for FY 19/20 is 183, which is a 2% increase from the index in FY 18/19 of 179. The general trend of the CCI shows costs have steadily increased since bottoming out in FY 10/11. However, the trend appears to be flattening over the past three years.

Figure 2 – RFCD Construction Cost Index.

Figure 3 is a comparison between the average number of bidders per project versus the difference between the engineer’s estimate and the actual bid amount. Through March 2020, winning bid amounts averaged 12.9% below the engineer’s estimate. The average number of bidders increased to 8 bidders per project through the third quarter of FY 19/20. This average is trending up from a low of 5 bidders per project in FY 15/16, but well below the highest average number of bidders of 17.1 posted in FY 09/10. Historically bid prices tend to trend upward as the number of bidders decreases due to reduced competition among contractors making those bids.

Summary

Although there are some indicators of slowing, Southern Nevada's economy through December of 2019 included strong employment and population growth, robust consumer spending, increased personal income and high taxable sales. The District anticipates a drop in revenues over the next several months. After which, the local economy should start to recover from the effects of the COVID-19 shut-down and start to move back towards an upward economic trend for Southern Nevada.

CLARK COUNTY
REGIONAL FLOOD CONTROL DISTRICT
AGENDA ITEM

SUBJECT: PITTMAN NORTH DETENTION BASIN AND OUTFALL, PHASE III
PETITIONER: CITY OF HENDERSON
RECOMMENDATION OF PETITIONER: THAT THE REGIONAL FLOOD CONTROL DISTRICT APPROVE THE THIRD SUPPLEMENTAL INTERLOCAL CONTRACT FOR CONSTRUCTION TO EXTEND THE COMPLETION DATE FOR THE PITTMAN NORTH DETENTION BASIN AND OUTFALL, PHASE III – HEN16F17 (FOR POSSIBLE ACTION)

FISCAL IMPACT: None.

BACKGROUND:

On July 13, 2017, the District entered into an Interlocal Contract with the City to provide funding for construction and construction management for the Pittman North Detention Basin and Outfall, Phase III project. The Pittman North Detention Basin and Outfall Phase III project comprises of a 1,533 acre-ft detention basin, a 230-foot wide Labyrinth Weir and PMF Spillway, outlet structure, and outfall facility consisting of a 6' x 6' RCB culvert that transitions to a cast-in-place concrete pipe culvert, ranging in size from 96-to 120-inches in diameter, extending north in Bermuda Road then extending east along the south side of St. Rose Parkway to the existing culvert near Starr Road. The First Supplemental Interlocal Contract dated February 8, 2018 increased construction funding due to bids received, construction contingency, and increased construction management funding to reflect the bids. The First Supplemental also extended the project completion date. The Second Supplemental Interlocal Contract dated December 12, 2019 also extended the project completion date.

This Third Supplemental Interlocal Contract extends the project completion date from June 30, 2020 to December 31, 2020 to allow for project closeout.

FISCAL IMPACT:

None.

BACKGROUND:

On April 8, 2010 the Regional Flood Control District entered into an interlocal contract with Clark County to provide funding for design engineering, right-of-way and environmental mitigation for the subject project.

On July 11, 2015, a first supplemental interlocal contract was entered into increasing funding and extending the term of the contract.

This second supplemental interlocal contract will change the name of the project from Flamingo Wash, Industrial Road to Hotel Rio Drive to Flamingo Wash, UPRR to Hotel Rio Drive and extend the term of the contract for the project from June 30, 2020 to June 30, 2025. This is needed for continued design.

INTERLOCAL AGREEMENT WITH THE CITY OF LAS VEGAS, KCLV-CHANNEL 2

PETITIONER:

STEVEN C. PARRISH, P.E., GENERAL MANAGER/CHIEF ENGINEER

RECOMMENDATION OF PETITIONER:

APPROVE A NEW INTERLOCAL AGREEMENT WITH KCLV-CHANNEL 2 FOR THE TERM OF JULY 1, 2020 THROUGH JUNE 30, 2021 AND AUTHORIZE FUNDING IN THE AMOUNT OF \$89,900 FOR VIDEO TAPING NINE FEATURES AND EDITING THREE FLOOD CHANNEL TELEVISION SHOWS (FOR POSSIBLE ACTION)

FISCAL IMPACT: \$89,900 – Fiscal Year 2020-21

BACKGROUND:

The District has had a longstanding working relationship the City of Las Vegas, KCLV-Channel 2, to provide videotaping and editing of The Flood Channel television program that airs on government access cable stations. This is a new Interlocal Agreement reflecting the District's needs for more frequent use of video in shorter formats. This new Agreement allows the District to produce 10 minutes of video content for internal uses nine times a year and produce a full 30-minute show for broadcast three times a year.

KCLV-TV2 will perform the following services for the District:

- video tape and edit nine (9) months of content and produce three (3) television shows;
- store the District's video tape library;
- coordinate with the District for show production and direction, scheduling videographer and editing equipment; and
- provide supplemental services which may include videotaping of storm and/or special events.

INTERLOCAL AGREEMENT FOR VIDEO PRODUCTION SERVICES

THIS INTERLOCAL AGREEMENT FOR VIDEO PRODUCTION SERVICES (“Agreement”) is entered into this 1st day of July, 2020, by and between the CLARK COUNTY REGIONAL FLOOD CONTROL DISTRICT (the “District”) and CITY OF LAS VEGAS (“KCLV” referring to KCLV- Channel 2).

RECITALS

WHEREAS, the District desires to obtain the services of KCLV to provide required television production services, all as more specifically described below;

WHEREAS, the District’s Board of Directors’ (“the Board”), intent is to annually produce three (3) new television programs plus nine (9) episodes, 10 minutes each per month;

WHEREAS, said programs are designed to educate and inform the public of District programs that support the mission statement of the District;

WHEREAS, the District, as producer, will produce, write and direct, the District’s information television news show;

WHEREAS, the services provided under this Interlocal Agreement serve as an effective, complimentary campaign to the District’s on-going flood safety efforts;

WHEREAS, KCLV has the necessary experience and qualifications to perform the required television production services; and

WHEREAS, the District and KCLV desire to provide a full statement of their respective rights, obligations, and duties in connection with the performance of KCLV’s duties hereunder.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained in this Agreement, the parties do mutually agree as follows:

SECTION I: BASIC SERVICES

- A. The District in its sole discretion shall determine the number of shows KCLV will produce during the term of the contract. For each show the District desires, it will give a separate written notice to proceed for the show to KCLV. KCLV agrees to provide videographer, editor, and/or associated video production services to provide up to 3 (three) half-hour information television news shows and nine (9) 10 minute episodes described as follows for the District:
1. Three (3) of the shows will contain materials and elements from three (3) ten (10) minute segments, which is combined from three (3) months of the ten (10) minute individual segments; plus, anchor standups.
 - a. KCLV will coordinate with the District producer a minimum of 30 (thirty) days in advance regarding dates and times when the videographer will be available.

- b. The District will schedule video time fifteen (15) days in advance.
2. Production of each half hour show of three (3) ten (10) minute monthly segments will occur over a four (4) week period and use up to 40 (forty) hours of videographer and editor time.
3. Each full half hour show will air approximately eight and one half (8½) weeks, airing a minimum of twenty (20) times a month. The schedules will be determined by the District with the mutual agreement with KCLV.
4. KCLV will provide a vehicle to transport videographer and equipment to locations in the field throughout Clark County. This may include the District's Producer as a passenger in a KCLV vehicle.
5. KCLV agrees to produce a final product of twenty-eight minutes and thirty seconds (28:30) using the most current industry standards per show in a form and content acceptable to the District.
6. KCLV will keep a current catalogue of the B-roll videotaped for each show on the District owned computer server (Serial Number QP717014Y0T) located at KCLV.
7. KCLV agrees to provide the District six (6) DVD's of each completed show for local broadcast media outlets including, but not limited to CCTV-Channel 4, Boulder City, Laughlin, Mesquite, and Cox Cable.
8. KCLV agrees to provide all materials and supplies necessary to perform the services outlined in this Agreement.

SECTION II: SUPPLEMENTAL SERVICES

- A. The District may, at its sole discretion, desire the services of KCLV to provide additional video production services during the term of the Agreement. Additional services provided by KCLV will be performed upon request from the District in writing and KCLV will not perform such services until written approval by the District's General Manager is received. Any request for additional services above and beyond the agreed upon hours listed in Section I, BASIC SERVICES, will incur additional costs at the agreed upon hourly rate as stated in Section III, COMPENSATION AND TERMS OF PAYMENT. Those supplemental services may include, but are not limited to the following:
 1. Additional hour(s) of videographer time;
 2. Additional hour(s) of video equipment (EFP, Tri-Pod, Light Kit, and Microphone) time;
 3. Additional hour(s) of editor time;
 4. Additional hour(s) of editing equipment (Final Cut Pro);
 5. Additional hours(s) of graphics and/or miscellaneous time;
 6. Additional DVD or thumb drive copies of finalized District shows; and/or

7. Use of equipment to view and catalogue the District's video library.

SECTION III: COMPENSATION AND TERMS OF PAYMENT

- A. The maximum cost to the District for Basic and Supplemental Services shall not exceed Eighty-Nine Thousand Nine Hundred Dollars and No Cents (\$89,900.00) unless the District receives a written request, with justification, and the District approves a change in SECTION I, BASIC SERVICES and SECTION II, SUPPLEMENTAL SERVICES and an increase in compensation. If approved, a supplement to this AGREEMENT must be executed.
 1. For Basic Services, the District agrees to pay KCLV on a per monthly basis, for three (3) full half hour shows and nine (9) ten 10 minute segments as follows:

Sixteen Thousand One Hundred and Fifty Dollars and No Cents (\$16,150.00) per half hour show for shows produced in October, February, and June and Four Thousand Fifty Dollars and No Cents (\$4,050.00) per 10 minute segments for the remaining months of July, August, September, November, December, January, March, April and May defined in Section I: Basic Services, A.1 for a total amount not to exceed Eighty-Four Thousand Nine Hundred Dollars and No Cents (\$84,900.00).
 2. Supplemental Services in the amount not to exceed Five Thousand Dollars and No Cents (\$5,000.00), the District agrees to pay as follows:
 - a. Videographer time at a rate of Seventy Five Dollars and No Cents (\$75.00 per hour);
 - b. Video equipment time which includes as a minimum a Video Camera, Tripod, Light Kit, and Microphone (EFP) at a rate of Five Hundred Dollars and No Cents (\$500.00) per day;
 - c. Editor time at a rate of Seventy Five Dollars and No Cents (\$75.00) per hour;
 - d. Editing equipment (Final Cut Pro) time at a rate of Two Hundred Dollars and No Cents (\$200.00) per hour;
 - e. Graphic work and/or miscellaneous equipment time at a rate of Seventy Five Dollars and No Cents (\$75.00) per hour;
 - f. Additional DVD copies of finalized District shows as follows:
 - DVD disc at One Dollar and No Cents (\$1.00) each; USB drive at Ten Dollars (\$10.00);
 - Dubbing costs at a rate of Twenty Five Dollars and No Cents (\$25.00) per hour; and/or
 - Equipment to view and catalogue the District's video library at a rate of Twenty Dollars and No Cents (\$20.00) per hour.
- B. Compensation for work on Basic and/or Supplemental Services will be paid upon successful completion of the work as solely determined by the District. Payment will be made within fifteen (15) days upon receipt of invoice from KCLV.

SECTION IV: TERMS AND TERMINATION

- A. The term of this Agreement is for television production services effective July 1, 2020 through June 30, 2021 (the "Term"). The District shall have the right and option to extend this Agreement one (1) additional time for the term of July 1, 2021 through June 30, 2022, if the option is exercised at any time prior to the expiration of this Agreement, the District Board of Directors approves sufficient funds in its Annual Budget and the District's General Manager provides written notification to KCLV to extend the Agreement for one (1) additional year.
- B. The District or KCLV may, with or without cause, terminate this Agreement at any time prior to completion by KCLV of the services required herein upon thirty (30) days written notice in advance.
- C. In the event this Agreement is terminated, KCLV will be compensated for all work satisfactorily performed and completed to the effective date of termination.

SECTION V: MISCELLANEOUS PROVISIONS

- A. KCLV agrees to secure any and all necessary approvals and permissions for any copyrighted material secured by KCLV to be used in The Flood Channel shows.
- B. The District agrees to secure any and all necessary approvals and permissions for the use of any copyrighted materials supplied by the District to KCLV specifically but not limited to flood footage obtained from local broadcast network affiliates to be used for the services provided herein.
- C. KCLV will provide the station's hours of operation and agree to allow the District staff and Producer to be on KCLV's property only when other KCLV staff members are present. This may include weekends or after normal business hours.
- D. KCLV will allow the District staff and Producer to park in the City of Las Vegas' employee parking lot.
- E. KCLV agrees to store new B-roll footage shot as part of this Interlocal Agreement for future use for The Flood Channel in digital and Beta tape format. KCLV also agrees to store the District's library of approximately three hundred (300) B-roll Beta tapes. Storage of new and old tapes will be for the term of this Agreement.
- F. KCLV agrees that it shall not enter collateral, artwork, or other products developed under this Interlocal Agreement in any contest, award program, or the like without the written authorization of the District.
- G. KCLV agrees to obtain District approval on all material prior to release. All materials are to be carefully inspected by KCLV for the highest level of technical expertise in television production. KCLV agrees to abide by the determination of the District to remove or revise

any objectionable portions of the recording in accordance with the District's direction and approval. KCLV agrees that any broadcast of the recording will only be in the context and form it was presented to the District.

- H. The District currently has a logo, which needs to be utilized for the performance of this Interlocal Agreement. No modifications to the logo will be allowed unless approved in writing by the District.
- I. KCLV is at all times operating as an independent contractor and at no time is operating as an employee or agent of the District.
- J. KCLV agrees that the District's official name may not be used as an endorsement of any product or service. KCLV may not use or refer to the District by any fictitious name or attribute fictitious events to the District.
- K. KCLV agrees to comply with all local, state and federal laws, including but not limited to regulations, standards, rules, codes, ethics and regulations regarding and related to industry standards, including but not limited to recording, copying, editing, translating, communication, broadcasting, reporting, production and reproduction.
- L. KCLV may retain employees or other professional service providers to perform the services required by this Agreement. Such employees or other professional service providers will be the obligation of KCLV. The District will not be a party to any Interlocal Agreement with outside agent and the total cost of this Interlocal Agreement shall not be increased due to the utilization of an outside agent.
- M. Any and all program rights, videotape shot by KCLV, documents, art work, rights to art work and other products prepared and/or submitted by KCLV to the District, and all information acquired by KCLV per the Interlocal Agreement, become property of the District. KCLV may retain copies and reproducible copies of all work products produced as a result of the work. In the event of the completion and/or termination of the Interlocal Agreement, all documents produced shall become the property of the District. KCLV agrees to surrender all such documents to the District in a timely manner, and at no charge, at the request of the District. Videotape provided to KCLV by other broadcast outlets are copyrighted materials owned by those outlets and remain with the District for its sole use.
- N. In accordance with the Federal Communications Commission equal time doctrine, and Nevada Revised Statutes ("NRS") the Board reaffirms that once District Board members or anyone files for an elected office, he/she will not appear on any subsequent District television program until after the results of that election are final.

SECTION VI: ASSIGNMENT

This Agreement may not be assigned by either party without the express written consent of the other party.

SECTION VII: NOTICE

Any notice required or permitted by this Agreement shall be in writing and shall be deemed given at the time it is deposited in the United States Mail, postage prepaid, certified or registered mail, return receipt requested, addressed to the party to whom it is to be given as follows:

SECTION VIII: NON-EXCLUSIVE AGREEMENT

KCLV agrees that its employees shall devote such time to the performance of its duties under this Agreement as is reasonably necessary. Nothing herein shall be construed as a limitation upon the right of KCLV to engage in any other consulting agreement, service agreement, business venture or other activity.

SECTION IX: APPLICABLE LAW

This Agreement will be interpreted and enforced under Nevada Law. Jurisdiction for judicial review under this Agreement shall rest exclusively with the Eighth Judicial District Court, County of Clark, State of Nevada.

SECTION X: MODIFICATION OF INTERLOCAL AGREEMENT

This Interlocal Agreement may not be changed or modified except by written instrument executed by both parties.

SECTION XI: NO THIRD PARTY RIGHTS

This document shall not create any right in or benefit to parties other than the District and KCLV.

SECTION XII: COMPLETE AGREEMENT

A. This Agreement embodies the whole agreement between the parties.

19. **Comments By the General Public**

This is a period devoted to comments by the general public about matters relevant to the Regional Flood Control District Citizens Advisory Committee jurisdiction. On March 22, 2020, the State of Nevada Executive Department issued Declaration of Emergency Directive 006, which suspends the requirement contained in Nevada Revised Statute (NRS) 241.023(1)(b) that there be a physical location designated for meetings of public bodies where the public can attend and participate. Subsequent Emergency Directives 010, 016 and 018 have extended Emergency Directive 006 to May 30, 2020.

In accordance with the Notice of Public Meeting, public comments may be submitted via email at the following address: publiccomment@regionalflood.org. Comments will be read into the record and will become part of the written record. No vote may be taken on a matter not listed on the posted agenda.
